CHAIRMAN'S MESSAGE

The Muglad-Sudan rift basin is the most widely explored basin in South Sudan

CHAIRMAN'S MESSAGE

"We reaffirm our commitment to excellence in the coming year with the determination to sustain our success and momentum."

Address of the Chairman at 53rd Annual General Meeting of the Company

Address of the Chairman at 53rd Annual General Meeting of the Company

Dear Shareholders,

It gives me immense pleasure to welcome you to the 53rd Annual General Meeting of ONGC Videsh Limited.

The Annual Report of the Company for the Financial Year ending 31st March 2018, along with the Board's Report, Audited Annual Accounts, Auditors' Report and Management Discussion & Analysis Report have been in the public domain for some time now and circulated to you. With your permission, I assume them to be read.

To begin with, let me spend a few minutes briefly outlining the global industry environment during the year:

Industry Scenario

After an extended period of slowdown following the oil price crash, the petroleum industry, particularly E&P sector, witnessed a strong pickup in investments and project approvals during the past one year. This recovery has come on the back of sustained increase in oil prices in global markets. At over US$75 a barrel, oil prices today are 50% higher than they were a year ago and by over 150% compared to the lows of US$30 a barrel in early 2016. While the late-2016 decision to implement a production cut arrangement by OPEC and a few other major non-OPEC producers led by Russia kick-started the price recovery, geopolitics too has played a major role in influencing and supporting this rally in prices. Deteriorating political and economic situation in Venezuela and the US administration's decision to reimpose the sanctions regime on Iran threaten to pull out substantial supplies of oil from the market at a time when global economic growth is accelerating and demand for the commodity is robust.

Global decline in capital expenditure during the downturn is also beginning to impact the supply pipeline of the future. It is estimated that globally the exploration spending fell by more than 60%, from a high of US$153 billion in 2014 to about $58 billion in 2017. The volume of new oil and gas discoveries during 2017 is the lowest since the early 1950s. While supply overhang has been contained for now, there is a distinct possibility of a deficit down the road in the face of continued demand expansion in the near-term despite significant projected supply additions from places like US and Brazil. International Energy Agency (IEA) expects the crude oil demand to grow at an average annual rate of 1.2 mb/d and projects that by 2023 total demand will reach 104.7 mb/d, up 6.9 mb/d from 2018 level. Moreover, the world will also have to replace 3 mb/d loss due to mature field declines. IEA expects that if investments remain insufficient, the effective global spare capacity cushion will fall to only 2.2% of demand by 2020, the lowest number since 2007.

But, exploration activity is picking up with the turnaround in crude prices. Some of the recent discoveries such as Ranger by Exxon Mobil in Guyana, Whale by Shell and Ballymore by Chevron in US Gulf of Mexico and Zama by Talos and Amoca-Mizton-Tecoalli by ENI in Mexico have boosted the confidence of the industry and brought the focus back on exploration. In gas, Yakaar by Kosmos BP and Calypso by ENI have been significant discoveries. The price downturn forced explorers to reassess and adapt their exploration strategy and focus. There appears to be more discipline in exploration efforts now. As per energy consultancy Wood Mackenzie, exploration costs have more or less halved, and wildcats in frontier areas are almost certainly being avoided. Companies are now focusing on plays where discoveries have a clear path to commercialization. The industry is high-grading and sharpening its strategies. However, considering the volatility, recovery in exploration activities is expected to be slow and cautious.

Movement and sustenance of the prices above breakeven has also given a new boost to the projects under development. As per Wood Mackenzie, 32 projects have reached FID in 2017, which represents an over threefold increase from the lows of 2015. The trend is expected to continue – 15 major fields have already made by May 2018. Most of the new projects are gas-dominant, particularly offshore Asia and onshore Middle East. Projects have also gotten leaner and smaller - average project size has fallen to 265 mmboe, costing an average US$ 2.0 bn in investment, both are less than the numbers in 2017.

General uncertainty around oil price movement, a lack of financing options and a distinct lack of buyer-seller consensus on asset valuations had adversely impacted the M&A activities in the industry during the price downturn. M&A activities hit bottom in 2015 when only 334 deals were transacted globally, one third down on the three prior years, as per Wood Mackenzie. If one excludes the Shell-BG deal, total spend that year was only US$ 55 billion, the lowest for a decade. Activity has picked up during 2016 and 2017, averaging 400 deals, with a total deal value of US$128 Billion and US$143 bn respectively, close to the annual average for the decade. While most of the M&A activities recently have been focused in the USA, other regions have also experienced a sharp uptick.

There has emerged a consensus on valuation price in broad alignment of around US$60-70 / bbl Brent as the range. However M&A activities during the current year have been constrained by two broad factors. First, the recent geopolitics-led price volatility is starting to affect the consensus view on future prices and, secondly, the general uncertainty surrounding the evolution of the global energy mix is prompting companies to prioritize returns and cash generation instead of committing investments for future growth. That being said, an uptick in M&A activity is expected upon reduction in the volatility of prices and geopolitical stress.

Shale revolution has become a pathbreaking phenomenon throughout the past few years. Analysts have predicted that riding on shale boom, U.S. could become the world's largest oil producer in 2018, surpassing Saudi Arabia and Russia. While the EIA continues to forecast large increases in US shale oil production, particularly from the Permian Basin, an increasing number of observers, such as the Wall Street Journal are warning that increasing costs and limitations on infrastructure will limit the pace at which US shale oil production can be increased.

Renewable energy sources are also going through a resurgent phase. Moreover, post the Paris climate deal, here is a growing realization that renewables are going to play a major role in a sustainable future energy mix. However, in view of the constantly evolving technologies in that domain, there is a lack of clarity on the roadmap for energy transition, timelines and commercial success of those technologies.

Overall, the industry appears to be emerging out of a difficult phase and heading towards a brighter and more stable future. While emerging disruptive technologies are bringing in challenges, industry is resiliently adapting itself to the changes and emerging stronger with the new learnings. In this rapidly evolving business environment, the industry is growing its strengths by adopting and promoting new ideas and innovations to maintain its leading stature in the energy paradigm of the future.

Let me now brief you about the performance of the Company.

New Acquisitions

Lower Zakum Concession, Abu Dhabi - UAE

A consortium led by Your Company and comprising of Indian Oil Corporation Limited and Bharat Petro Resources Limited has acquired 10% PI in the Lower Zakum Project in UAE, through their respective subsidiaries. Total PI of 10% is divided among the partners as ONGC Videsh- 4%, IOCL- 3% and BPRL-3%. Concession and Transaction documents for the project have been signed on 10th February 2018 at Abu Dhabi in the presence of Honorable Prime Minister of India Shri Narendra Modi and His Highness Sheikh Mohamed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi. The project is currently producing about 370,000 Bopd. The Concession has a term of 40 years with an effective date of 9th March 2018.

ONGC Nile Ganga B.V., a wholly owned subsidiary of your Company, has acquired the PI on behalf of your company. A company Falcon Oil and Gas BV (FOGBV) has been incorporated in Netherlands on 6th February 2018 by the Indian consortium for Lower Zakum Concession. ONGC Nile Ganga BV (ONGBV) holds 40%

shares in Falcon Oil and Gas BV on behalf of ONGC Videsh and both IOC and BPRL hold 30% shares each through their respective Dutch subsidiaries.

FOGBV's share of Entry Fees in proportion to its stake in Concession is USD 600 Million out of which your Company's share is USD 240 Million. OPCO (ADNOC Offshore) is the operator of Lower Zakum. The shareholders in Lower Zakum are ADNOC: 60%, Falcon Oil and Gas B.V: 10%, INPEX (JODCO): 10%, CNPC: 10%, Total: 5%, and ENI: 5%.

The present transaction marks the entry of your Company in Abu Dhabi and is consistent with its stated strategic objective of adding high quality international assets to its existing E&P portfolio.

PEL 0037, Namibia

Your Company has acquired 30% Participating Interest (PI) in Namibia Petroleum Exploration License 0037 for Blocks 2012B, 2112A, and 2113B, Offshore Namibia from Tullow Namibia Limited (Tullow), a wholly owned subsidiary of Tullow Oil plc. Tullow with remaining 35% PI shall continue to remain the operator of the License. Pancontinental Namibia (Pty) Limited with 30% PI and Paragon Oil and Gas (Pty) Limited with 5% PI are other partners in the License.

The completion of the present transaction marks the entry of your company in Namibian offshore and is consistent with its strategic objective of adding high impact exploration and production assets to its existing E&P portfolio.

Block 32, Israel

Your Company as Operator and Consortium Leader in a Consortium with Bharat Petro resources Limited (BPRL), Indian Oil Corporation Limited (IOC) and Oil India Limited (OIL) has been awarded the Block-32 in 1st Offshore Israel Licensing Round with 25% PI with each consortium partner. License has been granted for three years with an option to extend for a further three years. The transactions strengthen the presence of your Company in Africa and Middle East and is consistent with its stated strategic objective of adding international assets to its existing E&P portfolio.

Performance:

Significant performance highlights since last Annual General Meeting are as under:

Your Company has produced approx. 269,518 barrels of oil and oil equivalent gas per day during FY'18 and has total oil and gas (2P) reserves of about 711.36 MMtoe as on 1st April 2018. During FY'18, there has been an increase in oil and gas production by 10.6% (Oil 10.9% and Gas 10.1%) as compared to previous fiscal year FY'17.

Your Company's consolidated net worth has increased to ₹ 464,303.83 Million as on 31st March, 2018 as compared to ₹ 457,530.54 Million as on 31st March, 2017.

Your Company's share of proved reserves as on 1st April 2018 stood at 287.131 MMtoe (O+OEG) as compared to 271.230 MMtoe as against previous year.

On the financial front, your Company has made a profit of ₹ 9,815 million as compared to profit of ₹ 7,573 million during previous year. The higher profit was mainly on account of higher production, better oil price and impairment reversal during the year.

The numbers clearly underline the solid health of your Company's business and I am sure you share my sense of satisfaction of yet another successful year.

Corporate Governance:

Your Company believes that good corporate governance goes beyond compliance of the provisions of various laws and therefore strives to inculcate the practice of transparency in conduct of its business practices.

Your Company became compliant with composition of Board and Board committees effective 15th September, 2017. Being a Government Company, appointment of Independent Directors were to be made by the Government of India. Ministry of Petroleum & Natural Gas (MoP&NG) vide letter dated 8th September 2017 conveyed its approval for appointment of three Non-official Independent Directors and the Board inducted them w.e.f. 15th September 2017. Hence, composition of Board and Board Committee(s) has been complied in terms of provisions of Companies Act, 2013 and the DPE Guidelines on Corporate Governance, 2010.

International Alliances:

Your Company has entered into significant Memorandum of Understandings (MoUs) with TPAO, PEMEX, GEOPARH among others during the year to strengthen its alliance with global partners and shall continue to engage in more and more such alliance:

Acknowledgements:

On behalf of the Board of Directors, I would like to acknowledge with deep appreciation the valuable guidance and support extended by the Government of India, especially the Ministry of Petroleum & Natural Gas, Ministry of Finance, Ministry of External Affairs, Indian Embassies/ High Commissions abroad and the Reserve Bank of India etc. Your Company also wishes to place on record its deep sense of appreciation for the credible services by the employees of your Company. Your Company recognizes that the achievements of your Company have been possible with support from the parent company, Oil and Natural Gas Corporation Limited.

We reaffirm our commitment to excellence in the coming year with the determination to sustain our success and momentum.

With best compliments,

Sd/-

(Shashi Shanker)

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The following Statements set out all material facts relating to the special Business mentioned in the accompanying Notice:

ITEM NO. 6: APPOINTMENT OF SHRI SHASHI SHANKER

Shri Shashi Shanker was appointed as an Additional Director (designated as Non-Executive Chairman) on the Board of ONGC Videsh Limited with effect from 12th October, 2017 in terms of Article 12-A of the Articles of Association of the Company.

In terms of Section 161 of the Companies Act, he has been appointed on the Board of ONGC Videsh and holds office up to the date of 53rd Annual General Meeting of the Company.

BRIEF RESUME

Shri Shashi Shanker is the Chairman and Managing Director (CMD) of one of the biggest Maharatna PSU - Oil and Natural Gas Corporation Ltd (ONGC) and also the Chairman of ONGC Group of Companies. Before occupying the position of CMD, he was on the Board of ONGC as Director (T&FS). He is an industry veteran with over 37 years of experience in diverse E&P activities.

He is a Petroleum Engineer from Indian School of Mines (ISM), Dhanbad. He also holds a MBA degree with specialisation in Finance. He has also received Executive Education from prestigious institutes like IIM, Lucknow and ISB, Hyderabad.

He has progressed through senior management roles in various work centers viz. Institute of Drilling Technology, Dehradun; West Bengal Project; Assam Project and Deep Water group at Mumbai. He was acclaimed for his performance in spearheading the deep/ultra-deep water campaign of ONGC which was christened 'Sagar Samriddhhi'. Under his leadership, ONGC drilled the deepest deep water well covering a water depth of 3174m - a world record till date. He also led the team to one of the finest Drilling performance in FY'17 when ONGC set a new record of drilling over 500 wells.

Under his guidance, ONGC led the delivery of cutting-edge IT solutions that drive growth, streamline performance and promote efficiency. Various path breaking initiatives were taken to strengthen the IT platforms like SCADA, ERP (SAP), EACS etc. During his tenure, ONGC conceptualized an ambitious companywide project called "DISHA" for creation of a paperless office platform, the implementation of which is now underway and likely to reach its completion phase shortly.

He is a member of the High Powered Steering Committee for the flagship initiatives of Govt. of India viz. "Make-in-India" and "Start-Up-India". As Chairman ONGC Videsh, he signed a landmark Concession agreement for award of 10% Participating Interest in one of Abu Dhabi's biggest offshore oil concessions (Lower Zakum) to Indian consortium in which ONGC Videsh holds 40% Shares.

Shri Shashi Shanker successfully spearheaded the acquisition of 51.11% Govt. stake of HPCL during 2017-18. He is also the Chairman of MRPL, OTPC, OMPL, MSEZ, OPaL. Besides various other bodies like FIPI, GCNI etc. he is also on the Board of PLL. His vision and dynamic attributes have helped in making numerous operational and policy initiatives and steering the Company through many milestones. As CMD of ONGC, he has set his priority towards developing the East Coast discoveries, rejuvenating the mature fields of Western Offshore and Onshore and improvement in reservoir management.

Shri Shashi Shanker also holds directorship in ONGC.

He does not hold, together with his relatives, two percent or more of the total voting power of the Company.

Except Shri Shashi Shanker, none of the Directors, Key Managerial Personnel(s) of the Company and/ or their relatives are in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of the Notice.

The Board of Directors considers that in view of the background and experience of Shri Shashi Shanker, it would be in the interest of the Company to appoint him as a Director of the Company. The Board recommends the resolution for your approval..

ITEM NO. 7: APPOINTMENT OF DR. KUMAR V. PRATAP

Dr. Kumar V. Pratap was appointed as an Additional Director (Govt. Nominee Director) on the Board of ONGC Videsh Limited with effect from 16th January 2018 in terms of letter no. C-31033/1/2016-CA/FTS: 42979 dated 16th January 2018 issued by the Ministry of Petroleum & Natural Gas, Government of India.

In terms of Section 161 of the Companies Act, he has been appointed on the Board of ONGC Videsh and holds office up to the date of 53rd Annual General Meeting of the Company.

BRIEF RESUME

Dr. Kumar V Pratap is Joint Secretary (Infrastructure, Policy, Finance, and Energy), Ministry of Finance, Government of India. Earlier, he has worked with the Prime Minister's Office, Ministries of Finance and Urban Development, and Planning Commission (all at New Delhi), and the World Bank and Embassy of India (both at Washington DC). He has lectured at the University of Michigan (Ann Arbor), London School of Economics, Singapore Management University, Lee Kuan Yew School of Public Policy (Singapore), Duke University (North Carolina), University of Maryland (College Park), University of South Carolina (Columbia), World Bank (Washington DC), Indian Institute of Management (IIM, Lucknow), IIM (Indore),and National Academy of Administration (Mussoorie). He takes a series of ten lectures every year on 'Infrastructure and the Private Sector' at the Indian School of Business (Hyderabad and Mohali).

He has been part of many Government of India committees in the infrastructure sectors including the Task Force for setting up a Road Regulator, and the chair of the Committee writing the Model Concession Agreement for Public-Private Partnerships (PPPs) in the Urban Water Supply sector. He is on the Board of Directors of India Infrastructure Finance Company Limited and Indian Railway Finance Corporation Limited as Govt. Nominee Director and Asian Infrastructure Investment Bank (Beijing) as alternate Director.

He has published with Oxford University Press, World Bank, University of Melbourne, Economic and Political Weekly, and the popular press including Economic Times and Business Standard. He has recently written a book titled 'PPPs in Infrastructure - Managing the Challenges' that has been published by Springer (Singapore) in January 2018. He is a recipient of University of Melbourne's Emerging Leaders Fellowship, University of Maryland's John J Sexton and Doctoral Fellowships, a letter of appreciation from the Indian Prime Minister, and the National Talent Search Examination (NTSE) scholarship.

He is an MBA from Indian Institute of Management (IIM), Lucknow (1987) and a Ph.D from University of Maryland, College Park, USA (2011).

He does not hold, together with his relatives, two percent or more of the total voting power of the Company.

Except Dr. Kumar V. Pratap, none of the Directors, Key Managerial Personnel(s) of the Company and/ or their relatives are in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 7 of the Notice.

The Board of Directors considers that in view of the background and experience of Dr. Kumar V. Pratap, it would be in the interest of the Company to appoint him as a Director of the Company. The Board recommends the resolution for your approval.

BOARD'S REPORT

ONGC Videsh has established itself as a credible operator in Latin America

DEAR MEMBERS,

It gives me immense pleasure in presenting before you, on behalf of the Board of Directors of your Company, the 53rd Annual Report on the business and operations of ONGC Videsh Ltd. (ONGC Videsh) for the financial year ended 31st March, 2018, together with the Annual Financial Statements, the Auditors' Report thereon and the comments on the Accounts by the Comptroller and Auditor General of India (C&AG).

1. PERFORMANCE HIGHLIGHTS

ONGC Videsh has produced approx. 269,518 barrels of oil and oil equivalent gas per day during FY'18 and has total oil and gas (2P) reserves of about 711.36 MMtoe as on 1st April 2018. During FY'18, there has been an increase in oil and gas production by 10.6% (Oil 10.9% and Gas 10.1%) as compared to previous fiscal year FY'17.

ONGC Videsh's share in production of oil and equivalent gas (O+OEG), together with its wholly-owned subsidiaries, ONGC Nile Ganga B.V., ONGC Amazon Alaknanda Limited, Imperial Energy Limited, Carabobo One AB and ONGC Videsh Singapore Pte. Ltd. was 14.164 MMtoe during FY'18 as compared to 12.803 MMtoe during FY'17. The overall oil production increased from 8.434 MMt during FY'17 to 9.353 MMt during FY'18 (10.9% higher) and gas production was increased from 4.369 BCM during FY'17 to 4.811 BCM during FY'18 (10.1% higher).

At Sakhalin-1, an offshore field in Russia

During FY'18, the Company has made a profit of ₹ 9,815 million as compared to profit of ₹ 7,573 million during previous year. The turnaround was mainly on account of higher production, better oil price, profit from acquisition of 26% stake in Vankorneft project in Russia and impairment reversal during the year.

4. NEW ACQUISITIONS

4.1 PEL 0037, Namibia

Your Company has acquired 30% Participating Interest (PI) in Namibia Petroleum Exploration License 0037 for Blocks 2012B, 2112A, and 2113B, Offshore Namibia from Tullow Namibia Limited (Tullow), a wholly owned subsidiary of Tullow Oil plc. Tullow with remaining 35% PI shall continue to remain the operator of the License. Pancontinental Namibia (Pty) Limited with 30% PI and Paragon Oil and Gas (Pty) Limited with 5% PI are other partners in the License.

The completion of the present transaction marks the entry of your company in Namibian offshore and is consistent with its strategic objective of adding high impact exploration and production assets to its existing E&P portfolio.

4.2 Lower Zakum Concession , Abu Dhabi - UAE

A consortium led by Your Company and comprising Indian Oil Corporation Limited and Bharat Petro Resources Limited has acquired 10% PI in the Lower Zakum Project in UAE, through their respective subsidiaries. Total PI of 10% is divided among the partners as ONGC Videsh- 4%, IOCL- 3% and BPRL-3%. Concession and Transaction documents for the project has been signed on 10th February 2018 at Abu Dhabi in the presence of Honorable Prime Minister of India Shri Narendra Modi and His Highness Sheikh Mohamed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi. The project is currently producing about 370,000 Bopd. The Concession has a term of 40 years with an effective date of 9th March 2018.

ONGC Nile Ganga B.V., a wholly owned subsidiary of your Company, has acquired the PI on behalf of your company. A company Falcon Oil and Gas BV (FOGBV) has been incorporated in Netherlands on 6th February 2018 by the Indian consortium for Lower Zakum Concession. ONGC Nile Ganga BV (ONGBV) holds 40% shares in Falcon Oil and Gas BV on behalf of ONGC Videsh and both IOC and BPRL hold 30% shares each through their respective Dutch subsidiaries.

FOGBV's share of Entry Fees in proportion to its stake in Concession is USD 600 Million out of which your Company's share is USD 240 Million. OPCO (ADNOC Offshore) is the operator of Lower Zakum. The shareholders in Lower Zakum are ADNOC: 60%, Falcon Oil and Gas B.V: 10%, INPEX (JODCO): 10%, CNPC: 10%, Total: 5%, and ENI: 5%.

The present transaction marks the entry of your Company in Abu Dhabi and is consistent with its stated strategic objective of adding high quality international assets to its existing E&P portfolio.

4.3 Block 32, Israel

Your Company as Operator and Consortium Leader in a Consortium with Bharat Petro resources Limited (BPRL), Indian Oil Corporation Limited (IOC) and Oil India Limited (OIL) has been awarded the Block-32 in 1st Offshore Israel Licensing Round with 25% PI. License has been granted for three years with an option to extend for a further three years. The transactions strengthen the presence of your Company in Africa and Middle East and is consistent with its stated strategic objective of adding high quality international assets to its existing E&P portfolio.

5. PRODUCING ASSETS

5.1 Block 06.1, Vietnam

Block 06.1 is an offshore Block located 370 km southeast of Vung Tau on the southern Vietnamese coast with an area of 955 SKM. The exploration License for Block 06.1 was acquired by your Company in 1988. The present Partners are - ONGC Videsh 45%, Rosneft Vietnam B.V. 35% (Operator) and Petro Vietnam 20%. Lan Tay field in the Block was developed and the commercial production started in January, 2003. Development of Lan Do field in the Block was completed during FY'13 with commencement of first gas production from 2 wells on 7th October 2012. Your Company's share of condensate and oil equivalent gas production from the block was 1.425 MMtoe during FY'18 as compared to 1.502 MMtoe during FY'17. Besides, exploration activity is also being undertaken in the Block, the drilling of exploratory well (PLDD-1X) has been completed in April 2016 with gas discovery in Phong Lan Dai (PLD) Field. Field Development Plan (FDP) including development of PLD and Lan Do infill has been approved and drilling for the same is in progress, the first gas target is October 2018.

A non-binding Memorandum of Understanding (MOU) has been signed among ONGC Videsh, Rosneft Vietnam and PVN relating to further exploration activities in and under Block 06.1 PSC for exploration in Clastics Prospects.

Your Company's share of cumulative investment in the block was ₹ 23,699 million (USD 484.26 million) till 31st March, 2018.

5.2 Sakhalin-I, Russia

Sakhalin-1 is a large oil and gas field in Far East offshore in Russia, spread over an area of approx. 1,146 sq km. ONGC Videsh acquired 20% stake in the field in July, 2001. Your Company holds 20% PI in the field while Exxon holds 30% PI (Operator); SODECO, a consortium of Japanese companies' holds 30% and remaining 20% PI is held by Rosneft, the Russian National Oil Company. The project includes three offshore fields - Chayvo, Odoptu and Arkutun Dagi. The first phase of Sakhalin-1 Chayvo field was developed and production started in October, 2005. Odoptu first stage production started in September, 2010. First oil from third field, Arkutun Dagi started on 4th January, 2015. Your Company's share of oil and oil equivalent gas production from the project was 2.450 MMtoe during FY'18 as compared to 2.364 MMtoe during FY'17. Your Company's share of investment in the project was ₹ 359,370 million (USD 7,086.74 million) till 31st March, 2018.

5.3 Greater Nile Oil Project (GNOP), Sudan

Your Company acquired 25% PI in the GNOP, Sudan through its wholly owned subsidiary ONGC Nile Ganga BV (ONGBV) on 12th March, 2003. Other partners in this project are CNPC (40% PI), Petronas (30% PI) and Sudapet (5% PI). GNOP consisted of the upstream assets of on-land Blocks 1, 2 & 4 spread over 49,500 sq. km in the Muglad Basin, located about 780 km South-West of the capital city of Khartoum in Sudan.

GNOP in Sudan is jointly operated by all partners through a Joint Operating Company 'Greater Nile Petroleum Operating Company' (GNPOC) registered in Mauritius.

The contract area of GNOP got divided between Sudan and South Sudan after division of the Country in July 2011, in respect of geographical locations. The northern contract areas of Blocks 1, 2 & 4, which now remain in Sudan, have major processing facilities and crude oil transportation system including 6 Pump stations and export terminal at Port Sudan.

Since the year 2012, a part of Foreign Partner's (FPs) share of oil is purchased by Government of Sudan (GOS), to meet the refinery requirement. However, the payment of dues on account of crude oil purchased by GOS has not been received and your Company's share of the outstanding dues is about USD 359.77 million as on 31st March, 2018. Your Company along-with other FPs have been continuously pursuing the matter with GOS for settlement of the outstanding dues. ONGC Videsh has served the Commercial and Legal Notices followed by Notice Invoking Arbitration to the GOS for payment of outstanding dues and would follow up with available options for dues recovery.

FPs had applied for 5 years extension of the license period of Block 2B in Sudan as per provisions in the Exploration and Production Sharing Agreement (EPSA) with GOS dated 1st March 1997. But GOS did not agree to grant extension. Subsequently, the 20 years license period of Block 2B expired on 29th November 2016. As per directives from GOS, GNPOC looked after the field operations of Block 2B till handing over of Block 2B operations to a GOS nominated company namely 'PETCO' on 30th November 2017.

Your Company's share in oil production from GNOP, Sudan was 0.282 MMT during FY'18 as compared to 0.481 MMT during FY'17.

5.4 Greater Pioneer Operating Company (GPOC), South Sudan

The southern contract areas of GNOP comprising Blocks 1, 2 & 4 are situated in South Sudan. The Project is jointly operated by all partners through a Joint Operating Company 'Greater Pioneer Operating Company' (GPOC) registered in Mauritius. Your Company holds 25% PI in GPOC through its wholly owned subsidiary ONGC Nile Ganga B.V. Other partners in the project are CNPC (40%), Petronas (30%) and Nilepet (5%).

South Sudan, being a land locked country, is dependent on Sudan's Crude Oil Pipeline System for evacuation of its crude oil for export through Export Terminal at Port Sudan.

Due to internal conflict and the deteriorating security situation in South Sudan, the Production activities are continued to be under shutdown. As per reports, the field facilities are badly damaged and may take 6 - 8 months' time for restoration after getting the security clearance.

Due to shut-down condition, there was no production from the South Sudan fields during FY'18.

Government of South Sudan (GOSS) has offered extension of the license period of Blocks 1, 2 & 4 in South Sudan for 67 months as compensation for the lost period. GOSS also agreed for extension of the exploration period of Blocks 1, 2 & 4 for 612 days after expiry of the current period in June 2018. Further, GOSS has granted 5 years extension of the contract period as per provisions in the EPSA. GOSS has asked FPs to start the resumption activities immediately and during the year, a Signature bonus of USD 6.25 Million (Share of ONGC Videsh) has been paid for extending the EPSA.

Currently, FPs are pursuing with GOS and GOSS for resolving of the outstanding issues of the project including deployment of adequate security in the field and technical and material support from GNPOC, Sudan before resumption of production from GPOC.

The cumulative investments in the GPOC after bifurcation from GNPOC, Sudan was ₹ 1,566.30 million (USD 25.35 million) till 31st March, 2018.

5.5 Block 5A, South Sudan

Your Company holds 24.125% PI in Block 5A in South Sudan which was acquired from OMV Aktiengesellschaft of Austria on 12th May, 2004. Block 5A is located in the prolific Muglad basin and spread over an area of about 20,917 sq. km. Other partners in the Block are Petronas (67.875% PI) of Malaysia and Nilepet of South Sudan (8% PI).

A drill site in Sudan

Block 5A is jointly operated by all partners through a Joint Operating Company-SUDD Petroleum Operating Company (SPOC).

Due to internal conflict and the deteriorating security situation in South Sudan, the Production activities continued to be under shutdown and not accessible. As per reports the field facilities are badly damaged and may take 8 - 12 months' time for restoration after getting the clearance from security department of SPOC. There was no production from Block 5A, South Sudan during FY'18 due to shut down conditions of fields.

The cumulative investment in the project was about ₹ 20,404 million (USD 460.12 million) till 31st March, 2018.

5.6 San Cristobal Project , Venezuela

Your Company signed an agreement with Corporación Venezolana del Petróleo S.A. (CVP), a subsidiary of Petróleos de Venezuela S.A. (PdVSA) on 8th April, 2008 acquiring 40% PI in San Cristobal Project, Venezuela. San Cristobal project covers an area of 160.18 sq. km in the Zuata Subdivision of proliferous Orinoco Heavy Oil belt in Venezuela. The project is operated jointly by your Company and PdVSA through a Joint Venture Company (JVC) named as "Petrolera IndoVenezolana SA" (PIVSA). CVP and "PdVSA Social" jointly hold 60% equity in JVC and your Company holds 40% equity through ONGC Nile Ganga (San Cristobal) BV, a wholly owned subsidiary of ONGC Nile Ganga B.V. Your Company had received its dividend of USD 56.224 million for 2008. Further, out of the outstanding dividend of USD 537 million for the period from 2009 to 2013, your Company has received USD 68.665 million from PdVSA during the year. The Dividend for the year 2014 onwards has not been declared as yet by the Shareholders.

ONGC Videsh and PdVSA through their relevant subsidiaries signed two definitive agreements for facilitating redevelopment of the San Cristobal joint venture project in Venezuela on 4th November 2016. The agreements provide for mechanism to liquidate the outstanding dividends from PIVSA (USD 537.63 million) while at the same time, your Company needs to obtain long term financing (USD 318 million) for capital investments for implementing the Remediation Plan of the Project. Under these agreements, your Company has received part of the outstanding dividend of USD 88.418 million till 31st March, 2018.

During FY'18, your Company's share of oil and oil equivalent gas production was 0.389 MMtoe as compared to 0.475 MMtoe during FY'17.

San Cristobal Project in Venezuela is located in the proliferous Orinoco heavy oil belt

Your Company's share of investment in the project was ₹ 27,172.20 million (USD 505.45 million) till 31st March, 2018.

5.7 Imperial Energy, Russia

Your Company acquired Imperial Energy Corporation Plc., on 13th January 2009 at a total cost of USD 2.1 billion. Imperial's interests currently comprise 10 E&P license blocks in the Tomsk region with a total licensed area of 11,038 square kilometres. The Production licenses were granted to the Company during 2005 to 2013 and are valid till 2027 to 2033. As on 1st April, 2018, ONGC Videsh's share of 2P reserves in the project was 95.411 MMtoe. Major parts of Imperial's reserves are in tight formations that require advanced technology to exploit the reserves economically. Imperial Energy implemented a pilot project by drilling 4 new technology wells with advanced well completion in Snezhnoye field. The pilot wells in tight sand have given successful results and based on their performance further field development is under preparation. Associated Petroleum Gas Utilization plant in Snezhnoye field is under construction prior to implementation of development scheme. It is also planned to extend the technology in phases to carry out pilot tests in other fields having oil in tight reservoirs.

During the FY'18, production of Imperial Energy was 0.294 MMtoe as compared to 0.298 MMtoe during FY'17. The cumulative investment (provisional) in the project was ₹ 130,543.50 million (USD 2,795.28 million) till 31st March, 2018.

Imperial Energy, Russia

5.8 Mansarovar Energy Project, Colombia

Mansarovar Energy Colombia Limited (MECL), Colombia is your 50:50 joint venture company with Sinopec of China. Effective 1st April, 2006, MECL's assets constitute 100% interest in Velasquez fee mineral property and 50% interest in the Nare Association contracts where the Colombian National Oil Company, Ecopetrol holds the remaining 50%. MECL also owns 100% of the 189-km Velasquez-Galan pipeline, connecting the Velasquez property to Ecopetrol's Barrancabermeja refinery. MECL also acquired another exploration Onshore Block Llanos-69 (LLA-69) in prolific llanos basin of Colombia in the Bid Round 2012.

Your Company's share of oil and oil equivalent gas production from MECL was 0.487 MMtoe during FY'18 as compared to 0.555 MMtoe during FY'17.

Your Company's share of gross investment in the project was approximately ₹ 53,652.80 million (approximately USD 1,111.10 million) till 31st March, 2018.

5.9 Al Furat Project, Syria

The project is owned by Himalaya Energy Syria B.V. (HESBV), a Joint Venture Company of ONGC Nile Ganga B. V., a wholly owned subsidiary of your Company and Fulin Investments Sarl, a subsidiary of China National Petroleum Company International (CNPCI), holding 50% shares each. The project was acquired in July 2005 under Production Sharing Agreement with approx., 36% Participating Interest for HES BV and approx. 64 % for Shell Syria Petroleum Development Company. The fields are operated by Al Furat Petroleum Company (AFPC), Joint Venture Company of Syrian Petroleum Company, the National Oil Company of Syria, Shell Syria Petroleum Development Company and HESBV.

Due to political development in Syria, European Union imposed oil trade sanctions on Syria in September, 2011. The EU sanctions were specifically targeted at crude oil exports making vessel availability, associated insurance and payment extremely difficult. European Union further imposed enhanced sanctions on

Syria on 1st December, 2011 and also included AFPC and General Petroleum Company in the list of sanctioned Syrian entities. Since then due to Force Majeure situation, operations were stopped by foreign partners.

During FY'18, the project continued under Force Majeure situation. It is understood that there is no information of production from AFPC Oilfields due to continued political and security problem in the country and oilfield areas.

Due to Force Majeure situation, the accounting of revenue and expenditure has not been carried out from FY'14 - FY'18. Resumption of Operations in the project by your Company is expected on normalization of political and security situation in Syria.

Your Company's share of investment in the project was ₹ 12,447.80 million (USD 278.51 million) till 31st March, 2018.

5.10 Block BC-10, Brazil

Block BC-10 is deep water offshore Block located in the Campos Basin approximately 120 km southwest from the city of Vitoria off the coast of Brazil with a water depth of around 1800 meters. Your Company presently holds 27% PI (acquired 15% in 2006 and 12% in 2013) in the project. Other partners in the Block are Shell with 50% PI as operator and Qatar Petroleum International with 23% PI. Development of Phase 1, Phase 2 and Phase 3 of the Block has been completed.

Your Company's share of oil and oil equivalent gas production was 0.704 MMtoe during FY'18 as compared to 0.643 MMtoe during FY'17.

Your Company's share of investment in the Project was ₹ 117,995.5 million (USD 2,090.41 million) till 31st March 2018.

5.11 ACG Project, Azerbaijan

On 28th March 2013, your Company had acquired 2.72% participating interest (PI) from Hess in Azeri, Chirag and deep water portion of the Guneshli (ACG) fields in the Azerbaijan sector of the Caspian Sea. Production Sharing Agreement (PSA) for ACG fields signed in 1994 and valid till 2024 was extended till December 2049 during 2017. The amended and restated ACG PSA was signed by all the partners and SOCAR on 14th September 2017 according to which the PI of ONGC Videsh was changed to 2.31% effective from 01.01.2017. The other partners in the Project are BP ~ 30.37% (Operator-on behalf of AIOC, the operating company), AzACG (SOCAR) – 25%, Chevron~ 9.57%, INPEX~ 9.31%, Equinor (Statoil) ~ 7.27%, Exxon Azerbaijan Ltd. ~ 6.79%, TPAO~ 5.73%, and Itochu~ 3.65%.

ACG fields was discovered in the 1970s and 1980s, are the largest oil and gas field of Azerbaijan located in the South Caspian Sea; about 95 km off the coast of Azerbaijan. Operations at the ACG field started in November 1997 with the start-up of production from the Chirag-1 platform. Later on 5 more production

Offshore rig in Chirag, Azerbaijan

platforms were added and currently the fields are producing through 6 platforms. Average oil production from the ACG fields during FY'18 was around 592,000 BOPD.

Your Company's share of oil and oil equivalent gas production from ACG field was 0.856 MMtoe for FY'18 as compared to 0.946 MMtoe during FY'17.

Your Company's share of investment in the project ACG was ₹ 66,487.10 million (USD 1,164.40 million) till 31st March, 2018.

5.12 Block A-1 and A-3, Myanmar

Block A-1 and A-3 are located around 110 Km west of Ramree Island in Rakhine state in a water depth ranging up to 1500 meters near the maritime border with Bangladesh. Daewoo

Seismic data acquisition in Myanmar

was awarded Block A1 in the year 2000 and Block A-3 in the year 2004. Subsequently other partners - MOGE, ONGC Videsh Limited, GAIL and KOGAS farmed-in in these two blocks. Posco Daewoo Corporation (Earlier Daewoo International Corp.) is the Operator of the blocks. After completion of exploration and appraisal of Blocks A-1 and A-3, the consortium made 4 discoveries of gas fields (two in each block namely Shwe & Shwe Phyu in Block A-1 and Mya North & Mya South in Block A-3). Shwe and Shwe Phyu were discovered in January 2004 and March 2005 respectively. Mya North & Mya South were discovered in March 2006.

Your Company holds 17% PI in Blocks A-1 and A-3 and other Partners are Posco Daewoo Corporation (51%), GAIL and KOGAS (8.5% each) and Myanma Oil & Gas Enterprise i.e. MOGE (15%). MOGE is NOC & Regulatory wing of Myanmar under the Ministry of Energy.

Block A-1 extends over an area of 2,129 sq. km of Rakhine Coast in Arakan offshore in north-western Myanmar. Commercial quantity of natural gas was discovered in two fields, Shwe and ShwePhyu in the Block and field appraisals have been completed by the consortium. Out of 16 exploratory/ appraisal wells drilled so far in the block, 9 wells have been found gas bearing.

Block A-3, the adjacent to the Block A-1, covers an area of 3,441 Sq.km with bathymetry up to 1,500 meters in the Rakhine offshore. So far, six exploratory wells have been drilled in this Block out of which three are gas bearing. Commercial quantity of natural gas has been discovered from Mya Gas Field.

The commercial gas production from Blocks A-3 and A-1 commenced from 15th July 2013 and 10th January, 2014 respectively.

Your Company's share of combined gas production from Blocks A-1 and A-3 was 0.828

BCM during FY'18 as compared to 0.843 BCM during FY'17.

Your Company's share of investment in the project was ₹ 17,674 million (USD 336.88 million) and ₹ 6,213.90 million (USD 130.59 million) for Blocks A-1 and A-3 respectively till 31st March, 2018.

5.13 Vankorneft, Russia

ONGC Videsh Vankorneft Pte. Limited (OVVL), a wholly owned subsidiary of ONGC Videsh Singapore Pte. Limited (OVSL), which is in turn a wholly owned subsidiary of your Company, has acquired total 26% Shares in JSC Vankorneft in two separate transactions carried out during FY'17. 15% share was acquired on 31st May 2016 for a consideration of USD 1,268 million and additional 11% Share was acquired on 28th October 2016 for a consideration of USD 930 million.

Rosneft, the national oil company of Russia continues to hold the majority (50.1%) shares while the balance 23.9% shares are held by the consortium of Indian Oil PSUs comprising Oil India Limited, Indian Oil Corporation Limited and Bharat Petro Resources Limited. Vankor is Russia's second largest field by production. Average production from the field was around 348,400 barrels of oil per day (bopd) in 2017-18. The acquisition of 26% share in JSC Vankorneft strengthen the presence of your Company in Russia and is consistent with its stated strategic objective of adding high quality international assets to its existing E&P portfolio.

Your Company's share of oil and oil equivalent gas production from the project was 6.191 MMtoe during FY'18 as compared to 4.545 MMtoe during FY'17.

Your Company's share of investment in the project was ₹ 135,024.70 million provisional (USD 2,021.81 million) till 31st March, 2018.

6. DISCOVERED ASSETS/ ASSET UNDER DEVELOPMENT

6.1 Project Farzad B, Iran

Farsi is an offshore exploration Block spread over 3,500 sq. km in Persian Gulf Iran with a water depth of 20-90 meters. The Exploration Service Contract (ESC) for the Block was signed on 25th December, 2002. Your Company holds 40% PI and is the Operator and the remaining PI is held by Indian Oil Corporation Limited (40% PI) and Oil India Limited (20% PI). Pursuant to the discovery of gas made by the Consortium led by your Company in FB (later rechristened as Fazad-B) structure, commerciality of the block was declared by National Iranian Oil Company (NIOC), Iran on 18th August 2008. The ESC expired on 24th June, 2009.

The Master Development Plan (MDP) of Farzad-B gas field was submitted in April, 2011 to Iranian Offshore Oil Company (IOOC) – the then designated authority by NIOC for development of Farzad-B gas field. Subsequently, the Development Service Contract (DSC) of Farzad-B Gas Field, though negotiated till November, 2012, could not be finalized due to difficult terms in the DSC and provisions of international sanctions on Iran.

During the year, based on new seismic data of Farzad-B gas field and updated G&G models, a Provisional Master Development Plan (PMDP) has been submitted to Pars Oil and Gas Company (POGC) – designated authority by NIOC for development of Farzad-B gas field. However, participation terms have not been finalized as yet.

Your Company's share of investment was ₹ 1,612.10 million (USD 35.74 million) till 31st March, 2018.

6.2 Rovuma Area 1, Mozambique

Your Company holds 16% PI in the Block Rovuma Area 1 Offshore Mozambique (Area 1), 10% PI is held directly and 6% PI through Beas Rovuma Energy Mozambique Limited (BREML), a Mauritius company jointly owned by ONGC Videsh and OIL in the ratio of 6:4. BREML holds 10% PI in Area-1, Mozambique.

The other partners in Area-1 are Anadarko (operator), ENH (the National Oil Company of Mozambique), Mitsui, BPRL and PTTEP.

Second and final exploration phase for Area-1 ended on 31st January, 2015 and have resulted in discovery of five areas viz. Prosperidade, Golfinho-Atum, Orca, Tubarao & Tubarao-Tigre.

As a result of a successful exploration and appraisal, Area -1 today represents one of the largest natural gas discoveries in offshore East Africa with estimated recoverable resources of about 60 trillion cubic feet and has the potential to become one of the world's largest LNG producing hubs.

Area-1 plans to develop initially two LNG trains of capacity 6 MMTPA each (total 12 MMTPA capacity) from the Golfinho- Atum Field.

Area-1 is working towards taking Final Investment Decision (FID) as quickly as possible by delivering the key elements required for FID. Area-1 has worked diligently with the Government of Mozambique (GoM) to complete the processes to have in place a comprehensive legal and contractual framework. This includes the Decree Law passed by GoM, which provides the legal framework for the development of LNG projects in Mozambique, EPCC Amendment, Government LNG Agreement, Domestic Gas MOU, ENH Funding Agreement, and Offshore SPE's Shareholder's Agreement and the Marine Concessions Plan of Development (POD) of Golfinho-Atum field has been approved by GoM in February 2018. Area-1 has also incorporated Mozambique LNG1 Company Pte. Ltd in Singapore to oversee marketing and shipping activities of LNG from first 2 trains of Golfinho-Atum field.

Your Company's share of investment in the project was about ₹ 271,578.70 Million (USD 4,476.06 million) till 31st March, 2018.

6.3 Carabobo Project, Venezuela

Your Company along with Indian Oil Corporation Limited (IOCL), Oil India Limited (OIL), Repsol YPF (Repsol) and Petroliam Nasional Berhad (PETRONAS) (collectively, the "Consortium"), was awarded by the Government of the Bolivarian Republic of Venezuela 40% ownership interest in an "Empresa Mixta" (or "Mixed Company") for developing the Carabobo-1 North (203 sq.km.) and Carabobo-1 Central (180 sq.km.) blocks located in the Orinoco Heavy Oil Belt in eastern Venezuela. Your Company holds 11% PI in Carabobo-I project through its subsidiary Carabobo One AB. Repsol holds 11% PI, IOCL and OIL holds 3.5% PI each in the project. The Corporación Venezolana del Petróleo (CVP), a subsidiary of Petróleos de Venezuela S.A. (PdVSA), Venezuela's state oil company, holds the remaining 71% PI. The Mixed Company was incorporated as Petro Carabobo S.A. (PCB).

So far fifteen stratigraphic wells have been drilled for gathering petrophysical data for updation of reservoir model. The project of construction of a pipeline corridor from CPF-1 to COMOR & El Salto was completed in October 2016.

First oil from the field as per Accelerated Early Production (AEP) Plan was achieved on 27th December 2012 and the field has produced average 24,184 BOPD for FY'18 with 76 development wells in production. Your Company's share of oil and oil equivalent gas production was 0.169 MMtoe during FY'18 as compared to 0.151 MMtoe during FY'17.

Your Company's share of investment in the project was ₹ 12,833 million (USD 241.19 million) till 31st March, 2018.

6.4 Block XXIV, Syria

The Contract for Exploration, Development and Production of Petroleum for the Block XXIV, Syria was signed on 15th January, 2004 with effective date from 29th May, 2004. Your Company holds 60% PI in the Block with IPR Mediterranean Exploration Ltd. (Operator) and Tri Ocean Mediterranean holding 25% PI and 15% PI respectively.

The exploration phase for the block expired on 28th September, 2011. The consortium drilled a total of 14 wells in the Block in this phase.

Based on the exploration results, the Government of Syria granted development rights for additional areas of three formations in Abu Khashab area. Plan of Development (PoD) for the area has been prepared by the Operator. Further, the consortium's request for granting of development right for Romman Area was under active considerations of the Syrian Authorities. The Operator has invoked 'Force Majeure' in the Block w.e.f. 30th April, 2012 citing effects of US sanctions and deteriorating law and order situation in the operational areas resulting in all activities being put on hold.

Your Company did not produce any oil from the project during FY'18. Your Company's share of investment in the project was ₹ 3,234.40 million (USD 70.09 million) till 31st March, 2018.

7. EXPLORATORY ASSETS

7.1 Block SSJN-7, Colombia

The block SSJN-7 was awarded to Pacific Rubiales Energy (PRE) in 2008 bid round of Colombia. The block has an area of 2707 sq. km located in the South Western part of onshore Sinu San Jacinto basin of Colombia. Your Company holds 50% PI and PRE is the Operator with 50% PI. 2D seismic survey was completed in the Eastern part of the block. Further acquisition of 2D seismic data in the Western part of the block and drilling of one well is to be carried out to fulfill MWP of exploration period. PRE (Operator) transferred 50% PI to CanaCol Energy (CNE).

Your Company's share of investment in the project was ₹ 57.73 million (USD 10.03 million) till 31st March 2018.

7.2 Block CPO-5, Colombia

The block was awarded to your Company in 2008 bid round of Colombia. This block has an area of 1,992.47 sq km located in the South Western part of the most prolific oil & gas onshore Llanos basin of Colombia. In June 2010, your Company divested 30% PI to Petrodorado Energy (PDQ) retaining the operatorship of the block. After completing 2D & 3D seismic data API in South Eastern part of the block and other G&G studies, 2 exploratory oil wells, Kamal-1 and Loto-1 were drilled in 2012 and 2013 respectively. The MWP of Phase-1 has been successfully completed and your Company has entered in Exploration Phase-2 of the Block w.e.f. 11th April, 2013. MWP of Phase-2 consists of drilling one A3 Exploratory well, 205 Sq km 3D Seismic API and reprocessing of 500 LKM 2D Seismic. Acquisition and Processing of 254 Sq KM 3D seismic data in NW part of the block has been completed. Your Company has encountered exciting result in its well Mariposa-1 which is under drilling in the block. The well Mariposa-1 commenced drilling in 24th March 2017 and was directionally drilled to a total depth of 11,556 feet (MD). Electric Log analysis indicated the presence of oil saturated pay in the Lower Sands Unit 3 of the Une Formation. Good hydrocarbon shows of oil and gas were also encountered while drilling this section. The well is currently under long term testing phase with approx. 3200 BOPD.

Your Company's share of investment in the project was ₹ 463.51 million (USD 81.64 million) till 31st March 2018.

7.3 Block RC-9, Colombia

The block was awarded to Ecopetrol in 2007 bid round of Colombia. This block with water depth ranging from 40-160 m has an area of 1060 Sq. km located near Chuchupa and Ballena Gas fields in the North Western part of offshore Guajira basin of Colombia. Ecopetrol is having 50% PI and also an Operator and your Company holds remaining 50% PI in the block. As 3D seismic data was acquired and G&G studies have been carried out in the block which fulfilled the commitment of the first and second phase of the exploration period. Extension was granted by the Regulator for three year for Exploration Phase-2 with commitment of one Well.

One exploratory location, Mollusco-1 was released and spudded on 20th September 2017. The well reached target depth of 6130 ft. MD (Measured Depth) on 31st October, 2017. The logs recorded in the well were evaluated and sidewall cores were analyzed, and both did not give encouraging results from hydrocarbon point of view. Based on the results of the well and accordingly, as decided by the consortium, the well was plugged and abandoned. In view of the results of the wells Mollusco-1, the Consortium decided for the initiation of necessary procedure for the relinquishment of the block before the expiry of the current exploration phase.

Your Company's share of investment in the project was ₹ 2,253.50 million (USD 36.06 million) till 31st March 2018.

7.4 Block RC-10, Colombia

The block was awarded to your Company in 2007 bid round of Colombia. This block with water depth ranging from 200-2600m, has an area of 1340 Sq. km and is located in the North Western part of offshore Guajira basin of Colombia. Your Company is the operator with 50% PI. Remaining 50% PI is held by Ecopetrol. 2D and 3D seismic data were acquired and G&G studies have been carried out in the block which fulfilled the commitment of the first and second phase of the exploration period. Extension was granted by the Regulator for three years for Exploration Phase-2 till 28th Nov 2016 with commitment of one Well.

Sucker rod pumps in operation in MECL, Colombia

Your Company applied for 9 months extension under new agreement released by ANH which was subsequently granted by ANH, hence revising the block expiry to 28th August 2017.

Recent studies conducted by GEOPIC, OVAI and Ecopetrol pointed to adverse prospectivity of the block. Accordingly, procedure for relinquishment of the block and transfer of its minimum financial commitment to other blocks has been initiated. In regard with same, part MFC transfer from RC-10 Block for a total value of USD 3.47 Million to the additional commitment of drilling of well Indico-1X in CPO-5 Block has been approved by ANH.

In lieu of completion of phase 2 on 29.08.2017, additional six months followed by another six months were requested from ANH for transfer of Balance MFC, which was granted by ANH. Subsequently, a communication was submitted to ANH for approval of transfer of the entire balance MFC of the block amounting to USD 14.53 Million against additional exploration activities in Block CPO-5.

Your Company's share of investment in the project was ₹ 798.30 million (USD 15.70 million) till 31st March 2018..

7.5 Block Gua Off-2, Colombia

The block was awarded to your Company in 2012 bid round of Colombia. This block with water depth ranging from 1500-2700m has an area of 1171 Sq. km and is located in the North Western part of offshore Guajira basin of Colombia. Your Company holds 100% PI in the block. Acquisition of 3D seismic data and piston cores is the MWP for ongoing first phase of exploration period. Your Company has applied to the regulator (ANH) for 9 months extension under new agreement released by ANH which was subsequently granted by ANH, hence revising the block expiry to 15th November 2016 which was further extended till 25th January, 2017. However, considering adverse prospectivity of the RC-10 block, on the prospectivity of which Gua-Off 2 was acquired, procedure for relinquishment of the block and transfer of its minimum financial commitment to other blocks was initiated. In regard with same, the MFC transfer of USD 1.43 Million from Gua Off-2 Block for the additional activity of drilling the well in CPO-5 Block has been approved by ANH and procedure for the closure of the contract is underway.

Your Company's share of investment in the project was ₹ 133.8 million (USD 2.15 million) till 31st March 2018.

7.6 Block Llanos-69 (LLA-69), Colombia

The block was awarded in 2012 bid round of Colombia to Mansarovar Energy Colombia

Mr. P.K. Rao, Director (Operations) at Maripose-1, Colombia

Limited (MECL), a 50:50 joint venture of your Company and SINOPEC. This block has an area of 226 Sq. km and is located in the Foothill, North Western part of the prolific Llanos basin of Colombia. MECL is the operator of the block. For completion of MWP of the ongoing first phase of exploration period, 3D seismic survey of 75 SKM has been acquired processed and interpreted. Concurrently, ANH approved 9 months extension and MECL signed the respective amendment for extending the phase-I till 12th September, 2017.

Further extension was applied however, the community issues faced in the Block, the contract has been suspended indefinitely by ANH. Considering the indefinite suspension of the block, initiation of negotiation with ANH is currently under consideration to transfer the pending obligation (Minimum Financial Commitment) with an attempt to make ANH realize the past sunk cost of LLA-69.

ANH has offered exploratory blocks for MFC transfer from LLA-69. The blocks are currently under techno-commercial evaluation by MECL.

Your Company's share of investment was ₹ 373.2 million (USD 5.74 million) till 31st March, 2018.

7.7 Satpayev Project, Kazakhstan

Your Company signed agreements with JSC NC KazMunaiGas (KMG), the National Oil Company of Kazakhstan for acquisition of 25% PI in Satpayev exploration block on 16th April, 2011 at Astana, Kazakhstan in the presence of Hon'ble Prime Minister of India and the President of Kazakhstan. This transaction marks the entry of your Company in hydrocarbon-rich Kazakhstan. Satpayev exploration block, located in the Kazakhstan sector of the North Caspian Sea, covers an area of 1481 sq. km at a water depth of 4-9 mts. Satpayev Block is situated in close proximity to major discoveries in the North Caspian Sea. Your Company carries KMG for its 75% PI and therefore bears the entire 100% expenditure during the exploration and appraisal phase of the Project. All G&G contractual commitments have been fulfilled including drilling of two exploration wells without any commercial HC success.

As the prominent prospects in the block have been probed without any commercial HC success, ONGC Videsh has decided to exit from the Satpayev E&P Contract after the expiry of 1st extension of exploration phase on 15th June 2018.

Your Company's share of investment in the project was ₹ 17,265.70 million (USD 299.46 million) till 31st March, 2018.

7.8 Block BM-SEAL-4, Brazil

Your Company farmed into the Block in June, 2007 as part of swap agreement between your Company and Petrobras. Petrobras as operator has 75% PI and your Company as partner holds 25% PI in BM-Seal-4 block. Your Company entered in exploration phase-2 with a Minimum Work program of drilling of 2 wells. Two exploratory wells, Japartuba-1 (Dry & Abandoned) and Poco Verde (thin oil and gas pays in Campanian), have been drilled thereby accomplishing the MWP.

At the end of the exploration phase-2 in June 2013, the operator has proposed two appraisal plans viz. Poco Verde and Moita Bonita. Your Company has decided to participate into Moita Bonita PAD (Discovery Appraisal Plan) which covers an area of about 1020 sq.km spread over NW part of BM-SEAL-4 block (320 sq. km) and SE part of BM-SEAL-10 block (700 sq. km) concessions. Operator has informed that ANP has granted extension for submission of the Declaration of Commerciality of Moita Bonita Appraisal Plan to 1st December 2020.

Your Company has withdrawn from PAD Poco Verde (1-SES-159) and the relinquishment process is in progress. The committed work program in Moita Bonita PAD is 3D seismic of 1020 sq. kms, drilling of 3 firm wells and 2 Contingent wells. 3D seismic of 1020 sq. kms and drilling of 4 wells (3 firm & 1 contingent) was completed in the PAD. The management approval for WP&B for drilling of two wells in BM-SEAL-4 area has been obtained.

Your Company's share of investment was ₹ 3,256.60 million (USD 59.54 million) in the Block till 31st March, 2018.

7.9 Contract Area 43, Libya

Your Company acquired Contract Area 43 located in Cyrenaica offshore basin of Libya in the Mediterranean Sea under an Exploration and Production Sharing Agreement (EPSA) effective from 17th April, 2007. Contract Area 43 consists of four blocks spread over an area of 7,449 Sq. Km. The block boundaries extend from the coastline to a water depth of about 2200 meters. Your Company holds 100% PI in Contract Area 43 with operatorship. The acquisition, processing and interpretation of 1011 LKM 2D and 4000 Sq. Km. 3D seismic data has been completed. Due to civil unrest in Libya, the Contract area remained under Force Majeure from 26th February 2011 to 31st May, 2012 and the exploration phase of Contract Area 43 was extended (corresponding to Force Majeure period) up to 21st July 2013.

In view of security situations, NOC of Libya was requested for extension of exploration period by 2.5 years i.e. up to 21st January 2016, for carrying out further exploratory activities, however extension was granted for one year upto 21st July 2014. Your Company is currently under discussions with NOC Libya for extension of exploratory period from 21st July 2014.

Your Company's share of investment in the project was ₹ 1,953.60 million (USD 42.19 million) till 31st March, 2018.

7.10 Block-8, Iraq

Your Company is the sole licensee of Block-8, a large on-land exploration Block in Western Desert, Iraq spread over 10,600 sq. km. The Exploration & Development Contract (EDC) for the Block was signed on 28th November, 2000. The contract was ratified by the Government of Iraq on 22nd April, 2001 and was effective from 15th May 2001. Since then, the work relating to archival, reprocessing and interpretation of the existing seismic data has been completed. However, your Company had to notify the force majeure situation to the Ministry of Oil, Iraq in April, 2003 due to prevailing conditions in Iraq. In 2008, your Company was informed that Government of Iraq had decided to re-negotiate the Block-8 contract in-line with the provisions of the new oil and gas law which was expected to be promulgated soon. In 2018, Government of Iraq has adopted a new Business Model, however re-negotiation is yet to commence.

Your Company's share of investment in the project was ₹ 48.70 million (USD 1.03 million) till 31st March, 2018.

7.11 Block 128, Vietnam

Your Company signed PSC with Petro Vietnam for deep water exploratory Block- 128 having an area of 7058 Sq.km in Offshore Phu Khanh Basin, Vietnam in May 2006. Ministry of Petroleum & Industries (MPI), Vietnam issued investment license on 16th June 2006, being the effective date of the PSC. Your Company is the operator with 100% PI. The water depth is ranging from 200-2000m.

During the exploration period, acquisition of 3D seismic data and reprocessing of 2D seismic data and G&G studies were carried out fulfilling a part of MWP of the 1st Phase of exploration period. Further G&G studies are being carried out. One commitment exploratory well is to be drilled as a part of MWP of 1st Phase of exploration period. Further extension of Phase I of exploration period was granted to your Company from 16th June 2017 to 15th June 2019.

Your Company's share of investment in the project was ₹ 2,220.90 million (USD 50.89 million) till 31st March, 2018.

7.12 Block SS-09, Bangladesh

The block was awarded to your Company in consortium with Oil India Ltd (OIL) in Bangladesh bid round 2012. The PSC was signed on 17th February 2014 between Government of People's Republic of Bangladesh, Bangladesh Oil and Gas & Mineral Corporation (PETROBANGLA) and consortium of your Company with OIL and Bangladesh Petroleum Exploration and Production Company Limited (BAPEX). Your Company is the Operator with 45% PI, while the partners OIL and BAPEX have 45% and 10% PI respectively in the block. BAPEX's 10% PI is being carried by your Company and OIL in proportion to their respective interests for all expenditure up to the date of first commercial discovery.

The Block SS-09 covers an area of 7,026 sq. km. located in offshore Bengal Basin. As per Minimum Work Program (MWP), during the first phase of exploration, Acquisition of 2850 LKM of 2D Seismic data and drilling of two wells has been planned. Presently, 2357.125 LKM of 2D Streamer Seismic Data and 381.625 LKM of 2D Ocean Bottom Cable (OBC) Seismic Data has been acquired and processed and interpreted. Based on interpretation results one drillable location has been identified and released for drilling in the offshore part of the block. Pre-drill preparations are under progress.

Your Company's share of investment in the project was ₹ 202.60 million (USD 3.07 million) till 31st March, 2018.

7.13 Block SS-04, Bangladesh

The block was awarded to your Company in consortium with OIL in Bangladesh bid round 2012. The PSC was signed on 17th February 2014 between Government of People's Republic of Bangladesh Oil and Gas & Mineral Corporation (PETROBANGLA) and consortium of your Company with OIL and Bangladesh Petroleum Exploration and Production Company Limited (BAPEX). Your company is the Operator with 45% PI, while the partners OIL and BAPEX holds 45% and 10% PI respectively in the block. BAPEX's 10% PI is being carried by ONGC Videsh and OIL in proportion to their respective interests for all expenditure up to the date of first commercial discovery.

The Block SS-04 covers an area of 7,269 sq. km. and located in offshore Bengal Basin. As per Minimum Work Program (MWP), during the first phase of exploration, acquisition of 2700 LKM of 2D Seismic data and drilling of one well has been planned. Presently, 653.675 LKM of 2D Streamer Seismic Data and 1688 LKM of 2D Ocean Bottom Cable (OBC) Seismic Data have been acquired processed and interpreted. Based on interpretation results one drillable location has been identified in the offshore part of the block. Same is under approval process of Joint Review Committee.

Based on G&G study of old vintage seismic data a drillable location (Kanchan-1) was identified and released in onshore area of the block. Pre-drill environment clearance and land requisition approval has been received from Bangladesh Govt. Drilling contract and approach road construction contract has been finalized and spudding of well is expected in December 2018.

Your Company's share of investment in the project was ₹ 423.10 million (USD 6.38 million) till 31st March, 2018.

7.14 Block B2, Myanmar

The block was awarded to your Company in the Myanmar Onshore Bid Round 2013. The PSC was signed on 8th August 2014 with "MOGE" (Regulator) by your Company as an Operator having 97% PI and M&S (local partner) with 3% (carried) PI in the block. The Block is located in the Zebyutaung–Nandaw area and geologically in the Northern part of the Chindwin Basin. The approximate size of block is 16,996 Sq. Km.

Acquisition of Full Fold 555 LKM (820 ground LKM) of 2D seismic data is to be carried out in the block and two commitment exploratory wells are to be drilled for fulfilling of Minimum Work Program (MWP) of the 1st phase of ongoing exploration period which commenced from 1st January 2016.

MOGE has granted two year extension of Initial exploration phase for the Block. 2D Seismic data acquisition is currently under progress in the block. 170.45 Full Fold LKM of the seismic data has been acquired till 31st March 2018.

Your Company's share of investment in the project was ₹ 335.4 million (USD 5.16 million) till 31st March, 2018.

7.15 Block EP3, Myanmar

The block was awarded to your Company in the Myanmar Onshore Bid Round 2013. The PSC was signed on 8th August 2014 with "MOGE" (Regulator) by your Company as an Operator having 97% PI and M&S (local partner) with 3% (carried) PI in the block.

The block EP-3 is located in the Central Burma Basin (Bago Yoma Sub Basin) with an area of approximately 1,650 Sq.Km.

Acquisition of Full Fold 420 LKM (710 ground LKM) of 2D seismic data is to be carried out in the block and two commitment exploratory wells are to be drilled for fulfilling of MWP of the 1st phase of ongoing exploration period which commenced from 1st January 2016. MOGE has granted two year extension of Initial exploration phase for the Block. ONGC Videsh has completed acquisition of 563 Full Fold LKM of 2D Seismic data in February 2018. The data is currently under processing stage.

Your Company's share of investment in the project was ₹ 423.80 million (USD 6.55 million) till 31st March, 2018.

7.16 Block PEP-57090, New Zealand

The block was awarded to your Company in the New Zealand Bid Round 2014 on 9th December, 2014 for a term of 12 years commencing from 1st April, 2015. Your Company holds 100% PI and is the Operator. The block PEP-57090 has an area of 2120.761 sq. km and is located in the offshore Taranaki Basin with water depth ranging between 300-400m. MWP for exploration phase I comprises Acquisition, Processing and Interpretation (Structural Mapping and seismic attribute study) of 1400 SKM of full fold 3D.

Presently, 1862 LKM of 3D Marine Seismic Data has been acquired and processed. Interpretation of this newly acquired data is currently under progress.

Your Company's share of investment in the project was ₹ 334.60 million (USD 5.04 million) till 31st March, 2018.

7.17 Block PEL-0037, Namibia

Your Company acquired Block PEL-0037 in offshore Namibia under a Petroleum Agreement effective from 1st January, 2017 and valid up to 27th March 2020. Your Company holds 30% participating Interest (PI) in the block and the other partners are, Tullow having 35% PI, and Pancontinental & Paragon having 30% & 5% respectively. Tullow is the Operator in the said block. The block PEL-0037 has an area of 17,295 sq.km and is located in the offshore Walvis Basin of offshore Namibia. Your company acquired the block during Exploration Phase – I and subsequently applied for extension of

Exploration Phase – II up to 27th March 2020 which was granted by the Ministry of Mines & Energy, Government of Namibia. MWP for Exploration Phase II comprises of drilling of one well to 3830m which is planned to completed in 2018.

Your Company's share of investment in the project was ₹ 823.20 million (USD 12.77 million) till 31st March, 2018.

7.18 Block 32, Israel

The block was awarded to your Company in consortium with Bharat Petro Resources Limited (BPRL), Indian Oil Corporation Limited (IOC) & Oil India Limited (OIL) in 1st Israel Offshore Bid Round 2016. The Petroleum License was signed on 27th March 2018 between State of Israel and consortium of your Company, BPRL, IOC & OIL. Your company is the Operator with 25% PI through Indus East Mediterranean Exploration Ltd., a 100% subsidiary of your company in Israel, while the partners BPRL, IOC & OIL each hold 25% PI in the block. The Block 32 has an area of 356.98 sq.km and is located in the offshore Israel with water depth ranging between 1500-1800m. MWP for Exploration Phase I comprises of Reprocessing and Interpretation of available seismic data.

8. PIPELINE PROJECTS

8.1 Sudan Multi Product Pipeline, (SPP)

ONGC Videsh entered into a Pipeline Contract Agreement (PCA) with the then Ministry of Energy & Mining (MEM), GOS on 30th June 2004 for construction of 12"dia, 741 Km. long Khartoum – Port Sudan multi-product Pipeline System on EPC basis. The project was financed by ONGC Videsh & Oil India Limited to the extent of 90% and 10% respectively.

The project was completed on 31st August 2005, 2 months ahead of the contractual completion schedule of 31st October 2005 and the Pipeline System was commissioned by MEM on 15th October 2005.

Total amount including lease rental of the Project to be paid was USD 254 million by GOS in 18 half yearly equated instalments of USD 14.135 million each starting from 30th December 2005. So far a total of 11 instalments amounting to USD 155.48 million has been received from GOS up to 30th December 2010. The balance 7 instalments amounting to USD 98.94 million due from June 2011 to June 2014 is yet to be received from GOS. ONGC Videsh has been making efforts including diplomatic support to realise outstanding payment of balance instalments. Lately ONGC Videsh has served the Commercial and Legal Notices followed by Notice Invoking Arbitration to the GOS for payment of outstanding dues and would follow up with available options for dues recovery.

8.2 BTC Pipeline Project

Your Company had acquired 2.36% PI in Baku-Tbilisi-Ceyhan (BTC) pipeline held by Hess along with ACG fields. BTC Pipeline is operated by BP (30.1% PI) and other shareholders are AzBTC (SOCAR)-25%, Chevron-8.9%, INPEX-2.5%, Equinor (Statoil)-8.71%, TPAO-6.53%, Itochu-3.4%, TOTAL-5%, ENI-5% and Exxon Azerbaijan Ltd. -2.5%.

Oil produced from ACG fields is received at the onshore Sangachal oil terminal located at 50 km southwest of Baku. The BTC pipeline commences from Sangachal terminal, runs through Azerbaijan, Georgia and Turkey and terminates at Ceyhan terminal at Mediterranean in Turkey with a total length of 1,768 km and diameter of 42"- 46" having transportation capacity of 1.2 million barrels per day. The majority of ACG oil is evacuated through BTC pipeline to the Mediterranean terminal at Ceyhan for further export. BTC pipeline was built to serve ACG oil and is operational since May 2005. BTC Co. operates the BTC pipeline in Azerbaijan and Georgia Section and BOTAS International Limited, a Turkish Government company, operates the pipeline in the Turkish sector. During FY'18, 259.49 million barrel of crude was transported through BTC pipeline with average throughput of 692,628 BOPD.

Some volumes of oil are also exported via the AIOC owned Western Route Export Pipeline (WREP) having total length of 830 kms, 20" Dia to Georgia's Black Sea port of Supsa and via rail to Georgia's Black Sea port of Batumi. The Georgian Sector of the WREP is managed by the Georgian Pipeline Company, which has the same shareholders as AIOC. The capacity of WREP pipeline is 106,000 barrels per day.

Your Company's share of investment in the BTC pipeline was ₹ 3,811 million (USD 70.07 million) till 31st March, 2018.

8.3 Shwe Offshore Mid-stream Project, Myanmar

The mid-stream project is an unincorporated joint venture between the consortium and is a part of the combined development of Block A-1 and A-3. As a part of this project, 110 Km X 32" gas trunk transportation pipeline of ultimate capacity of 960 MMSCFD has been constructed and is being used for transportation of gas from Shwe Offshore Platform (SHP) to land fall point at Ramree Island. The onshore gas terminal (OGT), supply base and jetty have been constructed through an EPCIC contract. Your Company has 17% PI in the Offshore Pipeline Project.

Your Company's share of investment in the project was ₹ 3,736.40 million (USD 72.83 million) till 31st March, 2018.

8.4 Onshore Gas Transportation Pipeline, Myanmar

To export the gas production from blocks A-1 & A-3 of Myanmar to China, a Gas Sales Agreement (GSA) was signed between the Daewoo International-led consortium (partners of blocks-A-1 & A-3) and China National United Oil Corporation (CNUOC) in December 2008. A joint operating pipeline company named South East Asia Gas Pipeline Company Limited (SEAGPCL) was incorporated in Hong Kong on 25th June, 2010 by the consortium with the objective of laying trans-country gas pipeline from land fall point at Ramree Island to Ruilli at Myanmar-China border. CNPC is the major stake holder in the pipeline company with 50.90% share.

Your Company is participating in the project through its investment arm ONGC Caspian E&P B.V (OCEBV) and holds 8.347 % share. The other stake holders in the pipeline project are CNPC (50.9%), Daewoo (25.041 %), MOGE (7.365 %), GAIL (4.1735%), and KG-SEAGP (4.1735 %). The joint venture company has laid pipeline of 792.5 Km X 40" and has 3 distribution stations and 2 compressor stations along the route and has a design pressure of 10 Mpa (101.5 kg/cm²) and a design capacity of 12 BCM per year (1160 MMSCFD).

Your Company's share of investment in the project was ₹ 8,179.30 million (USD 151.45 million) till 31st March, 2018.

Your Company's share in the combined development of Blocks A-1 and A-3 Offshore, Mid-stream project and Onshore Gas Transportation Pipeline was ₹ 36,800.10 million (USD 707.02 million) till 31st March 2018.

9 PROJECTS RELINQUISHED DURING THE FINANCIAL YEAR 2017-18 : NIL

10 DIRECT SUBSIDIARIES OF ONGC VIDESH LIMITED

10.1 ONGC Nile Ganga BV (ONGBV)

- ONGBV, a subsidiary of ONGC Videsh, is engaged in E&P activities directly or through its subsidiaries in Sudan, South Sudan, Syria, Venezuela, Brazil and Myanmar.
- ONGBV holds 25% PI in Greater Nile Oil Project (GNOP), Sudan with its share of oil production of about 0.282 MMT during FY'18. ONGBV also holds 25% PI in Greater Pioneer Operating Company (GPOC), South Sudan. Due to adverse geo-political conditions in South Sudan, there was no production from GPOC during FY'18.
- ONGBV holds 27% PI in BC-10 Project in Brazil through its wholly owned subsidiary ONGC Campos Ltda. with its share of oil and gas production of about 0.704 MMtoe during FY'18.
- ONGBV holds 40% PI in San Cristobal Project in Venezuela through its wholly owned subsidiary ONGC Nile Ganga (San Cristobal) BV with its share of oil & oil equivalent gas production of about 0.389 MMtoe during FY'18.

- ONGBV also holds 8.347% PI in South East Asia Gas Pipeline Co. Ltd., (SEAGP) for Pipeline project, Myanmar through its wholly owned subsidiary ONGC Caspian E&P B.V.
- ONGBV holds 16.66% to 18.75% PI in four Production Sharing Contracts in Al Furat Project (AFPC), Syria. Due to force majeure condition in Syria, there was no production in AFPC project during FY'18.
- ONGBV also holds 25% PI in Block BM-SEAL-4 located in deep-water offshore, Brazil through its wholly owned subsidiary ONGC Campos Ltda.
- ONGBV holds 40% shares in Falcon Oil and Gas B.V. (FOGBV), Abu Dhabi with IOC and BPRL which hold 30% shares each through their respective Dutch subsidiaries.

10.2 ONGC Amazon Alaknanda Limited (OAAL)

OAAL, a wholly-owned subsidiary of ONGC Videsh, holds stake in E&P projects in Colombia, through Mansarovar Energy Colombia Limited (MECL), a 50:50 joint venture company with Sinopec of China. During FY' 18, ONGC Videsh's share of oil and oil equivalent gas production in MECL was about 0.487 MMtoe.

10.3 ONGC Narmada Limited (ONL)

ONL, a wholly owned subsidiary of ONGC Videsh, has been retained for acquisition of future E&P projects in Nigeria.

10.4 Imperial Energy Limited (IEL)

IEL, a wholly-owned subsidiary of ONGC Videsh incorporated in Cyprus, has its main activities in the Tomsk region of Western Siberia, Russia. During FY'18, Imperial Energy's oil and oil equivalent gas production was about 0.294 MMtoe.

10.5 Carabobo One AB

Carabobo One AB, a wholly owned subsidiary of ONGC Videsh incorporated in Sweden, indirectly holds 11% PI in Carabobo-1 Project, Venezuela. During FY'18, Carabobo's oil and oil equivalent gas production was about 0.169 MMtoe.

10.6 ONGC BTC Limited

ONGC (BTC) Limited, a wholly owned subsidiary of ONGC Videsh, holding 2.36% participating interest in the Baku-Tbilisi-Ceyhan Pipeline ("BTC") owns and operates 1,768 km oil pipeline running through Azerbaijan, Georgia and Turkey. The pipeline mainly carries crude from the ACG fields from Azerbaijan to the Mediterranean Sea.

10.7 Beas Rovuma Energy Mozambique Limited

Beas Rovuma Energy Mozambique Limited (BREML) was incorporated in British Virgin Islands (BVI) and holds 10% PI in Rovuma Area 1, Mozambique. BREML is subsidiary of ONGC Videsh holding shares with OIL in the ratio of 6:4. BREML is now registered by continuation to Mauritius w.e.f. 23rd January, 2018.

10.8 ONGC Videsh Atlantic Inc.

ONGC Videsh Atlantic Inc. a wholly owned subsidiary of ONGC Videsh, was incorporated in Texas, United States of America, to provide required technical and administrative support in United States of America. OVAI provide the required support for coordinating with Anadarko (Operator of Rovuma Area-1 Offshore Mozambique). A G&G Centre of Excellence has also been established by OVAI in Houston with required infrastructure and manpower to provide specialized G&G service to your Company.

10.9 ONGC Videsh Rovuma Limited

ONGC Videsh Rovuma Limited a wholly owned subsidiary of ONGC Videsh, was incorporated in Mauritius for structuring of 10% PI in ONGC Videsh's Rovuma Area 1, Mozambique.

ONGC Videsh supports CSR activities in Mozambique

10.10 ONGC Videsh Singapore Pte. Ltd.

ONGC Videsh Singapore Pte. Ltd., a wholly owned subsidiary of ONGC Videsh was incorporated on 15th April 2016 in Singapore. Through its 100% subsidiary ONGC Videsh Vankorneft Pte. Ltd. holds following:

- 26% shares in CJSC Vankorneft in Russia;
- Namibia

10.11 Indus East Mediterranean Exploration Ltd.

Indus East Mediterranean Exploration Ltd., a wholly owned subsidiary of ONGC Videsh was incorporated on 27th February 2018. It is engaged in E&P activities in Israel.

11. JOINT VENTURE COMPANY

11.1 ONGC Mittal Energy Limited (OMEL)

ONGC Videsh along with Mittal Investments Sarl (MIS) promoted OMEL, a joint venture company incorporated in Cyprus. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

CPF at Morichal, Colombia

1. INTRODUCTION

ONGC Videsh Limited (ONGC Videsh) is a wholly owned subsidiary of Oil and Natural Gas Corporation Limited (ONGC), the flagship National Oil Company and a Central Public Sector Enterprise/ Undertaking (CPSE/ CPSU) of the Government of India, under the administrative control of the Ministry of Petroleum & Natural Gas (MoP&NG). ONGC Videsh is engaged in prospecting for and acquisition of oil and gas acreages outside India for exploration, development, production and transportation of oil and gas. ONGC Videsh was incorporated as Hydrocarbons India Private Limited, on 5th March 1965 with registered office in New Delhi to perform international exploration and production business. The Company was rechristened as ONGC Videsh Limited on 15th June 1989. With widening of the gap between the energy demand and domestic production, participation in overseas oil and gas assets for equity oil was considered as an option towards augmenting energy security of the country.

In January, 2000, ONGC Videsh was granted special empowerment by the Government of India. This empowerment facilitated better and smooth functioning of the Company and enhanced the company's ability to compete in the international environment. This resulted in a string of successful acquisitions post January, 2000. Your Company has participation in 41 oil and gas projects in 20 countries either directly or through wholly owned subsidiaries/ joint venture companies viz. Azerbaijan (2 projects), Bangladesh (2 Projects), Brazil (2 projects), Colombia (7 projects), Iran (1 project), Iraq (1 project), Israel (1 project), Kazakhstan (1 project), Libya (1 project), Mozambique (1 Project), Myanmar (6 projects), Namibia (1 project), New Zealand (1 Project), Russia (3 projects), South Sudan (2 projects), Sudan (2 projects), Syria (2 projects), UAE (1 project), Venezuela (2 projects), and Vietnam (2 projects). Out of these 41 projects, ONGC Videsh is Operator in 14 projects; Joint Operator in 7 project and remaining 20 are non-operated projects. Your Company has adopted a balanced portfolio approach and has a combination of 15 producing, 4 discovered, 18 exploration and 4 pipeline projects.

ONGC Videsh continued to undertake various strategic initiatives in FY 2017-18. Your Company completed the acquisition of 30% Participating Interest (PI) on 3rd October 2017 in Namibia Petroleum Exploration License 0037 for Blocks 2012B, 2112A, and 2113B and related agreements (License), Offshore Namibia from Tullow Namibia Limited (Tullow), a wholly owned subsidiary of Tullow Oil plc. With 35% PI, Tullow shall continue to remain the operator of the License. The other partners in the License are Pancontinental Namibia (Pty) Limited with 30% PI and Paragon Oil and Gas (Pty) Limited with 5% PI.

On 10th February 2018, ONGC Videsh led an Indian Consortium to complete the acquisition of 10% PI in Lower Zakum (offshore UAE) Concession. The 10% PI is through the Joint Venture Company FOGBV incorporated in Netherlands on 6th February 2018 wherein ONGC Videsh's wholly owned subsidiary, ONGBV, holds 40% shares and both IOC and BPRL, through their respective Dutch subsidiaries, hold 30% each.

Vankor field in east Siberia is one of Russia's largest fields by production

On 27th March 2018, Your Company entered Block-32, Israel when the Petroleum Commissioner- Israel granted the License 412/"32" for the 1st Phase of exploration, with a duration of 3 years, to an Indian Consortium. ONGC Videsh is an operator with 25% PI and other Indian Consortium partners are Bharat Petro Resources Limited (BPRL), Indian Oil Corporation Limited (IOCL) and Oil India Limited (OIL) with 25% PI each. The Company is actively pursuing acquisition of more oil and gas assets across the globe.

ONGC Videsh operates 41 projects in 20 countries

2. INDUSTRY SCENARIO

Petroleum E&P industry has witnessed a significant revival during the past year, after going through a difficult phase of about three years. Industry cycle appears to have inverted its course to uptrend from the downtrend. Oil prices which were at about USD 50 / barrels in March 2017 have increased to over USD 75 / barrel in June 2018, a massive increase of 50% during the past one year and 150% from the lows of about USD 30 / barrel in Jan 2016. Recent surge in the crude prices was mainly led by the geopolitical factors. This has again established that geopolitical events are a critical driver of oil prices beyond just the technically established demand and supply scenarios.

One of the most important factors for recovery in the prices has been the co-operation among the OPEC countries and Russia. The November 2016 decision of OPEC along with Russia to cut supply by 1.8 million barrels/day, which has been very successfully implemented through 2017 and extended till 2018 end, led the rebalancing in the demand and supply scenario and restored the market sentiments.

In addition to the production cut, the oil supply growth has also eased off recently due to some additional driving factors. This has occurred at a time when the global economic growth is accelerating and the demand for the commodity is robust. Deteriorating political and economic situation in Venezuela led to decline in its production to 1.5 Million barrels / day by the end of Q1 2018 from about 2.5 Million barrels / day in 2015. Reconsideration of Nuclear deal with Iran by Trump administration and deteriorating relations between Russia and US are bringing uncertainty in the supply and contributing in boosting the prices in past few month.

Decline in the capital expenditure during the downturn has also started showing impact on the supply side. It is estimated that globally the exploration spending fell by more than 60%, from a high of US$153 billion in 2014 to about $58 billion in 2017. This led to the situation where by the end of 2017, the volume of new oil and gas discoveries, came down to its lowest since the early 1950s[1].

While the supply overhang has been contained, IMF projects a healthy growth of 3.9% in global economy for the year 2018 and 2019[2]. International Energy Agency (IEA) expects the crude oil demand to grow at an average annual

1 Oil and Gas Trends 2018–19, Strategy shaped by volatility, PWC
2 IMF raises global growth forecast, sees Trump tax boost, Reuters

rate of 1.2 mb/d. and projects that by 2023 total demand will reach 104.7 mb/d, up 6.9 mb/d from 2018 level. In addition to the rising demand, IEA also estimates that each year the world needs to replace 3 mb/d of supply lost from mature fields. So demand outlook appears very robust in near future.

It is expected that significant additions in production will come from United States and Brazil in near future but the extent to which it will be able to fulfil the demand is uncertain at this stage. Considering the current demand supply dynamics, it will not be surprising if we see another spike in Oil prices in the upcoming two to three years. IEA expects that if investments remain insufficient, the effective global spare capacity cushion will fall to only 2.2% of demand by 2020, the lowest number since 2007.

Exploration activity which was the worst hit during the price downturn is picking up again with the recovery in prices. Some of the recent discoveries such as Ranger by Exxon Mobil in Guyana, Whale by Shell and Ballymore by Chevron in US Gulf of Mexico and Zama by Talos and Amoca-Mizton-Tecoalli by ENI in Mexico have boosted the confidence of the industry and bought the focus back on exploration. In gas, Yakaar by Kosmos BP and Calypso by ENI have been the significant recent discoveries.

The earlier drop in the prices has forced explorers to positively reappraise their strategy, prospect evaluation and focus. This appears to have translated into more discipline in exploration efforts now. As per Woodmac, exploration costs have more or less halved, and difficult wells in tricky locations are being avoided. Companies are focusing on plays where discoveries have a clear path to commercialization. The industry is high-grading and sharpening its strategies[3]. However, considering the volatility, recovery in exploration activities is expected to be slow and cautious.

Movement and sustenance of the prices above breakeven have given a now boost to the projects under development. As per information available at Woodmac 32 projects have reached FID in 2017, which is over a threefold increase on the lows of 2015. Continuing the trend, this year 15 major fields have made FID by May 2018. More of a focus this year has been witnessed on gas projects, particularly offshore Asia and onshore Middle East. Smaller and leaner projects have been on the focus and as per Woodmac average project size has fallen to 265 mmboe, costing an average US$ 2.0 bn in investment, both less than the respective numbers in 2017[4].

General uncertainty, a lack of finance-ability and disparity on oil price expectations during the price downturn adversely impacted the M&A activities in the industry. Buyers and Sellers found it difficult to achieve a consensus about the fair valuation of the assets during the downturn. As per information available with Woodmac, M&A activities hit bottom in 2015 when only 334 deals were transacted globally, one third down on the three prior years. If giant acquisition of BG by Shell is excluded, total spend that year was only US$ 55 billion, the lowest for a decade. Activity has picked up during 2016 and 2017 with average 400 deals, up 20%. Much of M&A activities recently have been focused on the USA, but other regions have also experienced a sharp uptick. M&A Spend has recovered to US$128 Billion in 2016 and US$143 bn in 2017, close to the annual average for the decade[5].

A consensus seems to have emerged on valuation price which is in broad alignment of US$60-70 / bbl Brent as the range. However, M&A activities during the current year have been constrained by two broad factors. First, the recent geopolitics led price volatility again undermined the consensus view on future prices and secondly the uncertainties about future are still leading the companies to give priorities to returns and cash generation against putting whole hearted efforts towards growth. We expect that when in near future the volatility in the prices settles down and geopolitical uncertainties subside, a good uptick in the M&A activities will be witnessed.

Shale revolution has become a path breaking phenomenon throughout the past few years. Analysts have predicted that riding on shale boom, U.S. could become the world's largest oil producer in 2018, surpassing Saudi Arabia and Russia. EIA continues to forecast large increases in US shale oil production, particularly from the Permian Basin. However an increasing number of observers, such as the Wall Street Journal are warning that increasing costs and limitations on infrastructure will limit the pace at which US shale oil production can be increased[6].

Renewable energy sources are also going through a revolutionary phase and there is a growing realization that renewables are going to play a major role in any sustainable future energy mix. However, with rapidly evolving technology there is lack of clarity on the timelines and the roadmap for the energy transition. To be prepared for any disruptive changes in future and to reduce their carbon footprints, most of the majors are including exposure to renewables in some form to their future growth strategies. BP, Total, Statoil, ENI, Shell etc. have shown their plans to focus on renewable energy sources and technologies, such as Solar, Wind, Battery Storage and charging etc[7].

Recovery in prices have worked well in bringing stability of Fiscal terms across the globe. One notable change in the Fiscal terms recently has been Federal Corporate Income Tax (CIT) cut in the United States, passed in December 2018. As per estimates of Woodmac the CIT rate cut from 35% to 21% in the United States will potentially add over US$192 billion to the value of oil and gas assets.

Overall the industry appears to be emerging out of a difficult phase and heading towards a brighter and stable future. While emerging disruptive technologies are bringing in challenges, industry is resiliently adapting itself with the changes and emerging stronger with the new learnings. In the rapidly evolving business dynamics, industry is growing its strengths by adopting & promoting new ideas and fostering innovation to maintain its standing in the race for survival of the fittest.

3. STRENGTH AND WEAKNESSES

Your Company is the first Indian International E&P Company to produce Equity Oil and Gas outside India and established a diverse portfolio of 41 Oil and Gas Projects in 20 countries as of June 2018. Your Company has developed relations with most of the National Oil Companies (NOCs) and International Oil Companies (IOCs) and is considered to be a partner of choice by many of them. A fair degree of risk mitigation has already been achieved by partnering with some of the leading IOCs like Exxon, Shell, BP, Chevron, Rosneft, TOTAL, ENI, ADNOC, Repsol, SOCAR, Petrobras, PDVSA, PetroVietnam, CNPC, Sinopec, Ecopetrol, Petronas, KazMunaiGas, MOGE, etc. Your Company has also developed working relationship contacts with reputed bankers, advisors, service providers etc.

Your Company has, thus, established itself as a credible player in the international E&P market, which is evident from the fact that it has been able to register its presence in many of the oil producing provinces. Your Company has adopted an aggressive acquisition strategy and aims to sustain the exploration efforts through allocation of its internal resources for attractive projects.

Your Company has derived a great strength from the technical and financial strength of its parent company ONGC, while also putting strenuous efforts to enhance its in house technical expertise. Your Company is also receiving great support from Government of India in our efforts for energy security of the Country.

However, being a Public Sector Undertaking, there are some limitations for the Company, in terms of decision making process. Your Company has been pursuing with MoP&NG for enhancement of empowerment of its Board as the present empowerment is insufficient even for carrying out the Minimum Work Program in exploratory assets.

4. OPPORTUNITIES AND THREATS

Your Company is diligently following its aggressive plan of expansion and investing efforts to harness the opportunities available through both inorganic and organic route to meet its targets and objectives. Although past few years were difficult for the industry to some extent, your company emerged stronger through its focused approach and robust strategy.

Your Company has established itself as a credible and reliable partner in its projects. We

3 The Edge: Exploration getsitsmojo back, Woodmac
4 Q1 2018 pre-FID upstream project tracker: Asia and the Middle East lead the pack, Woodmac
5 The Edge: UpstreamM&A and oil price uncertainty, Woodmac
6 Peak Oil Review 23rd April 2018
7 The Edge: Positioning for the energy transition, Woodmac

have a well-diversified and balanced portfolio of producing, developing and exploratory assets across the globe and aggressively expanding the business to achieve the ambitious targets. During the price downturn your company secured acquisition of 26% shareholding interest in JSC Vankorneft in Russia and 4% PI in Lower Zakum Project in UAE, which helped to substantially increase the production.

The Oil & Gas industry has emerged stronger from the difficult days and Your Company see a very prospective future coming ahead. Your Company represents India, which is expected to be a major driver of future demand growth for petroleum and petroleum products and is therefore emerging as a focus area for most of the large producers globally. This is a significant advantage while striking partnerships with industry leaders. Your Company endeavors to bring its equity oil to India and contribute directly to the energy security of the nation.

In line with the predictions of the renowned institutions such as IMF & IEA, we expect the global economy to perform robustly and demand for Oil and Gas to grow at a decent rate in near future. It is expected that reducing uncertainty and a more settled view about the future price outlook shall substantially improve both the qualitative and quantitative aspects of the inorganic growth opportunities in coming years. This will help us in pursuing our targets even more aggressively.

E&P business is a cyclic business and your company is not immune from the nature of the Industry. Also, it must be acknowledged that E&P business is inherently a risk prone business and despite all our efforts to develop a robust Risk Management capabilities, some residual risks are very difficult to be eliminated.

Your company is closely monitoring the progress being made in the domain of Shale Oil & Gas and Renewable Energy. There is no doubt that shale has established itself as an important player in the dynamics of E&P industry, but exploitation at commercial scale has been so far limited to US. Even there, the competition is very intense and profitability of operations is still under question[8]. Renewables along with Electric Vehicles are growing at a fast pace and appears to have a promising future, but they have to overcome several technical, financial and infrastructural challenges to penetrate the mass market.

8 Why Is The Shale Industry Still Not Profitable?, OilPrice.com

5. OUTLOOK

Your Company has an ambitious target of raising its production to 60 MMtoe by FY'30, from little over 14 MMtoe at present. In accordance with the target, it is diligently working to raise the production from both organic and inorganic means. Your Company has registered presence in various oil provinces of the world and steadily looking for attractive assets. It has earned a reputation of commercially and operationally sound company and therefore numerous opportunities keep coming for its consideration.

Our focus is on acquiring mid-size (about 1 million ton working interest production) to large size near term producing and/or discovered assets, across the world with material oil and gas reserves which are accessible. In addition the company is on a continuous look out for acquiring high impact exploration acreages which, upon successful exploration, can contribute in meeting the long term Prospective Plan (PP) 2030 targets.

Striving towards the targets, Your Company has made significant progress by acquiring 4% shareholding in Lower Zakum Project in UAE in partnership with two other sister PSUs, Indian Oil Corporation Limited (IOCL) and Bharat Petro Resources Limited (BPRL) on 10th February 2018. This project will increase the production of your company by about 16000 barrels / day. Your company has also acquired two exploratory projects during the year Block PEL 0037 in Namibia and Block 32 in Israel.

Considering the ambitious targets, going forward growth will involve substantial fund requirement and Your Company intends to use full headroom of balance sheet of ONGC and ONGC Videsh to finance these acquisitions coupled with equity and project financing. Your Company is consistently putting efforts for acquiring, retaining and training of manpower with specific skill sets, revamping of internal processes and dynamically evolving business development strategy.

6. INTERNATIONAL ALLIANCES FOR BUSINESS GROWTH DURING THE YEAR

Your Company has entered into followings significant Memorandum of Understandings (MoUs) during the past year to strengthen its alliance with other like-minded global partners:

1. **MoU with TPAO, Turkey:** Your Company has signed a MoU with TPAO on 12th July 2017 to evaluate Oil and Gas opportunities in upstream as well as any other mutually identified and agreed area.
2. **MOU with PEMEX, Mexico:** An MoU was signed between PEMEX Exploration and Production and Your Company on 25th September 2014. The term of this MoU has been extended till 24th September 2019, by an amendment to the original MoU. The MoU aims for cooperation between the two companies in 1) the upstream sector in Mexico, India and third countries and 2) the fields of technology, human resource, research and development.
3. **MoU with GeoPark, Latin America:** Your Company and GeoPark Ltd., a Latin America focused E&P Company, entered into a MoU for cooperation for acquisition of Oil & Gas Assets in Latin America on 16th February 2018. The MoU envisages the formation of a new long term strategic partnership to jointly acquire, invest in, and create value from upstream oil and gas projects with the objective of building a large-scale, economically-profitable and risk-balanced portfolio of assets and operations across Latin America.

Your Company shall continue to increasingly engage in such alliances through agreements and Joint Ventures.

7. RISKS AND CONCERNS

Your Company participates and operates in politically, geographically and technologically challenging environments. In the projects and countries where your Company has large investments, the risks of expropriation, change in fiscal regime, additional taxes and increase in Government share or restrictions on exports of oil could materially affect the performance. However, due to importance of oil and gas industry to the local economies, host Governments in their own interest would not like to de-stabilize the oil companies.

A large proportion of our international investments so far had been in the form of joint ventures, where Your Company is not the operator. In the course of such investments, Your Company is to an extent dependent on the operating partner. However, a thorough due diligence of operators/ partners, is done while entering in to such projects and investments are being made only in the projects with reputed and reliable operators. Your Company is also increasingly starting to take up a more proactive role by taking operatorship in projects.

Some of our projects are in the countries where there are unresolved conflicts, unrests, larger issues of governance and territorial/ ethnic divisions; some also face terrorism and reactionary protests on continued basis. Your Company's operations in some of the countries like Syria, South Sudan and Sudan have been affected due to some of these factors and this may continue to remain a challenge in future also. Further, the oil and gas business involves high exploration and technology risks and there are inherent HSE risks in the oil & gas business, particularly in offshore.

Volatility in the Oil and Gas prices during the past few years has also emerged as a major risk which not only affects the financials of the existing projects but also makes it difficult to evaluate the available opportunities. There is also an emerging threat for traditional E&P industry from any disruptive developments in Renewables and Electric Vehicles space.

Your Company is closely monitoring the associated and emerging risks for the enterprise and industry and calibrating the strategy for mitigation on continuous basis. Significant initiatives have been taken in Enterprise Risk

Management to enhance the governance and sustainability practices. In recognition of our successful efforts, we have been conferred Golden Peacock Award for Risk Management 2017, instituted by the Institute of Directors (IOD) in December 2017, during Global Convention on Corporate Ethics & Risk Management held at Singapore and the ICICI Lombard & CNBC TV 18 India Risk Management award in the category of Best Risk management & Systems – Risk Technology.

8. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company's internal control systems are commensurate with the nature of its business as well as the size and complexity of its operations. Your Company has put in place adequate systems to ensure that assets are safeguarded against loss from unauthorized use or disposition and all transactions are authorized, recorded and reported.

During the year 2017-18, internal audit was carried out by PricewaterhouseCoopers (PwC) in a phased manner, which had independently evaluated adequacy of internal control system. The controls were tested and no reportable material weakness in the design or operation was observed. Significant audit observations of internal auditors and follow up actions thereon have been reported to the Audit Committee.

9. PHYSICAL PERFORMANCE

A. Reserves

ONGC Videsh's share of total reserves (3P) of oil and oil equivalent gas as on 1st April, 2018 was 738.404 MMTOE and the Reserves-to-Production (R/P) Ratio considering proved reserves was 20.50.

B. Production

The Crude Oil Production (including condensate) was 9.353 MMT during 2017-18 as compared to 8.434 MMT during 2016-17. Production of natural gas was 4.811 BCM during 2017-18 as compared to 4.369 BCM during 2016-17. Thus, total oil and gas production during FY'18 was 14.164 MMToe which is 103.7% of MOU Very Good target and 10.6% higher than last year's production. The details of production during the last twelve years are given below:

PARTICULARS	Crude Oil (MMT)*	Gas (BCM)	Total(O+OEG) (MMTOE)
FY'18	9.353	4.811	14.164
FY'17	8.434	4.369	12.803
FY'16	5.510	3.406	8.916
FY'15	5.533	3.341	8.874
FY'14	5.486	2.871	8.357
FY'13	4.343	2.917	7.260
FY'12	6.214	2.539	8.753
FY'11	6.756	2.692	9.448
FY'10	6.513	2.357	8.870
FY'09	6.556	2.220	8.776
FY'08	6.840	1.962	8.802
FY'07	5.804	2.148	7.952

* including Condensate

11. HUMAN RESOURCE/ INDUSTRIAL RELATIONS

ONGC Videsh follows the HR policies of its parent company ONGC. In addition, the Company also provides the necessary training and conducts development programmes to imbibe the necessary skills required to operate in an international environment. Further, the Company deputes its personnel along with other international experts, in joint venture projects with major oil and gas companies, which enables them to upgrade their skills in terms of new technologies, working in international environment etc.

The Company has been operating mainly with manpower provided by the parent company. Your Company calibrates its manpower levels and quality with its expanding requirements and challenges in various parts of the world. The total manpower of your Company as on 31st March, 2018 was 237 executives posted in Headquarters Delhi. In addition, global manpower of your Company employed by overseas projects abroad was 1,842 (including 82 executives of ONGC Videsh posted abroad) as on 31st March 2018 (calculated based on proportionate PI of your Company in overseas projects). Your Company achieved its targets in smooth industrial relations environment and no man-day was lost on account of any Industrial Relations issue.

12. ENVIRONMENT

Your Company is committed to comply with all applicable environmental legal requirements, wherever it operate, in line with its policy. It is committed to prevention of pollution, injury & ill health.

From the FY'13, ONGC Videsh has started bringing out its Sustainability Report, which shows its commitment to its stakeholders to conduct business in an economically, socially, environmentally sustainable manner that is both transparent and ethical.

Sustainability report of ONGC Group for FY'17 was released which is based on GRI G4 guidelines with Oil & Gas Sector Supplement and is externally assured 'Core' report.

13. CORPORATE SOCIAL RESPONSIBILITY

Your Company, having overseas operations, understands its responsibility to contribute to the communities and economies of the countries in which it operates. Your Company has been achieving a fine balance of economic, environmental and social imperatives based on the factors implemented into the policy structure and decisions of CSR Committee.

Your Company makes valuable contribution in many ways such as the paying of tax revenues to governments; investing in education and training, improving employment opportunities for nationals and providing medical/sports/agricultural facilities to the local community.

In terms of requirements of the Companies Act, 2013, your Company constituted a Corporate Social Responsibility and Sustainability Committee and one of the member of the Committee is an Independent Director. As your Company has all its operations outside India, the eligible "Net Profit" for the purpose of CSR was Nil for FY'18 and expected to be the same in future years also.

However, ONGC Videsh has been undertaking community development projects in and around its project locations (i.e. outside India) as per local requirements/ guidelines/ practices prevailing in the countries of operations as per contractual requirements and not using CSR funds.

14. CAUTIONARY STATEMENT

Statements in this Management Discussion and Analysis may be 'forward looking' within the meaning of the applicable Laws and Regulations. Actual performance may deviate from the explicit or implicit expectations.

A moulding workshop in Vung Tau College of Technology, Vietnam-ONGC Videsh makes valuable contribution to the local communities

CORPORATE GOVERNANCE REPORT

Offshore platform Deep water Gunashli in Azerbaijan

ONGC Videsh Limited continues to make efforts towards achieving highest standards of corporate governance and responsible management practices and is all about maintaining a valuable relationship and trust with all stakeholders. The details of compliance of Guidelines on Corporate Governance by the Company are provided in the following sections.

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

The Company's vision is to be a world-class exploration and production company providing security oil to the nation. Its philosophy on Corporate Governance is to conduct business in an efficient, transparent, ethical and responsible manner. The Company believes that good corporate governance goes beyond legal compliances and therefore embedded in the system all across.

2. BOARD OF DIRECTORS

2.1 Composition of the Board

The Company is managed by the Board of Directors, which formulates strategies & policies and reviews its performance periodically. As per Articles of Association (AOA) of the Company, the number of Directors shall not be less than three and not more than fifteen. As per AOA, Oil and Natural Gas Corporation Limited (ONGC), the parent company, appoints the Chairman and all part time Directors and the President of India appoints all whole-time Directors, including Managing Director on the Board of the Company.

Presently, the Board of your Company comprises four Whole time Directors and seven non-executive Directors (one Non-Executive Chairman; two part-time official Govt. nominee Directors and four Independent Directors).

The Chairman & Managing Director of ONGC is also the Chairman of the Company. The Managing Director who is the Chief Executive Officer of the Company and three whole-time Directors i.e. Director (Operations), Director (Exploration) and Director (Finance) manage the business of the Company under the overall supervision, control and guidance of the Board. In addition, Joint Secretary (International Cooperation), Ministry of Petroleum and Natural Gas (MoP&NG), Government of India and Joint Secretary, Department of Economic Affairs, Ministry of Finance (MoF) are part-time Directors on the Board of the Company.

To get benefits of broader domain expertise, all Functional Directors on the Board of ONGC are Special Invitees to the Board meetings.

Present composition of the Board of Directors of the Company is as follows:

Non-Executive Chairman:	
Shri Shashi Shanker	Chairman (w.e.f. 12th October 2017 & Special Invitee upto 11th October 2017)
Shri D. K. Sarraf	Chairman (upto 30th September 2017)
Whole-time Directors:	
Shri Narendra K. Verma	Managing Director
Shri P. K. Rao	Director (Operations)
Shri Sudhir Sharma	Director (Exploration)
Shri Vivekanand	Director (Finance)
Part-time Official Nominee Directors:	
Shri Sunjay Sudhir, Joint Secretary (IC)	Director
Dr. Kumar V. Pratap, Joint Secretary (IP&F)	Director (w.e.f. 16th January 2018)
Ms. Sharmila Chavaly, Joint Secretary, DEA, MoF	Director (upto 16th January 2018)
Part-time Non-Official Directors:	
Shri Ajai Malhotra	Independent Director
Shri Bharatendu Nath Srivastava	Independent Director (w.e.f. 15th September 2017)
Smt. Kiran Oberoi Vasudev	Independent Director (w.e.f. 15th September 2017)
Shri Rakesh Kacker	Independent Director (w.e.f. 15th September 2017)
Special Invitee:	
Shri D. D. Misra	Special Invitee (upto 30th June 2018)
Shri A. K. Dwivedi	Special Invitee
Shri Subhash Kumar	Special Invitee (w.e.f. 31st January 2018)
Shri Rajesh Kakkar	Special Invitee (w.e.f. 19th February 2018)
Shri Sanjay Kumar Moitra	Special Invitee (w.e.f. 18th April 2018)
Shri T. K. Sengupta	Special Invitee (upto 31st December 2017)
Shri V. P. Mahawar	Special Invitee (upto 28th February 2018)
Shri A. K. Srinivasan	Special Invitee (upto 31st October,2017)

2.2 Recording of minutes of proceedings at the Board/ Committee Meeting

The Company Secretary records minutes of the proceedings of each Board/ Committee meeting(s). Draft minutes are circulated to all the members of Board/ Committee(s) and approved by the Chairman of the Board/ Committee(s). These minutes are noted in the subsequent meeting of the Board/ Committee(s) upon finalization. The approved Minutes of the proceedings of the meetings are entered in the Minutes Book.

2.3 Follow-up mechanism

The guidelines for the Board/ Committee meetings facilitate an effective post-meeting follow-up, review and reporting process for the action taken on decisions of the Board and Committee. The Action Taken Report (ATR) on the decisions/ instructions/ directions of the Board and Board's Committees is submitted to the Board and respective Board's Committees.

2.4 Compliance

Section 134(5)(f) of the Companies Act, 2013 inter-alia provides for devising proper systems to ensure compliance with the provisions of all applicable laws. ONGC Videsh has compliance reporting system in place based on applicable legal compliances of various applicable Acts/ Laws/ Rules/ Regulations/ secretarial Standards/ Guidelines as applicable in India. Reporting was initially started on yearly basis and gradually improved to half-yearly and thereafter on quarterly basis.

Further to strengthen the compliances reporting system, the Company voluntarily provides compliance status of its overseas offices, projects held by the Company and compliance status of overseas subsidiaries and projects held thereunder.

2.5 Training and Evaluation of Board members

A. Training of Board Members

The Department of Public Enterprise (DPE) has issued Guidelines on Corporate Governance, 2010 which requires that the Company shall undertake training programs for its Board members viz. Functional, Government Nominee and Independent Director(s) in the business model of the company including risk profile of the business of the company, responsibility of respective Directors and the manner in which such responsibilities are to be discharged. They shall also be imparted training on Corporate Governance, model code of business ethics and conduct applicable for the respective Directors. SEBI (LODR) Regulations, 2015 inter-alia provides that the Board of Directors shall encourage continuing directors training to ensure that the members of Board of Directors are kept up to date.

In compliance to the DPE Guidelines, ONGC Videsh has adopted a Policy on training of Directors, which provides for three tier training policy for Directors:

- Induction Training;
- External Training; and
- Board Presentation.

The non-executive Board members are eminent personalities having wide experience in the field of administration, international relations, education, industry and commerce. Their presence on the Board has been advantageous and fruitful in taking business decisions.

As and when a Director joins the Board of ONGC Videsh, the incorporation documents, code of conduct applicable for Board members and Annual Report of the Company are provided to apprise about the business and operations of ONGC Videsh. Further, a detailed presentation covering history of ONGC Videsh, its global footprints, physical and financial performance etc. is made for acquainting the new Director with the operations of ONGC Videsh.

S/Shri Bharatendu Nath Srivastava, Rakesh Kacker, Smt. Kiran Oberoi Vasudev, Independent Directors and Dr. Kumar. V. Pratap, Govt. Nominee Director were provided a brief presentation on activities of ONGC Videsh alongwith interaction with whole- time Directors.

B. Policy on Performance Evaluation of Directors

ONGC Videsh being a Government Company, the provisions of section 134(3)(e) and (p), 149(6)(a) and (c), and 178(2),(3) and (4) of the Companies Act, 2013 with regard to appointment, Performance Evaluation of Directors etc. have been exempted by the Government of India, Ministry of Corporate Affairs vide Gazette notification dated 5th June 2015.

2.6 Board Meetings

1. Submission of Agenda for Board and Committee meetings:

ONGC Videsh has launched a secured web portal for distribution and easy access of Agendas/ Presentation/ other Informations of Board and Committee meetings materials. The portal can only be accessed through User ID protected by Password. The Portal is an additional facilitation to members/ invitees to disseminate materials relating to Board/ Committee meetings. It facilitates easy access to materials at all locations.

2. Board meetings held during the financial year:

Eleven Board Meetings were held during the financial year 2017-18 on the following dates:

25 April 2017	**22 May 2017**	**26 June 2017**	**03 August 2017**
16 August 2017	**15 September 2017**	**13 November 2017**	**27 November 2017**
18 January 2018	**07 February 2018**	**12 March 2018**	

The minimum and maximum interval between any two Board meetings was 13 days (3rd August, 2017 – 16th August, 2017) and 59 days (15th September, 2017 - 13th November 2017) respectively.

2.7 Board Attendance

3 BOARD COMMITTEES

Your Company has constituted the following committees of the Board:

3.1 AUDIT COMMITTEE

3.1.1 Composition of the Audit Committee

The composition of the Audit Committee during the financial year 2017-18 was as follows:

- Shri Rakesh Kacker, Member and Chairman (w.e.f. 23rd October, 2017);
- Smt. Kiran Oberoi Vasudev, Member (w.e.f. 23rd October, 2017);
- Shri Bharatendu Nath Srivastava, Member (w.e.f. 23rd October, 2017);
- Shri Ajai Malhotra, Member and Chairman (upto 22nd October,2017);
- Shri Sunjay Sudhir, Member (upto 22nd October, 2017);
- Shri P. K. Rao, Member (upto 22nd October,2017); and
- Shri Sudhir Sharma, Member (upto 22nd October, 2017).

All members of the Audit Committee have requisite financial and management experience. All Whole time Directors, Head of Corporate Accounts and Auditors are the Permanent Invitees to Committee's meetings. Representatives of Statutory Auditors are invited to attend and participate in meetings. Executives of Finance and other departments are invited on need basis.

Company Secretary acts as the Secretary to the Committee.

3.1.2 Role of the Audit Committee

The role of the Audit Committee includes the following:

1. Oversee of the company's financial reporting process and the disclosure of its financial information to ensure that the financial statements are correct, sufficient and credible.
2. Recommending for appointment, remuneration and terms of appointment of auditors of the Company.
3. Approval of payment to statutory auditors for any other services rendered by the statutory auditors except prohibited services under the Companies Act, 2013.
4. Reviewing Management Discussion and Analysis of financial condition and results of operations.
5. Examining and reviewing, with the management, the annual financial statements and auditor's report thereon, before submission to the Board for approval, with particular reference to:
   a) Matters required to be included in the Directors' Responsibility Statement and in the Director's Report in terms of clause (c) of sub section (3) of section 134 of the Companies Act, 2013;
   b) Changes, if any, in accounting policies and practices and reasons for the same;
   c) Major accounting entries involving estimates based on the exercise of judgment by management;
   d) Significant adjustments made in the financial statements arising out of audit findings;
   e) Compliance with listing and other legal requirements relating to financial statements;
   f) Disclosure of any related party transactions; and
   g) Qualifications in the draft audit report, if any.
6. Reviewing, with the management, the quarterly/ half yearly financial statements as may be required before submission to the Board for approval.
7. Reviewing, with the management, performance of statutory and internal auditors and adequacy of the internal control systems.
8. To call for the comments including observations of the auditors about internal control systems, the scope of Audit and review of the financial statements before their submission to the Board and may also discuss any related issues with the internal and statutory auditors and the Management of the company.
9. Reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit.
10. Discussion with internal auditors and/ or auditors any significant findings and follow up there on.
11. Reviewing & discuss internal control weaknesses with the internal auditors.
12. Reviewing of Management letters/letters of internal control weaknesses issued by the statutory auditors.
13. Reviewing the findings of any internal investigations by the internal auditors/ auditors/ agencies into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board.
14. Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern.
15. To review and monitor the auditor's independence, performance and effectiveness of audit process.
16. To look into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors.
17. To scrutinize inter-corporate loans and investments.
18. To review & monitoring with the Management, the end use of funds raised through public offers and related matters.
19. To review and oversee the Whistle Blower Mechanism.
20. To review the follow up action on the audit observations of the C&AG audit.
21. Review/ check the contracts on nomination basis as per CVC guidelines.
22. To review the follow up action taken on the recommendations of Committee on Public Undertakings (COPU) of Parliament.
23. Provide an open avenue of communication between the independent auditor, internal auditor and the Board of Directors.
24. Review and approve all related party transactions and any subsequent modifications of transactions with related parties as reported by the Management in the Company. For this purpose, the Audit Committee may designate a member who shall be responsible for reviewing related party transactions.
25. Review with the independent auditor the co-ordination of audit efforts to assure completeness of coverage, reduction of redundant efforts, and the effective use of all audit resources.
26. Consider and review the following with the independent auditor and the management:
   - The adequacy of internal controls including computerized information system controls and security, and
   - Related findings and recommendations of the independent auditor and internal auditor, together with the management responses.
27. To evaluate internal financial control and Risk Management systems/framework.
28. Consider and review the following with the management, internal auditor and the independent auditor :
   - Significant findings during the year, including the status of previous audit recommendations.
   - Any difficulties encountered during audit work including any restrictions on the scope of activities or access to required information.
29. To consider the valuation of undertakings or assets of the company, wherever it is necessary.

3.5 CORPORATE SOCIAL RESPONSIBILITY & SUSTAINABILITY COMMITTEE

ONGC Videsh, having overseas operations, understands its responsibility to contribute to the communities and economies of the countries in which it operates. It has been achieving a fine balance of economic, environmental and social imperatives based on the factors implemented into the policy structure and decisions of CSR Committee. The Company is making valuable contribution in many ways such as payment of tax revenues to governments; by investing in education and training and improving employment opportunities for nationals; providing medical/ sports/ agricultural facilities to the local community etc.

In terms of requirements of the Companies Act, 2013, ONGC Videsh had constituted a Corporate Social Responsibility and Sustainability Committee and the Chairman of the Committee is an Independent Director.

As ONGC Videsh has all its operations outside India, the eligible "Net Profit" for the purpose of CSR was 'Nil' for FY'18 and expected to be the same in future years also.

However, ONGC Videsh has been undertaking community development projects in and around its project locations (i.e. outside India) as per local requirements/ guidelines/ practices prevailing in the countries of operations.

3.5.1 Composition of Corporate Social Responsibility & Sustainability Committee

ONGC Videsh constituted Corporate Social Responsibility & Sustainability (CSR&S) Committee as approved by the Board in its 381st meeting held on 21st August 2013.

The composition of CSR&S Committee during the financial year 2017-18 was as follows:

- Shri Sunjay Sudhir, Member and (Chairman w.e.f. 23rd October 2017);
- Shri Ajai Malhotra, Member (Chairman upto 22nd October, 2017);
- Shri Narendra K. Verma, Member;
- Shri P. K. Rao, Member; and
- Shri Vivekanand, Member.

Company Secretary acts as the Secretary to the Committee.

3.5.2 Role of the Corporate Social Responsibility & Sustainability Committee

The terms of reference of the Corporate Social Responsibility & Sustainability Committee are to oversee the implementation of the CSR & Sustainability activities.

3.5.3 Minutes of the Corporate Social Responsibility & Sustainability Committee

Minutes of the meeting of the CSR&S Committee are approved by the Chairman of the Committee, noted in the subsequent meeting of the Committee and the Board.

3.5.4 Meetings

No meetings of the CSR&S &R Committee were held during the financial year 2017-18:

4. OTHER FUNCTIONAL COMMITTEE(S)

Apart from the above, the Board from time to time also constitutes Functional Committees with specific terms of reference as it may deem fit and accordingly meetings of such Committees are held as and when the need for discussing the matter arises. Time schedule for holding the meetings of such Committees is finalised in consultation with the Committee members.

5. EQUITY SHARES HELD BY DIRECTORS (AS ON 31ST MARCH, 2018)

Shri Shashi Shanker, Shri Narendra K. Verma and Shri Vivekanand hold one share each of the Company as nominee of Oil and Natural Gas Corporation Limited.

6. CODE OF CONDUCT FOR MEMBERS OF THE BOARD AND SENIOR MANAGEMENT

The Company is committed to conduct its business in accordance with the highest standards of business ethics and comply with applicable laws, rules and regulations. A code of conduct, evolved in line with the parent Company ONGC was adopted by the Board which is applicable to all Members of the Board and Senior Management who have confirmed compliance with the Code of Conduct for the year under review. A copy of the Code is available on the Company's website www.ongcvidesh.com

A declaration signed by Chairman of the Company is given below:

"I hereby confirm that:

The Company has obtained from the Members of the Board and Senior Management, affirmation that they have complied with the Code of Conduct for Directors and Senior Management during the financial year 2017 - 18."

Sd/-

Date: 7th September, 2018

(Shashi Shanker)

Chairman

Form No. MR-3

SECRETARIAL AUDIT REPORT

For the Financial Year ended 31st March, 2018

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

ONGC Videsh Limited

Pandit Deendayal Upadhyaya Urja Bhawan,

Tower B, Plot No. 5A - 5B, Nelson Mandela Marg,

Vasant Kunj, New Delhi -110070

In terms of the provisions of the section 204(1) of the Companies Act 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, Guidelines on Corporate Governance for Central Public Enterprise as stipulated in the O. M. No. 18 (8) 2005-GM dated 14th May 2010 of Ministry of Heavy Industries and Public Enterprise, Government of India (the DPE Guidelines on Corporate Governance) and other applicable provisions, if any, (including any statutory modification(s) or re-enactment thereof for the time being in force) we have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by ONGC Videsh Limited, (hereinafter referred to as "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2018 according to the provisions of:

I. The Companies Act, 2013 (the Act) and the rules made thereunder;

II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;

III. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

IV. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

   a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; Not Applicable since there was no activity relating to Substantial Acquisition of Shares and Takeovers during the period under review.

   b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;

   c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; Not Applicable since there has been no activity relating to Issue of Capital during the period under review.

   d. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; Not Applicable as the Company has not issued/ proposed to issue any Employee Stock Option Scheme and Employee Stock Purchase Scheme during the financial year under the review.

   e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

   f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; Not Applicable as the Equity shares of the Company are not listed.

   g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; Not Applicable as the Company has not delisted/ proposed to Delist its equity share from any stock exchange during the financial year under review.

   h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; Not Applicable as the Company has not bought back/ proposed to buy back any of its securities during the financial year under the review.

   i. The Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015.

VI. The Company has not identified any law as specifically applicable to the Company. Since all the operations of the Company are based out of India and as such subject to the laws of respective countries, we have not reviewed the compliance with respect to the laws as applicable out of India.

VII. Guidelines on Corporate Governance for Central Public Enterprise as stipulated in O. M. No. 18(8)2005-GM dated 14th May, 2010 including any statutory modification(s) or re-enactment thereof for the time being in force) of Ministry of Heavy Industries and Public Enterprise, Government of India (the DPE Guidelines on Corporate Governance).

   We have also examined compliance with the applicable clauses of the following:

   i. Secretarial Standards issued by The Institute of Company Secretaries of India; and

   ii. The Listing Agreements entered into by the Company with National Stock Exchange India Ltd, for the listing of Debt Securities.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations;

1. The composition of the Board of Directors of the Company during the Financial Year 2017-18 for the period commencing from 1st April, 2017 till 14th September, 2017, did not comply with the provisions of Section 149 of the Act and the DPE Guidelines on Corporate Governance with regard to the appointment of Independent Directors and consequently, the composition of the Audit Committee and Remuneration and Nomination Committee was also not as per the requirements of the Act and DPE Guidelines on Corporate Governance for Central Public Enterprise.

We further report that

Subject to our observations at Serial No. 1 above, during the period under review, the Board of Directors of the Company was duly constituted with proper balance of Executive Directors, Non-Executive Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance of the Board Meeting. However, if required, supplementary note(s) on agenda are sent later, at shorter notice, for information of the board members and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

The agenda items are discussed before passing the same and the decisions as taken by the Board of Directors/ Committees are recorded in the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, the company has not entered into/ carried out any specific events/ actions which may have a major bearing on the company's affairs.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF ONGC VIDESH LIMITED FOR THE YEAR ENDED 31 MARCH 2018 AND MANAGEMENT REPLY THERETO:

S No.	Comments	Management Reply
	The preparation of financial statements of ONGC Videsh Limited for the year ended 31 March 2018 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139(5) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 23 May 2018. I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under section 143(6) (a) of the Act of the financial statements of ONGC Videsh Limited for the year ended 31 March 2018. This supplementary audit has been carried out independently without access to the working paper of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. Based on my supplementary audit, I would like to highlight the following significant matters under section 143(6)(b) of the Act, which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statements and the related Audit Report:	Statement of fact
A.	**Comments on Statement of Cash Flows**	
A.1	Cash flow from investing activities shows an inflow of ₹ 805.38 million instead of an outflow of ₹ 2659.78 million due to omitting an amount of ₹ 3465.16 million on account of wells written off during the year and impairment of intangible assets from Cash flows under Operating Activities (Inflow) as well as Cash Flows under Investing Activities (Outflow). This resulted in overstatement of Cash flow from investing activities by ₹ 3465.16 million and understatement of Cash flows from Operating Activities by same amount.	The Company has noted the observations for review / compliance in subsequent period.
A.2	While calculating cash flows from operating activities (comparative figures for the previous year) the Company added, instead of reducing, gain on partial buy-back of equity shares by subsidiaries amounting to ₹ 1368.52 million in operating profit. This has resulted in overstatement of cash flow from operating activities of previous year by ₹ 2737.04 million.	
A.3	While calculating cash flows from operating activities (comparative figures for the previous year) the Company has deducted ₹ 257.76 million instead of ₹ 571.62 million from the profit for the previous year on account of interest income. This has resulted in overstatement of cash flows from operating activities of previous year by ₹ 313.86 million.	

S No.	Comments	Management Reply
B.	**Comment on Auditors' Report and disclosure**	
	<u>Claims against Company/disputed demands not acknowledged as Debt (Note 46.1): ₹ 98928.24 million</u> The Statutory Auditors, while reporting upon the disputed statutory dues in Para vii (b) of Annexure "A" to the Independent Auditor's Report, have not reported upon the disputed interest and penalty. Further, the Company has disclosed an amount of ₹ 91,553.85 million on account of disputed liabilities of Income tax and Service tax. However, amount of interest /penalty that could be levied on above claims under various Statutes, if these cases are not decided in favour of the Company, has not been disclosed.	Response of Statutory Auditors is enclosed as Appendix "A". Management has assessed and disclosed the contingent liability keeping in view the facts and circumstances on the Balance Sheet date including past decisions taken by taxation and judicial authorities. The Company has disclosed contingent liability of ₹ 14,892.84 million towards disputed income tax demands and ₹ 76,661.01 million towards disputed Service Tax demand-cum-show cause notices. Details of the related contingent liability have been disclosed in Note no. 46.1 to the Standalone Financial Statement. As regards income-tax demands, more than 90% of the additions are covered by decisions at appellate level in favour of the Company. Therefore the chances of interest and penalty are remote. As regards the demand-cum-show cause notices for service tax, the Company has filed the replies to these notices and the same are pending for disposal by the Service Tax Department. The management is of the view that the disputed service-tax demands are not tenable in law and that the Company's position is further supported by the position clarified by the Department vide its Circular No. 35/9/2018-GST dated 5th March 2018. Considering the above, management has assessed the chances of penalty and interest as remote and correctly disclosed the contingent liability in line with disclosures made in past years and in compliance with the requirements of Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets.

APPENDIX A

AUDITOR REPLY TO THE COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (B) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF ONGC VIDESH LIMITED FOR THE YEAR ENDED 31 MARCH 2018 :

B. Comments on Auditor's Report and Disclosure

Claims against Company/disputed demands not acknowledged as Debt (Note 46.1): ₹ 98928.24 million

The Statutory Auditors, while reporting upon the disputed statutory dues in Para vii (b) of Annexure "A" to the Independent Auditor's Report, have not reported upon the disputed interest and penalty.

Further, the Company has disclosed an amount of ₹ 91,553.85 million on account of disputed liabilities of Income tax and Service tax. However, amount of interest /penalty that could be levied on above claims under various Statutes, if these cases are not decided in favour of the Company, has not been disclosed.

Auditor's Reply

We have reported disputed statutory dues in para vii (b) of Annexure A of our report, the disclosure relates to para 43 of the Guidance Note on Companies (Auditors Report) Order 2016 (GN) issued by the Institute of Chartered Accountants of India and format for disclosure in audit report is prescribed in para 43(f) and our audit report is in compliance.

Whereas, para 42 refers to the disclosure of undisputed statutory dues along with interest and penalty, para 43 of the GN relates to disclosure of amount of disputed statutory dues and does not have specific requirement for disclosure interest and penalty.

In the present case, the disputed statutory dues relate to:

1. Income tax disputes amounting to ₹ 14,892.84 million where more than 90% of the additions are covered by decisions at appellate level in favour of the Company.
2. Service Tax Show Cause cum demand notices amounting to ₹ 76,661.01 million in which case the Company has filed the replies to these notices and the same are pending for disposal by the Service Tax Department. In case of Shaw cause notice a confirm demand is created only after adjudication of the show cause notice. In case of demand the department has right to effect recovery of the demand, while the same can not be recovered in case of show cause.
3. Expert Advisory Committee of The Institute of Chartered Accountants of India has given an opinion regarding "Treatment of disputed amount (Principal and Interest) in respect of cases pending before various regulatory authorities".

The Committee has opined that it should be decided by the management of the Company as to whether interest liability that may arise in respect of cases pending before various authorities is required to be computed and disclosed as a contingent liability or not.

Management view is that claims against Company/disputed demands not acknowledged as Debt (₹ 98,928.24 million) has been disclosed appropriately and in line with disclosures made in past years.

Considering the above facts, our audit report is in compliance with the Guidance Note on Companies (Auditors Report) Order 2016 (GN) issued by the Institute of Chartered Accountants of India.

INDEPENDENT AUDITOR'S REPORT

To the Members of ONGC Videsh Limited

Report on the Standalone Ind AS Financial Statements

1. We have audited the accompanying standalone Ind AS financial statements of ONGC Videsh Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015.

   This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

   We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

   We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

   An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

   We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

4. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31st March, 2018, its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Emphasis of matter

5. a) We draw attention to Note no. 48 regarding provision for impairment in respect of two Cash Generating Units (CGU) and write back of impairment in respect of one CGU. The Company has recognised net write back of impairment of ₹ 4,839.34 million (Previous Year ₹ 7,217.49 million) during the year. Being technical in nature, we have relied upon the results of the Impairment test conducted by the Management.

   b) We draw attention to Note No. 21.8 regarding an error relating to financial year 2016-17. The comparative figures of financial year 2016-17 have been restated in compliance of Ind AS 8. In our opinion, such restatement is appropriate and have been properly applied.

   c) We draw attention to Note no. 34 regarding provision of liability in respect of cross flow of oil and gas in one of the Cash Generating Unit (CGU), where Company has recognized liability of ₹ 644.73 million. Further, the Company has also shown contingent liability amounting to ₹ 6,492.00 million (Refer Note no.46.1) based on assessment of operator. Necessary adjustment, if any shall be carried out after settlement of claim.

   Our opinion is not modified in respect of these matters.

Other Matters

6. Considering the fact that actual operations are performed outside India and operator is responsible for maintaining the original books of account on behalf of all the parties as per the respective joint operating agreement, we have conducted our audit by relying on such information furnished by the operator based on the audited statements or where joint operations are not audited, relying upon the information furnished by the management. The standalone Ind AS financial statements include the Company's share in assets, liabilities, expenses and profit / loss in the overseas joint operations. 5 (Five) Joint operations are audited as at 31st March, 2018 and 4 (Four) joint operations are audited by other auditors appointed by the management of the respective joint operations /the Company under respective local laws / production sharing contract / joint operating agreements as at 31st December, 2017, however these were updated for position as at 31st March, 2018 by the management and 11 (Eleven) joint operations are unaudited. These 9 (Nine) audited joint operations (including for the period ended 31st December, 2017) cover 78.41% of Total Revenue, 123.27% of Profit, 123.27% of Total Comprehensive Income, 78.53% of Current Assets, 47.59% of Non-current Assets, 74.95% of Current Liabilities and 73.03% of Non-current Liabilities related to joint operations.

   We have placed reliance on technical/ commercial evaluation by the management in respect of categorization of wells as exploratory, development, producing and dry wells, allocation of cost incurred on them, depletion of oil and gas assets on the basis of Proved / Proved Developed Hydrocarbon Reserves as estimated by the Reserve Estimation Committee (REC) of the parent company Oil and Natural Gas Corporation Limited (ONGC), provision for decommissioning, allocation of depreciation/amortization on Tangible/ Intangible Assets and liabilities against agreed minimum work program.

   Our opinion is not modified in respect of these other matters.

Report on Other Legal and Regulatory Requirements

7. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section

143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the said order.

8. We are enclosing our report in terms of Section 143(5) of the Act, on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, the "Annexure B" on the directions by the Comptroller and Auditor General of India.

9. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this report are in agreement with the books of account.

d. In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.

e. On the basis of the written representations received from the directors as at 31st March, 2018, taken on record by the Board of Directors, none of the directors is disqualified as at 31st March, 2018, from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure C".

g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i) The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note 46 to the standalone Ind AS financial statements.

ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 33 to the standalone Ind AS financial statements.

iii) There was no amount which was required to be transferred to the Investor Education and protection fund by the Company – Refer Note 23.1 to the standalone Ind AS financial statements.

i) In respect of fixed assets:

a) The Company has generally maintained proper records showing full particulars, including quantitative details and situation of fixed assets in India at headquarters and in case of operated projects and branches outside India. In respect of non- operated joint operations outside India, fixed assets are accounted for based on the information made available by the respective operators of the joint operations and such fixed assets are in the custody of the consortium and/or operator on behalf of the consortium parties for business operation throughout the term of the respective agreements. However, we suggest that location of fixed assets should be updated regularly.

b) As explained to us, during the year, the management has undertaken physical verification of fixed assets located at projects/offices in Colombia, Vietnam, Russia, Myanmar, Bangladesh and Corporate Office. The reconciliation is pending for discrepancies found during physical verification of fixed assets in respect of these Projects/offices.

c) According to the information and explanation given by the management the title deeds of immovable properties are held in the name of the company except for the title deeds of immovable properties in respect of joint operations outside India wherein the assets are owned jointly with other partners.

ii) In respect of its inventories:

a) The Company does not have any inventory in India. However, inventories lying outside India in non-operated/ operated projects are in the custody of the consortium and/or operator on behalf of the consortium parties. During the year under audit, physical verification of majority of inventories lying in non-operated/operated projects was conducted by the respective operator of the joint operations in accordance with the requirements of the respective agreements. It was informed that the inventory held by the Company representing the Company's share of participating interest in joint operations outside India is incorporated in the books of accounts on the basis of information provided by the respective operators. As informed by the management the procedures of physical verification of inventory lying outside India, followed by the management in respect of operated and non-operated joint operations are reasonable and adequate in relation to the size of the Company and the nature of its business.

b) As informed by the management, the proper records of inventory are being maintained by overseas operated and non-operated joint operations and no material discrepancies were noticed during such physical verifications.

iii) According to information and explanation given to us, the Company has granted unsecured loans to its subsidiaries and the amount outstanding (including interest) as at 31st March, 2018 is ₹ 16,334.49 million (₹ 11,756.09 million as at 31st March, 2017), out of which ₹ 201.68 million (₹ 198.88 million as at 31st March 2017) is non-interest bearing and a provision for ₹ 2,038.69 million (₹ 2,036.49 million as at 31st March 2017) has been provided for. The terms and condition of the loans are not prejudicial to interest of the Company. Further, there is no stipulation of schedule of repayment of principal and payment of interest. We are unable to make specific comment on regularity of repayment of principal and payment of interest, in such cases.

iv) In our opinion and according to the information and explanations given to us, the Company has not advanced loans to directors / to a Company in which the Director is interested to which provisions of Section 185 of the Companies Act, 2013. Further, Section 186 of the Companies Act 2013 is not applicable to the Company.

v) The Company has not accepted any deposit from public and therefore, the provisions of the clause 3 (v) of the order are not applicable to the company.

vi) As informed to us, the Central Government has not prescribed the maintenance of Cost Records under Section 148(1) of the Companies Act, 2013 for activities performed by the Company.

vii) a) Provident fund contributions are transferred by the Company to its parent company, Oil and Natural Gas Corporation Limited (ONGC). ONGC is responsible for depositing the same with appropriate authority. Undisputed statutory dues including income tax, sales tax, value added tax (VAT), duty of customs, duty of excise, cess and service tax and other statutory dues have generally been regularly deposited with the appropriate authorities and there are no undisputed dues outstanding as at 31st March, 2018, for a period exceeding six months from the date they become payable. We have been informed that employees' state insurance (ESI) is not applicable to Company.

b) According to the records of the Company, the income tax and service tax dues which are pending on account of dispute are as under:

Name of the Statute	Forum Where Dispute is Pending	Gross Amount	Provision made in books	Demand on protective addition	Amount Paid under Protest/ Adjusted by Revenue	Amount Net of Deposits	Period to Which the amount Relates
Income Tax	ITAT	18,318.48	1,415.78	5,144.58	5,211.32	6,546.80	2006-07 to 2013-14
	CIT (A)	4,373.47	-	1,238.75	1,339.32	1,795.40	2014-15
Service Tax	Commissioner of Service tax	76,661.00	-	-	-	76,661.00	2006-2017
	TOTAL	**99,352.95**	**1,415.78**	**6,383.33**	**6,550.64**	**85,003.20**	

viii) The Company has not defaulted in the repayment of dues to any financial institution, banks, Government and debenture holders during the year.

ix) The Company has not raised money by way of Initial Public Offer (IPO) or further public offer (including debt instruments) during the year. According to information and explanation given to us, term loans were broadly applied for the purposes for which those are raised.

x) According to the information and explanations given by the management and to the best of our knowledge and belief, no fraud by the Company or on the Company by its officer or employees has been noticed or reported during the course of our audit.

xi) As per the Notification number G.S.R. 463 (E) dated 5th June 2015 issued by the Ministry of Corporate Affairs, Section 197 of the Companies Act, 2013 related to managerial remuneration is not applicable to the Company, since it is a Government Company.

xii) The Company is not a Nidhi Company and therefore the provisions of Clause 3 (xii) of the order is not applicable to the company.

xiii) According to the information and explanations given by the management, transactions with the related parties are in compliance with Sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the standalone Ind AS financial statements etc., as required by the applicable accounting standards.

xiv) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year and hence reporting under Clause 3(xiv) of the order is not applicable to the company.

xv) According to information and explanations given to us by the management, the Company has not entered into any non-cash transactions specified under Section 192 of the Companies Act 2013 with directors or persons connected with him.

xvi) The Company is not required to be registered with RBI under Section 45-IA of Reserve Bank of India Act, 1934.

Annexure "C" to the Independent Auditors' Report

(Annexure referred to in paragraph 9(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of ONGC Videsh Ltd. on the Standalone Ind AS Financial Statements for the year ended March 31, 2018)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act"):

1. We have audited the internal financial controls over financial reporting of "ONGC Videsh Limited" ("the Company") as of 31st March, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March , 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Standalone financial statements for the year ended March 31, 2018

1. Corporate Information

ONGC Videsh Limited ('ONGC Videsh' or 'the Company') is a public limited company domiciled and incorporated in India having its registered office at Deendayal Urja Bhawan, Tower B, Plot No. 5A-5B, Nelson Mandela Marg, Vasant Kunj, New Delhi – 110070. ONGC Videsh is a wholly owned subsidiary and overseas arm of Oil and Natural Gas Corporation Limited ('ONGC').

The Company is mainly engaged in prospecting for and acquisition of oil and gas acreages outside India for exploration, development and production of crude oil and natural gas.

2 Application of Indian Accounting Standards ('Ind AS')

All the Indian Accounting Standards issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorized have been considered in preparing these standalone Ind AS financial statements.

2.1 Standards / amendments issued but not yet effective

The MCA has notified the Companies (Indian Accounting Standards/ Ind AS) Amendment Rules, 2018 on 28 March 2018, whereby "Ind AS-115 relating to Revenue from Contracts with Customers" and Appendix B to "Ind AS 21 relating to Foreign Currency Transactions and advance considerations" has been made applicable from financial year 2018-19 (i.e. 1 April, 2018 onwards).

Ind AS-115 relating to Revenue from Contracts with Customers The Standard replaces the existing Ind AS 18 on "Revenue" and Ind AS 11 Construction Contracts. Ind AS 115 establishes the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer.

Ind AS 21 – Appendix B - Foreign currency transactions and advance consideration This Appendix applies to a foreign currency transaction (or part of it) when an entity recognises a non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration before the entity recognises the related asset, expense orv income (or part of it). The Company is evaluating the requirements of the same and its effect on the financial statements.

3 Significant accounting policies

3.1 Statement of compliance

In accordance with the notification dated February 16, 2015, issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) with effect from April 1, 2016.

The standalone financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and Guidance Note on Accounting for Oil and Gas Producing Activities (Ind AS) issued by the Institute of Chartered Accountants of India.

Previous year figures have been regrouped, wherever necessary.

3.2 Basis of preparation and presentation

The standalone financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

The standalone financial statements, except for cash flow information are prepared using the accrual basis of accounting.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

As the operating cycle cannot be identified in normal course due to the special nature of industry, the same has been assumed to have duration of 12 months. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

(All amounts are ₹ in millions, unless otherwise stated)

The functional currency of the Company is United States Dollar ('USD') (Refer note 4.1(a)). The standalone financial statements are presented in Indian Rupees ('₹') (Refer note 3.18) and all values are rounded off to the nearest two decimal million except otherwise stated.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

(a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

(b) Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.

(c) Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants.

3.3 Investments in subsidiaries, associates and joint ventures

The Company records the investments in subsidiaries, associates and joint ventures at cost less impairment loss, if any.

Loan to foreign subsidiaries for which settlement is neither planned nor likely to occur in the foreseeable future based on management intent is accounted as 'net investment in foreign operations' and presented as part of 'Investment in subsidiaries'.

After initial recognition, the Company determines whether there is any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in a subsidiary or a joint venture or an associate and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then impairment loss is recognized with respect to the Company's investment in a subsidiary or a joint venture or an associate. When necessary, the cost of the investment is tested for impairment in accordance with Ind AS 36 'Impairment of Assets' as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount, any impairment loss recognized forms part of the cost of the investment. Any reversal of that impairment loss is recognized in accordance with Ind AS 36 'Impairment of Assets' to the extent that the recoverable amount of the investment subsequently increases.

On disposal of investment in subsidiary, associate and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the standalone statement of profit and loss.

3.4 Interests in joint operations

A joint operation is a joint arrangement whereby the parties that have the joint control of the arrangement have rights to the assets, and obligations for the liabilities relating to the arrangement.

The Company has overseas Joint Operations with various body corporates and/or host country government for exploration, development and production activities.

The Company's share in the assets and liabilities along with attributable income and expenditure of the Joint Operations is merged on line by line basis with the similar items in the standalone financial statements of the Company as per the arrangement, along with the Company's income from sale of its share of output and any liabilities and expenses that the Company has incurred in relation to the joint operations except in case of leases, depreciation, Overlift / underlift, depletion, survey, dry wells, decommissioning liability, impairment and sidetracking in accordance with the accounting policies of the Company.

The hydrocarbon reserves in such areas are taken in proportion to the participating interest of the Company.

Gain or loss on sale of interest in a joint operation, is recognized in the standalone statement of profit and loss, except that no gain is recognized at the time of such sale if substantial uncertainty exists about the recovery of the costs applicable to the retained interest or if the Company has substantial obligation for future performance.

3.5 Non-current assets held for sale

Non-current assets or disposal groups classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Non-current assets or disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification as held for sale, and actions required to complete the plan of sale should indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale.

3.6 Property, plant and equipment (other than Oil and gas assets)

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the standalone balance sheet at cost less accumulated depreciation and impairment losses, if any. Freehold land and land under perpetual lease are not depreciated.

Property, plant and equipment (PPE) in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. The cost of an asset comprises its purchase price or its construction cost (net of applicable tax credits), any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management and decommissioning cost as per note 3.13. It includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of PPE when completed and ready for intended use. Parts of an item of PPE having different useful lives and significant value and subsequent expenditure on Property, plant and equipment arising on account of capital improvement or other factors are accounted for as separate components.

Depreciation of these PPE commences when the assets are ready for their intended use.

Depreciation is provided on the cost of PPE (other than freehold land, perpetual lease land, oil and gas assets and properties under construction) less their residual values, using the written down value method over the useful life of PPE as stated in the Schedule II to the Companies Act, 2013 or based on technical assessment by the Company. Estimated useful lives of these assets are as under:

Description	Years
Building	3 to 60
Plant and equipment	3 to 40
Furniture and fixtures	3 to 10
Vehicles	5 to 20
Office equipment	3 to 15

The estimated useful lives, residual values and depreciation method are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively.

Depreciation on additions/deletions to PPE (other than of oil and gas assets) during the year is provided for on a pro-rata basis with reference to the date of additions/deletions except low value items not exceeding USD 100* which are fully depreciated at the time of addition.

* USD 100 = ₹ 6,492.00 as on March 31, 2018

Depreciation on subsequent expenditure on PPE (other than of oil and gas assets) arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Depreciation on refurbished/revamped PPE (other than of oil and gas assets) which are capitalized separately is provided for over the reassessed useful life.

Depreciation on PPE (other than oil and gas assets) including support equipment and facilities used for exploratory/ development drilling is initially capitalised as part of drilling cost and expensed/depleted as per note 3.11. Depreciation on equipment/ assets deployed for survey activities is charged to the standalone statement of profit and loss.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets.

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the net sales proceeds and the carrying amount of the asset and is recognised in the standalone statement of profit and loss.

3.7 Intangible assets

(i) Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives not exceeding five years from the date of capitalisation. The estimated useful life is reviewed at the end of each reporting period and the effect of any changes in estimate being accounted for prospectively.

Intangible assets is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised in the standalone statement of profit and loss when the asset is derecognised.

(ii) Intangible assets under development - Exploratory wells in progress

All exploration and evaluation costs incurred in drilling and equipping exploratory and appraisal wells are initially capitalized as Intangible assets under development - Exploratory wells in progress till the time these are either transferred to oil and gas assets as per note 3.11 on completion or expensed as and when determined to be dry or of no further use, as the case may be.

Cost of drilling exploratory type stratigraphic test wells are initially capitalized as Intangible assets under development - Exploratory wells in progress till the time these are either transferred to oil and gas assets as per note 3.11 or expensed when determined to be dry or the field / project is surrendered.

Costs of exploratory wells are not carried over unless it could be reasonably demonstrated that there are indications of sufficient quantity of reserves and sufficient progress has been made in assessing the reserves and the economic and operating viability of the project. All such carried over costs are subject to review for impairment as per the policy of the Company.

3.8 Impairment of tangible and intangible assets

The Company reviews the carrying amount of its tangible (Oil and gas assets, Development wells in progress (DWIP), and Property, plant and equipment (including Capital Works in Progress) and intangible assets of a 'Cash Generating Unit' (CGU) at the end of each reporting period to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the standalone statement of profit and loss.

An assessment is made at the end of each financial year to see if there are any indications that impairment losses recognized earlier may no longer exist or may have come down. The impairment loss is reversed, if there has been a change in the estimates used to determine the asset's recoverable amount since the previous impairment loss was recognized. If it is so, the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. After a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life. Reversals of impairment loss are recognized in the standalone statement of profit and loss.

Impairment testing during exploratory phase is carried out at field / project level when further exploration activities are not planned in near future or when sufficient data exists to indicate that although a development in the specific field/project is likely to proceed, the carrying amount of the exploration asset is unlikely to be recovered in full from successful development or by sale. Impairment loss is reversed subsequently, to the extent that conditions for impairment are no longer present.

3.9 Exploration and Evaluation, Development and Production costs

(i) Pre-acquisition cost

Expenditure incurred before obtaining the right(s) to explore, develop and produce oil and gas are expensed as and when incurred.

(ii) Acquisition cost

Acquisition costs cover all costs incurred to purchase, lease or otherwise acquire a property or mineral right proved or unproved in case of acquiring participating interest in an oil and gas assets and are accounted as follows:-

Exploration and development stage

Acquisition cost relating to projects under exploration or development are initially accounted as Intangible Assets under development or Capital work in progress - Oil and gas assets respectively. Such costs are capitalized by transferring to oil and gas assets when a well in field/ project is ready to commence commercial production. In case of abandonment/ relinquishment, such costs are written off.

Production stage

Acquisition costs of producing oil and gas assets are capitalized under oil and gas assets and amortized using the unit of production method over proved reserves of underlying assets

(iii) Survey cost

Cost of Survey and prospecting activities conducted in the search of oil and gas are expensed as exploration cost in the year in which these are incurred.

(iv) Oil and gas asset under development - Development wells in progress

All costs relating to development wells are initially capitalized as development wells in progress and transferred to oil and gas assets on completion.

(v) Production costs

Production costs include pre-well head and post-well head expenses including depreciation and applicable operating costs of support equipment and facilities.

3.10 Impairment of acquisition costs relating to participating rights

For the purposes of impairment testing, acquisition cost is allocated to each of the Company's CGUs (or groups of CGUs) that is expected to benefit from the synergies of the combination.

A CGU to which acquisition cost has been allocated is tested for impairment annually when there is an indication that the CGU may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any acquisition cost allocated to the unit and then to the other assets of the CGU pro rata based on the carrying amount of each asset in the unit. An impairment loss recognized for acquisition cost is not reversed in subsequent periods.

On disposal of the relevant CGU, the attributable carrying amount of acquisition cost is included in the determination of the profit or loss on disposal.

3.11 Oil and gas assets

Oil and gas assets are stated at historical cost less accumulated depletion and impairment losses. These are created in respect of field / project having proved developed oil and gas reserves, when the well in the field / project is ready to commence commercial production.

Cost of temporary occupation of land, successful exploratory wells, all development wells (including service wells), allied facilities, depreciation on support equipment used for drilling and estimated future decommissioning costs are capitalised and classified as oil and gas assets.

Oil and gas assets are depleted using the 'Unit of Production Method'. The rate of depletion is computed with reference to an field/project/ amortisation base by considering the related proved developed reserves and related capital costs incurred including estimated future decommissioning costs net of salvage value (except acquisition cost). Acquisition cost of oil and gas assets is depleted by considering the proved reserves. These reserves are estimated annually by the Reserve Estimates Committee ('REC') formed by the parent company ONGC, which follows the International Reservoir Engineering Procedures.

3.12 Side tracking

In the case of an exploratory well, cost of side-tracking is treated in the same manner as the cost incurred on a new exploratory well. The cost of abandoned portion of side tracked exploratory wells is expensed as 'Exploration cost written off.'

In the case of development wells, the entire cost of abandoned portion and side tracking is capitalized.

In the case of producing wells and service wells, if the side-tracking results in additional proved developed oil and gas reserves or increases the future economic benefits therefrom beyond previously assessed standard of performance, the cost incurred on side tracking is capitalised, whereas the cost of abandoned portion of the well is depleted in accordance with the accounting policy mentioned in note 3.11. Otherwise, the cost of side tracking is expensed as 'Work over expenditure'.

3.13 Decommissioning costs

Decommissioning cost includes cost of restoration. Provision for decommissioning costs are recognized when the Company has a contractual, legal or constructive obligation to plug and abandon a well, dismantle and remove a facility or an item of Property, plant and equipment and to restore the site on which it is located.

The amount recognized is the present value of the estimated future expenditure determined using existing technology at current prices and escalated using appropriate inflation rate till the expected date of decommissioning and discounted up to the reporting date using the appropriate risk free discount rate.

An amount equivalent to the decommissioning provision is recognized along with the cost of the respective assets. The decommissioning cost in respect of dry exploratory well is expensed as exploratory well cost.

Any change in the present value of the estimated decommissioning expenditure other than the periodic unwinding of discount is adjusted to the decommissioning provision and the carrying value of the corresponding asset. In case reversal of provision exceeds the carrying amount of the related asset, the excess amount is recognized in the standalone statement of profit and loss. The unwinding of discount on provision is charged in the standalone statement of profit and loss as finance cost.

Provision for decommissioning cost in respect of assets under joint operations is considered as per participating interest of the Company

3.14 Inventories

Crude oil and condensate including inventories in pipelines / tanks are valued at cost or net realisable value whichever is lower. Cost of finished goods is determined on absorption costing method. The value of inventories includes royalty (wherever applicable).

Crude oil in semi-finished condition at Group Gathering Stations (GGS) is valued at cost on absorption costing method or net realisable value whichever is lower.

Crude oil in unfinished condition in flow lines up to GGS/platform is not valued as the same is not measurable. Natural Gas is not valued as it is not stored.

Inventory of stores and spare parts is valued at weighted average cost or net realisable value, whichever is lower. Provisions are made for obsolete and non-moving inventories.

Unserviceable and scrap items, when determined, are valued at estimated net realisable value

3.15 Revenue recognition

Revenue arising from sale of products is recognized when the significant risks and rewards of ownership have passed to the customers, which is at the point of transfer of custody to customers, and the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the Company.

Revenue from services is recognized when the outcome of services can be estimated reliably and it is probable that the economic benefits associated with rendering of services will flow to the Company, and the amount of revenue can be measured reliably.

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, service tax and VAT etc.

Sales are inclusive of all related expenses of the Company that may be paid by the host government based on the provisions under agreements governing Company's activities in the respective field / project.

Any difference as of the reporting date between the entitlement quantity minus the quantities sold in respect of crude oil (including condensate), if positive (i.e. underlift quantity) the proportionate production expenditure is treated as prepaid expenses and, if negative (i.e. overlift quantity), a liability for the best estimate of the Company's proportionate share of production expenses as per the Joint Operating Agreement (JOA)/Production Sharing Agreement (PSA) is created in respect of the quantity of crude oil to be foregone in future period towards settlement of the overlift quantity of crude oil with corresponding charge to the standalone statement of profit and loss.

Any payment received in respect of short lifted gas quantity for which an obligation exists to supply such gas in subsequent periods is recognized as Deferred Revenue in the year of receipt. The same is recognized as revenue in the year in which such gas is actually supplied for the quantity supplied or in the year in which the obligation to supply such gas ceases, whichever is earlier.

Finance income in respect of assets given on finance lease is recognized based on a pattern reflecting a constant periodic rate of return on the net investment outstanding in respect of the finance lease.

Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment is established.

Interest income from financial assets is recognised at the effective interest rate applicable on initial recognition. Revenue in respect of interest on delayed realization is recognized when there is reasonable certainty regarding ultimate collection.

3.16 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to the ownership of an asset to the Company. All other leases are classified as operating leases.

Land under perpetual lease are accounted as finance leases which are recognized at upfront premium paid for the lease and the present value of the lease rent obligation. Such leasehold lands are presented under property, plant and equipment and not depreciated. The corresponding liability is recognised as a finance lease obligation.

Leasehold lands where the ownership of the land will not be transferred to the Company at the end of lease period are classified as operating leases. Upfront operating lease payments are recognized as prepayments and amortised on a straight-line basis over the term of the lease.

Operating lease payments for land are recognized as prepayments and amortised on a straight-line basis over the term of the lease. Contingent rentals, if any, arising under operating leases are recognised as an expense in the period in which they are incurred.

3.17 Foreign exchange transactions

The functional currency of the Company is United States Dollars ('USD') which represents the currency of the primary economic environment in which it operates.

Transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated using mean exchange rate prevailing on the last day of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the standalone statement of profit and loss in the period in which they arise.

Exchange differences arising on a monetary item that forms part of a Company's net investment in a foreign operation are recognized in the standalone statement of profit and loss.

3.18 Translation to presentation currency

The Company has presented these standalone financial statements in Indian Rupees ('₹'). The Company has applied the following principles for translating its results and financial position from functional currency ('USD') to presentation currency ('₹'):

- Assets and liabilities (excluding equity share capital and other reserves) for each balance sheet presented has been translated at the closing rate (as at March 31, 2018: 1 USD = ₹ 64.92*; as at March 31, 2017: 1 USD = ₹ 64.85*) at the date of that balance sheet;
- Equity share capital including shareholder's advance pending allotment of shares have been translated at exchange rates at the dates of transaction. Capital reserve has been translated at exchange rate at the dates of transaction. Other reserves have been translated using average exchange rates of the period to which it relates;
- Income and expenses for each standalone statement of profit and loss presented have been translated at exchange rates at the dates of transaction except for certain items for which average rate for the period (year ended March 31, 2018: 1 USD = ₹ 64.4712*; year ended March 31, 2017: 1 USD = ₹ 67.0748*) is used;
- All resulting exchange differences have been recognized in other comprehensive income as 'Exchange differences in translating the financial statements of foreign operations' which will be subsequently reclassified to profit or loss upon disposal of foreign operations.

** determined on the basis of average of State Bank of India 's telegraphic transfer buying and selling rates.*

3.19 Employee benefits

Employee benefits include provident fund, gratuity, compensated absences and post-retirement medical benefits.

Defined contribution plans

Employee benefit under defined contribution plans comprising of Contributory Provident Fund, Employee Pension Scheme 1995, Composite Social Security Scheme are recognized based on the amount of obligation of the Company to contribute to the plan through the parent company ONGC. The same are paid to a fund administered through a separate trust, which are expensed during the year.

Defined benefit plans

Defined retirement benefit plans comprising of gratuity, post-retirement medical benefits and post-retirement transfer benefits, are recognized based on the present value of defined benefit obligation which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted either as current employee cost or included in cost of assets as permitted.

Net interest on the net defined liability is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset and is recognised the standalone statement of profit and loss except those included in cost of assets as permitted.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest as defined above), are recognised in other comprehensive income.

The Company contributes all ascertained liabilities with respect to gratuity to the ONGC's Gratuity Fund Trust. Other defined benefit schemes are unfunded.

The retirement benefit obligation recognised in the standalone financial statements represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of reductions in future contributions to the plans.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

- In case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- In case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

3.20 Voluntary retirement scheme

Expenditure on voluntary retirement scheme (VRS) is charged to the standalone statement of profit and loss when incurred.

3.21 Insurance claims

The Company accounts for insurance claims as under:-

In case of total loss of asset, by transferring either the carrying cost of the relevant asset or insurance value (subject to deductibles), whichever is lower under the head 'Claims Recoverable – Insurance' on intimation to insurer. In case insurance claim is less than carrying cost, the difference is charged to the standalone statement of profit and loss.

In case of partial or other losses, expenditure incurred/payments made to put such assets back into use, to meet third party or other liabilities (less policy deductibles) if any, are accounted for as 'Claims Recoverable-Insurance'. Insurance Policy deductibles are expensed in the year the corresponding expenditure is incurred.

As and when claims are finally received from the insurer, the difference, if any, between Claims Recoverable-Insurance and claims received is recognised in the standalone statement of profit and loss.

3.22 Income taxes

Income tax expense represents the sum of the current tax and deferred tax.

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the standalone statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone statement of profit and loss and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are presented separately in the standalone balance sheet except where there is a right of set-off within fiscal jurisdiction and an intention is there to settle such balance on a net basis.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the standalone balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with asset will be realised.

(iii) Current and deferred tax expense for the year

Current and deferred tax expense is recognised in the standalone statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

3.23 Borrowing costs

Borrowing costs specifically identified to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the standalone statement of profit and loss.

3.24 Abnormal Rig days costs

Abnormal Rig days' costs are considered as un-allocable and charged to the standalone statement of profit and loss.

3.25 Provisions, Contingent liabilities and Contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent assets are disclosed in the standalone financial statements by way of notes to accounts when an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

3.26 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the standalone statement of profit and loss.

3.27 Financial assets

(i) Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

(ii) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through other comprehensive income

Financial assets are subsequently measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iv) Financial assets at fair value through profit or loss

Financial assets are subsequently measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition.

(v) Impairment of financial assets

The Company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 'Financial Instruments' requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected credit losses for trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

(vi) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety (except for equity instruments designated as fair value through other comprehensive income (FVTOCI)) ,the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the standalone statement of profit and loss.

3.28 Financial liabilities and equity instruments

(a) Classification as debt or equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(b) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received. Incremental costs directly attributable to the issuance of new ordinary equity shares are recognized as a deduction from equity, net of tax effects.

(c) Compound financial instruments

The component parts of compound financial instruments issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date. The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in the standalone statement of profit and loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

(d) Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Interest free loans provided by ONGC are recognized at fair value on the date of disbursement and the difference on fair valuation is recognized as deemed capital contribution from holding company. The deemed capital contribution from holding company is presented in the statement of changes in equity.

Liability component is accounted at amortized cost method using effective interest rate. If there is an early repayment of loan, the proportionate amount of deemed capital contribution from holding company recognized earlier is adjusted.

(e) Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the standalone statement of profit and loss.

3.29 Derivative financial instruments

The Group enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts and interest rate swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the standalone statement of profit and loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in the standalone statement of profit and loss depends on the nature of the hedging relationship and the nature of the hedged item.

(All amounts are ₹ in millions, unless otherwise stated)

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

3.30 Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

3.31 Cash flow statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

3.32 Segment reporting

Operating segments are identified and reported taking into account the different risks and returns, the internal reporting systems and the basis on which operating results are regularly reviewed to make decisions about resources to be allocated to the segment and assess its performance.

4 Critical accounting judgments, assumptions and key sources of estimation uncertainty

Inherent in the application of many of the accounting policies used in preparing the Financial Statements is the need for Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses. Actual outcomes could differ from the estimates and assumptions used.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key source of judgments, assumptions and estimation uncertainty in the preparation of the Financial Statements which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of oil and gas reserves, impairment, useful lives of property, plant and equipment, depletion of oil and gas assets, decommissioning provision, employee benefit obligations, provisions, provision for income tax, measurement of deferred tax assets and contingent assets and liabilities.

4.1 Critical judgments in applying accounting policies

The following are the critical judgments, apart from those involving estimations (Refer note 4.2), that the Management have made in the process of applying the Company's accounting policies and that have the significant effect on the amounts recognized in the Financial Statements.

(a) Determination of functional currency

Currency of the primary economic environment in which the Company operates ('the functional currency') is United States Dollars (USD) in which the Company primarily generates and expends cash. Accordingly, the Management has assessed its functional currency to be USD.

(b) Evaluation of indicators for impairment of oil and gas assets

The evaluation of applicability of indicators of impairment of assets requires assessment of external factors (significant decline in asset's value, significant changes in the technological, market, economic or legal environment, market interest rates etc.) and internal factors (obsolescence or physical damage of an asset, poor economic performance of the asset etc.) which could result in significant change in recoverable amount of the Oil and gas assets.

(c) Exploratory wells

The determination of whether potentially economic oil and natural gas reserves have been discovered by an exploration well is usually made within one year of well completion, but can take longer, depending on the complexity of the geological structure. Exploration wells that discover potentially economic quantities of oil and natural gas and are in areas where major capital expenditure (e.g. an offshore platform or a pipeline) would be required before production could begin, and where the economic viability of that major capital expenditure depends on the successful completion of further exploration work in the area, remain capitalized on the standalone balance sheet as long as additional exploration or appraisal work is under way or firmly planned.

It is not unusual to have exploration wells and exploratory-type stratigraphic test wells remaining suspended on the standalone balance sheet for several years while additional appraisal drilling and seismic work on the potential oil and natural gas field is performed or while the optimum development plans and timing are established. All such carried costs are subject to regular technical, commercial and management review on at least an annual basis to confirm the continued intent to develop, or otherwise extract value from, the discovery. Where this is no longer the case, the costs are immediately expensed.

4.2 Assumptions and key sources of estimation uncertainty

Information about estimates and assumptions that have the significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may differ from these estimates.

a) Estimation of provision for decommissioning

The Company estimates provision for decommissioning as per the principles of Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets' for the future decommissioning of oil and gas assets at the end of their economic lives. Most of these decommissioning activities would be in the future, the exact requirements that may have to be met when the removal events occur involve uncertainty. Technologies and costs for decommissioning are constantly changing. The timing and amounts of future cash flows are subject to significant uncertainty.

The timing and amount of future expenditures are reviewed at the end of each reporting period, together with rate of inflation for escalation of current cost estimates and the interest rate used in discounting the cash flows. The economic life of the oil and gas assets is estimated on the basis of long term production profile of the relevant oil and gas asset.

b) Impairment of assets

Determination as to whether, and by how much, a CGU is impaired involves Management estimates on uncertain matters such as future prices, the effects of inflation on operating expenses, discount rates, production profiles for crude oil and natural gas. For oil and gas assets, the expected future cash flows are estimated using Management's best estimate of future crude oil and natural gas prices, production and reserves volumes.

The present values of cash flows are determined by applying pre-tax discount rates that reflects current market assessments of time value of money and the risks specific to the liability in respect of each of the CGUs. Future cash inflows from sale of crude oil are computed using the future prices, on the basis of market-based forward prices of the Dated Brent crude oil as per assessment by Bloomberg or Brent crude oil forward/forecast prices by independent reputed third parties and its co-relations with benchmark crudes and other petroleum products. Future cash flows from sale of natural gas are also computed based on the expected future prices on the basis of the prices determined in accordance with the respective agreements and / or market forecast.

(All amounts are ₹ in millions, unless otherwise stated)

The discount rate used is based upon the cost of capital from an established model.

The Value in use of the producing/ developing CGUs is determined considering future cash flows estimated based on Proved and Probable Reserves. Full estimate of the expected cost of evaluation/development is also considered while determining the value in use.

The discount rates applied in the assessment of impairment calculation are re-assessed each year.

c) Estimation of reserves

The year-end reserves of the Company are estimated by the Reserves Estimation Committee (REC) of the holding company Oil and Natural Gas Corporation Limited (ONGC), which follows international reservoir engineering procedures consistently.

The Company estimates its reserves annually and the reserves are disclosed at the end of the financial year i.e. as at 1st of April. The Company is having partnership with global majors in various producing and discovered assets across the world having participating interest as non-operator, joint operator and operator. The Operator / Joint operating company of each asset evaluate reserves of the respective asset on an annual basis, and the Company's representatives interact dynamically through Technical/ Operating committee meetings, wherein estimates of reserves are discussed and finalized. On receipt of the approved reserves for each asset, the Company discusses the same with reserves estimate experts from E&D Directorate of the parent company ONGC and put up the same for deliberation and approval by Reserves Estimate Committee (REC) under the Chairmanship of Director (Exploration) of the parent company ONGC.

Volumetric estimation is the main process of estimation which uses reservoir rock and fluid properties to calculate hydrocarbons in-place and then estimate that portion which will be recovered from it from a given date forward, under existing economic conditions, by established operating practices and under existing government regulations. As the field gets matured with reasonably good production history, performance methods such as material balance, simulation, decline curve analysis are applied to get more accurate assessments of reserves. For many of the producing and discovered assets in which the Company has stake, the concerned Operators and Joint operating companies uses the services of third party agencies for due diligence and audit. Additionally, the Company gets the reserves of its assets audited by third party periodically by internationally reputed consultants who adopt latest industry practices for their evaluation.

The annual revision of estimates is based on the yearly exploratory and development activities and results thereof. New Inplace Volume and Ultimate Reserves are estimated for new field discoveries or new pool discoveries in already discovered fields. Also, appraisal activities lead to revision in estimates due to new subsurface data. Similarly, reinterpretation exercise is also carried out for old fields due to necessity of revision in petro physical parameters, updating of static & dynamic models and performance analysis leading to change in reserves. Intervention of new technology, change in classifications and contractual provisions also necessitates revision in estimation of reserves.

d) Determination of cash generating unit (CGU)

The Company is engaged mainly in the business of oil and gas exploration and production in Onshore and Offshore. In case where the fields are using common production/transportation facilities and are sufficiently economically interdependent the same are considered to constitute a single cash generating unit (CGU).

e) Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

5. Oil and Gas Assets

Particulars	As at March 31, 2018		As at March 31, 2017	
Cost				
Opening balance	**417,209.40**		**390,574.59**	
Transfer from Development wells in progress	12,632.93		11,447.44	
Increase/(decrease) in decommissioning costs	(52.20)		2,248.82	
Additions during the year	17,399.73		35,109.31	
Deletion/Retirement during the year	(233.95)		(12,124.22)	
Effect of exchange differences (Refer note 5.1)	657.41	**447,613.32**	(10,046.54)	**417,209.40**
Less: Accumulated depletion and impairment				
Accumulated depletion				
Opening balance	**160,548.49**		**139,673.47**	
Depletion for the year (Refer note 32)	26,343.60		24,857.16	
Deletion during the year	(9.53)		-	
Effect of exchange differences (Refer note 5.1)	356.62	**187,239.18**	(3,982.14)	**160,548.49**
Accumulated impairment				
Opening balance	**10,004.00**		**18,221.77**	
Provided during the year (Refer note 5.2 and 48)	664.56		-	
Write back of impairment	(5,832.87)		(8,073.62)	
Effect of exchange differences (Refer note 5.1)	(25.18)	**4,810.51**	(144.15)	**10,004.00**
Carrying amount of oil and gas assets		**255,563.63**		**246,656.91**

5.1 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.18 and 4.1(a).

5.2 The Company has 60% participating interest in Block XXIV, Syria. In view of deteriorating law and order situation in Syria, operations of the project are temporarily suspended since April 29, 2012. In view of the same, impairment had been made in respect of Oil and Gas Assets amounting to ₹ 68.53 million (year ended March 31, 2017 ₹ Nil).

(All amounts are ₹ in millions, unless otherwise stated)

6 Other property, plant and equipment

Carrying amount of:	As at March 31, 2018	As at March 31, 2017
Freehold land	4.04	4.04
Perpetual lease land	2,971.91	2,968.71
Buildings	6,994.66	6,605.60
Plant and equipment	4,707.01	5,624.48

6.1 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.18 and 4.1(a).

6.2 The Company carries on its business in respect of exploration, development and production of hydrocarbons under agreements with host governments directly or in consortium with other partners (Consortium). Several of these agreements, governing Company's activities in the fields/projects, provide that the title to the property, plant and equipment and other ancillary installations shall pass to host Government or its nominated entities either upon acquisition/first use of such assets or upon 100% recovery of such costs through allocation of "Cost Oil" and "Cost Gas" or upon relinquishment of the relevant contract areas or termination of the relevant agreement. However, as per the terms of the agreements, the Consortium and/or operator have custody of all such assets and is entitled to use, free of charge all such assets for petroleum operations throughout the term of the respective agreements. The Consortium also has the custody and maintenance of such assets and bears all risks of accidental loss and damage and all costs necessary to maintain such assets and to replace or repair such damage or loss. Under the circumstances, such assets are kept in the records of the Company during the currency of the respective agreements.

7 Capital Work-in-Progress

Particulars	As at March 31, 2018		As at March 31, 2017	
A) Oil and gas assets				
(i) Development Wells-In-Progress				
Opening balance	6,467.83		6,991.94	
Expenditure during the year	8,706.56		11,418.04	
Transfer to Oil and gas assets	(12,632.93)		(11,447.44)	
Effect of exchange differences (Refer note 7.3)	(20.35)	**2,521.11**	(494.71)	**6,467.83**
Less: Accumulated Impairment (Refer note 7.1)				
Opening balance	**107.87**		**110.37**	
Effect of exchange differences (Refer note 7.3)	0.12	**107.99**	(2.50)	**107.87**
Carrying amount of development wells-in-progress		**2,413.12**		**6,359.96**
(ii) Oil and gas facilities in progress				
Oil and gas facilities (Refer note 7.2)		15,789.85		16,915.91
Less: Accumulated Impairment				
Opening balance	-		-	
Provided during the year	36.23		-	
Effect of exchange differences (Refer note 7.3)	0.25	36.48	-	-
Carrying amount of Oil and gas facilities in progress		**15,753.37**		**16,915.91**
B) Others				
Buildings		15.38		23.40
Plant and equipment		-		40.28
Carrying amount of other capital works-in-progress		15.38		63.68

7.1 The Company has 60% participating interest in Block XXIV, Syria. In view of deteriorating law and order situation in Syria, operations of the project are temporarily suspended since April 29, 2012. In view of the same, impairment had been made in respect of development wells in progress amounting to ₹ Nil (year ended March 31, 2017 ₹ Nil). The cumulative impairment as at March 31, 2018 is ₹ 107.99 million (as at March 31, 2017 ₹ 107.87 million) in respect of the project.

(All amounts are ₹ in millions, unless otherwise stated)

7.2 Borrowing cost amounting to ₹ 121.86 million has been capitalised under the Oil and Gas facilities in progress during the year ended March 31, 2018 (for the year ended March 31, 2017 ₹ 101.79 million). The weighted average capitalization rate on funds borrowed is 2.66% per annum (during the year ended March 31, 2017: 2.23% per annum).

7.3 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.18 and 4.1(a).

8 Intangible Assets

Particulars	As at March 31, 2018		As at March 31, 2017	
Application software				
Cost				
Opening balance	985.42		681.95	
Additions during the year	33.32		330.15	
Disposals/adjustments/transfer	(0.13)		(0.32)	
Effect of exchange differences (Refer note 8.1)	1.29	**1,019.90**	(26.36)	**985.42**
Less: Accumulated amortisation				
Opening balance	572.49		516.98	
Amortisation during the year	88.88		69.72	
Disposals/adjustments/transfer	(0.04)		(0.22)	
Effect of exchange differences (Refer note 8.1)	1.24	662.57	(13.99)	572.49
Carrying amount of intangible assets		**357.33**		**412.93**

8.1 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.18 and 4.1(a).

9 Intangible assets under development

Particulars	As at March 31, 2018		As at March 31, 2017	
A. Exploratory wells in progress				
Gross cost				
Opening balance	24,089.87		**23,920.72**

9.1 The Company has 60% Participating Interest in Block XXIV, Syria. In view of deteriorating law and order situation in Syria, operations of the project are temporarily suspended since April 29, 2012. In view of the same provision had been made in respect of exploratory wells in progress. The impairment as at March 31, 2018 is ₹ 2,666.27 million (as at March 31, 2017 ₹ 2,663.39 million) in respect of the project.

9.2 In respect of Block Farsi, Iran, the Company in consortium with other partners entered into an Exploration Service Contract (ESC) with National Iranian Oil Company (NIOC) on December 25, 2002. After exploratory drilling, FB area of the block proved to be a gas discovery and was later rechristened as Farzad-B. NIOC announced the Date of Commerciality for Farzad-B as August 18, 2008. However, the contractual arrangement with respect to development has not been finalized, so far. Impairment has been made in respect of the Company's investment in exploration in the Farsi Block. The impairment as at March 31, 2018 is ₹ 2,213.30 million (as at March 31, 2017 ₹ 2,210.92 million).

9.3 Acquisition cost relates to the cost for acquiring property or mineral rights of proved or unproved oil and gas properties which are currently under Exploration / Development stage; such cost will be transferred to Oil and gas assets on commencement of commercial production from the project or written off in case of relinquishment of exploration project.

9.4 Borrowing cost amounting to ₹ 288.73 million has been capitalised during the year ended March 31, 2018 (for the year ended March 31, 2017 ₹ 241.18 million) in Exploratory wells in progress. The weighted average capitalization rate on funds borrowed is 2.66% per annum (during the year ended March 31, 2017: 2.23% per annum).

9.5 Borrowing cost amounting to ₹ 3,698.88 million has been capitalised during the year ended March 31, 2018 (for the year ended March 31, 2017 ₹ 3,089.69 million) in Acquisition cost. The weighted average capitalization rate on funds borrowed is 2.66% per annum (during the year ended March 31, 2017: 2.23% per annum).

9.6 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.18 and 4.1(a).

(All amounts are ₹ in millions, unless otherwise stated)

The proceeds from the investment will be utilized for decommissioning liability to the Russian State as per the PSA. Refer note 24 and note 45.2

11 Trade receivables

Particulars	As at March 31, 2018		As at March 31, 2017	
	Non- current	Current	Non- current	Current
a) Unsecured, Considered Good	-	9,910.56	-	8,525.76
b) Unsecured, Considered Doubtful	131.38	-	131.24	-
Less: Impairment for doubtful trade receivables	131.38	-	131.24	-
Trade receivables	**-**	**9,910.56**	**-**	**8,525.76**

(All amounts are ₹ in millions, unless otherwise stated)

11.1 Generally, the Company enters into crude oil sales contracts with reputed Oil Marketing Companies (OMCs) / International Oil Companies (IOCs) / National Oil Companies (NOCs) on the basis of tendering for each of its cargo's. However, the Company has also entered into some long-term sales arrangement with International Oil Companies (IOCs) / National Oil Companies (NOCs) for crude oil sales and supply of natural gas.

11.2 The Company generally sells its products on an average credit period of around 30 days. In respect of gas sales in some of the projects, the Company receives payments in advance in accordance with the respective sales contract. In respect of a long term gas sales contract with one of the national oil companies, a credit period of 40 days is allowed. Interest is not charged on trade receivables for the applicable credit period from the date of invoice. For delayed period of payments, interest is charged as per respective arrangements, which is generally determined as one month ICE LIBOR + 2% per annum over the applicable Bank Rate on the outstanding balance.

11.3 The trade receivables breakup between customers having outstanding more than 5% and other customers is

Customer	As at March 31, 2018	As at March 31, 2017
Customers with outstanding balance of more than 5% of Trade receivables	9,560.31	8,272.50
Other customers	481.63	384.50
Trade receivables	**10,041.94**	**8,657.00**

11.4 The Company assesses impairment loss on trade receivables on the basis of facts and circumstances relevant to each customer. Usually, Company collects all its receivables within the contractually allowed credit periods. The Company has concentration of credit risk due to the fact that the Company has significant receivables from Oil Marketing Companies and International Oil Companies (IOCs). However these are reputed National Oil Companies (NOCs).

11.5 Age of trade receivable

Particulars	As at March 31, 2018	As at March 31, 2017
Within the credit period	8,998.95	5,088.58
1-30 days past due	911.61	3,437.18
31-90 days past due	-	-
More than 90 days past due	131.38	131.24
Total	**10,041.94**	**8,657.00**

11.6 Movement of impairment for doubtful receivables

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Balance at beginning of the year	131.24	134.28
Effect of exchange differences (Refer note 11.6.1)	0.14	(3.04)
Balance at end of the year	**131.38**	**131.24**

11.6.1 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.18 and 4.1(a).

(All amounts are ₹ in millions, unless otherwise stated)

21.1 The Company obtains loans as well as financial guarantees from the parent company ONGC. The amount of ₹ 4,345.87 million (as at March 31, 2017 ₹ 4,326.69 million) shown as deemed capital contribution from holding company includes:

(i) ₹ 2,745.51 million (as at March 31, 2017 ₹ 2,745.51 million) towards the fair value of financial guarantee given without any consideration and

(ii) ₹ 1,600.36 million (as at March 31, 2017 ₹ 1,581.18 million) towards fair value of interest free loan.

21.2 Capital reserve is recognized by the Company in respect of gains on the sale of a part of the participating interest in respect of Block 06.1, Vietnam where the consideration received for partial farm out in unproved property was not higher than the total cost.

(All amounts are ₹ in millions, unless otherwise stated)

21.3 The Debenture redemption reserve position is as under

Particulars	As at March 31, 2018	As at March 31, 2017
(i) Unsecured 8.54% 10 Years Non-Convertible Redeemable Bonds in the nature of Debenture - Series II	2,585.55	2,585.55
(ii) Unsecured 4.625% 10 year USD Bonds - USD 750 million	12,299.86	12,299.86
(iii) Unsecured 3.75% 10 year USD Bonds - USD 500 million	12,153.02	12,153.02
(iv) Unsecured 2.75% 7 year EUR Bonds - EUR 525 million	12,946.68	12,946.68
(v) Unsecured 3.25% 5 year USD Bonds - USD 750 million	24,606.46	24,606.46
(vi) Unsecured 2.50% 5 year USD Bonds - USD 300 million	14,583.63	14,583.63
Total	**79,175.20**	**79,175.20**

21.4 Debenture redemption reserve is created by the Company out of the Retained earnings for the purpose of redemption of Debentures / Bonds when they are due for redemption. This reserve remains invested in the business activities of the Company.

21.5 The general reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to the statement of profit and loss.

21.6 The amount that can be distributed by the Company as dividends to its equity shareholders is determined considering the requirements of the Companies Act, 2013.

In respect of the year ended March 31, 2017, the Company has declared a final dividend of ₹ 1.40 per share of fully paid equity shares of par value of ₹ 100 each (previous year: Nil) in its Annual General Meeting held on September 28, 2017. The same is subsequently been paid.

The Board of Directors has recommended dividend of ₹ 2 per share for the year ended March 31, 2018 (previous year ₹ 1.40 per share) excluding dividend distribution tax.

21.7 Exchange differences in translating the financial statements from functional currency USD ($) to presentation currency INR (₹) is recognised as an item of Other Comprehensive Income that will be reclassified to profit or loss. Refer note 3.18 and 4.1(a).

21.8 The comparative figures as at March 31, 2017 has been restated for error in preparation of previous year financial statements. The restatement has resulted in reduction of receivables from operators by ₹ 10,143.72 million (note 15) with corresponding reduction in exchange differences in translating the financial statements of the foreign operations forming part of other equity ₹ 6,633.18 million (note 21) net of related deferred tax liability ₹ 3,510.54 million (note 25) of the year ended March 31,2017. The restatement has the impact of reducing the Other Comprehensive Income and Total Comprehensive Income of the year ended March 31, 2017 by ₹ 6,633.18 million. There is no impact on earnings per share of the company for the year ended March 31, 2017. Further, this has no impact on the beginning balances of the year ended March 31, 2017.

(All amounts are ₹ in millions, unless otherwise stated)

40 Employee benefit plans

40.1 Defined contribution plans:

40.1.1 Provident Fund

The Company pays fixed contribution to provident fund at predetermined rates to a separate trust, which invests the funds in permitted securities. The obligation of the Company is to make such fixed contribution and to ensure a minimum rate of return to the members as specified by Government of India (GoI). As per report of the actuary, overall interest earnings and cumulative surplus is more than the statutory interest payment requirement. Hence, no further provision is considered necessary.

Provident Fund is governed through a separate trust. The board of trustees of the Trust functions in accordance with any applicable guidelines or directions that may be issued in this behalf from time to time by the Central Government or the Central Provident Fund Commissioner, the board of trustees have the following responsibilities:

(i) Investments of the surplus as per the pattern notified by the Government in this regard so as to meet the requirements of the fund from time to time.

(ii) Raising of moneys as may be required for the purposes of the fund by sale, hypothecation or pledge of the investment wholly or partially.

(iii) Fixation of rate of interest to be credited to members' accounts.

40.1.2 Post Retirement Benefit Scheme

The defined contribution pension scheme of the Company for its employees is administered through a separate trust. The obligation of the Company is to contribute to the trust to the extent of amount not exceeding 30% of basic pay and dearness allowance as reduced by the employer's contribution towards provident fund, gratuity, post-retirement medical Benefit (PRMB) or any other retirement benefits.

The board of trustees of the Trust functions in accordance with any applicable guidelines or directions that may be issued in this behalf from time to time by the Central Government, the board of trustees have the following responsibilities:

(i) Investments of the surplus as per the pattern notified by the Government in this regard so as to meet the requirements of the fund from time to time.

(ii) Fixation of rate of contribution and interest thereon.

(All amounts are ₹ in millions, unless otherwise stated)

(iii) Purchase of annuities for the members.

40.2 Employee Pension Scheme 1995

The Employee Pension Scheme -1995 is administered by Employees Provident Fund Organization of India, wherein the Company has to contribute 8.33% of salary (subject to maximum of ₹15,000 per month) out of the employer's contribution to Provident Fund.

40.3 Composite Social Security Scheme (CSSS)

The Composite Social Security Scheme is formulated by the Company for the welfare of its regular employees and it is administered through a separate Trust, named as Composite Social Security Scheme Trust. The obligation of the Company is to provide matching contribution to the Trust to the extent of contribution of the regular employees of the company. The Trust provides an assured lump sum support amount in the event of death or permanent total disablement of an employee while in service. In case of Separation other than Death/Permanent total disability, employees own contribution along with interest is refunded.

The Board of trustees of the Trust functions in accordance with Trust deed, Rule, Scheme and applicable guidelines or directions that may be issued by Management from time to time.

The Board of trustees have the following responsibilities:

(i) Investments of the surplus as per the pattern notified by the Government in this regard so as to meet the requirements of the fund from time to time.

(ii) Fixation of rate of interest to be credited to members' accounts.

(iii) To provide cash benefits to the nominees in the event of death of an employee or Permanent Total Disablement leading to the cessation from service and refund of own contribution along with interest in case of separation other than death.

40.4 The amounts recognized in the financial statements before allocation for the defined contribution plans are as under:

40.5 Defined benefit plans

40.5.1 Brief Description: A general description of the type of Employee Benefits Plans is as follows:

40.5.2 The employees of the Company are deputed from the parent company ONGC and governed as per the parent company policy for employee benefit. All the scheme relating to employee benefits are administered by the parent company and accordingly the year end provision of employee benefits are settled by transfer to the parent company.

40.5.3 Gratuity

15 days salary for each completed year of service and the payment is restricted to ₹ 2 million on superannuation, resignation, termination, disablement or on death.

Scheme is funded through Parent Company's (ONGC) Gratuity Trust. The liability for gratuity as above is recognized on the basis of actuarial valuation.

(All amounts are ₹ in millions, unless otherwise stated)

40.5.4 Post-Retirement Medical Benefits

The Company has Post-Retirement Medical benefit (PRMB), under which the retired employees and their spouses and dependent parents are provided medical facilities in the Company hospitals/empanelled hospitals up on payment of one time prescribed contribution by the employees. They can also avail treatment as out-patient. The liability for the same is recognized annually on the basis of actuarial valuation. Full medical benefits on superannuation and on voluntary retirement are available subject to the completion of minimum 20 years of service and 50 years of age.

An employee should have put in a minimum of 15 years of service rendered in continuity in ONGC at the time of superannuation to be eligible for availing post-retirement medical facilities.

40.5.5 Terminal Benefits

At the time of superannuation, employees are entitled to settle at a place of their choice and they are eligible for Settlement Allowance.

40.5.6 These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. When there is a deep market for such bonds; if the return on plan asset is below this rate, it will create a plan deficit. Currently, for these plans, investments are made in government securities, debt instruments, Short term debt instruments, Equity instruments and Asset Backed, Trust Structured securities as per notification of Ministry of Finance.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

No other post - retirement benefits are provided to these employees.

In respect of the above plans, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2018 by a member firm of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

40.6 Other long term employee benefits

40.6.1 Brief Description: A general description of the type of Other long term employee benefits is as follows:

40.6.2 The employees of the Company are deputed from the parent company ONGC and governed as per the parent company policy for employee benefit. All the scheme relating to employee benefits are administered by the parent company and accordingly the year end provision of employee benefits are settled by transfer to the parent company.

40.6.3 Earned Leave (EL) Benefit

Accrual – 30 days per year

Encashment while in service – 75% of Earned Leave balance subject to a maximum of 90 days per calendar year

Encashment on retirement – maximum 300 days

Scheme is funded through Life Insurance Corporation of India (LIC).

40.6.4 Good Health Reward (Half pay leave)

Accrual - 20 days per year

Encashment while in service - Nil

Encashment on retirement - 50% of Half Pay Leave balance.

Scheme is funded through Life Insurance Corporation of India. (LIC).

The liability for the same is recognized annually on the basis of actuarial valuation.

40.7 The principal assumptions used for the purposes of the actuarial valuations were as follows.

Assumptions as at March 31, 2018

S. No.	Particulars	31-Mar-18	31-Mar-17
	Gratuity		
I.	Discount rate	**7.66%**	7.31%
II.	Expected return on plan assets	**7.66%**	7.31%
III.	Annual increase in salary	**6.50%**	6.50%
	Leave		
IV.	Discount rate	**7.66%**	7.31%
V.	Expected return on plan assets	**7.66%**	7.31%
VI.	Annual increase in salary	**6.50%**	6.50%
	Post-Retirement Medical Benefits		
VII.	Discount rate	**7.66%**	7.31%
VIII.	Expected return on plan assets	**NA**	NA
IX.	Annual increase in costs	**6.50%**	6.50%
	Terminal Benefits		
X.	Discount rate	**7.66%**	7.31%
XI.	Expected return on plan assets	**NA**	NA
XII.	Annual increase in costs	**6.50%**	6.50%
XIII.	Annual increase in salary	**6.50%**	6.50%
	Employee Turnover (%)		
XIV.	Up to 30 Years	**3.00**	3.00
XV.	From 31 to 44 years	**2.00**	2.00
XVI.	Above 44 years	**1.00**	1.00
	Mortality Rate		
XVII.	Before retirement	As per Indian Assured Lives Mortality Table (2006-08)	
XVIII.	After retirement	As per Indian Assured Lives Mortality Table (2006-08)	

The discount rate is based upon the market yield available on Government bonds at the Accounting date with a term that matches. The salary growth takes account inflation, seniority, promotion and other relevant factors on long term basis. Expected rate of return on plan assets is based on market expectation, at the beginning of the year, for return over the entire life of the related obligation.

40.8 Amounts recognized in the Financial Statements before allocation in respect of these defined benefit plans and other long term employee benefits are as follows:

(All amounts are ₹ in millions, unless otherwise stated)

Gratuity

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Service Cost :		
Current service cost	24.60	25.65
Past service cost and (gain)/loss from settlements	-	3.58
Net interest expense	2.52	(0.79)
(Increase) or decrease due to adjustment in opening corpus consequent to audit	(0.01)	(0.34)
Components of defined benefit costs recognised in Employee Benefit expenses	**27.11**	**28.10**
Remeasurement on the net defined benefit liability:		
Return on plan assets (excluding amounts included in net interest expense)	-	-
Actuarial (gains) / losses arising from changes in demographic assumptions	-	-
Actuarial (gains) / losses arising from changes in financial assumptions	(3.33)	13.98
Actuarial (gains) / losses arising from experience adjustments		
Excess Return / (Shortfall) on plan assets (excluding amounts included in net interest expense)	(9.85)	2.73
Components of Remeasurement	(1.17)	(0.79)
Total	**(14.35)**	**15.92**

Leave

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Service Cost:		
Current service cost	100.73	20.52
Past service cost and (gain)/loss from settlements	-	-
Net interest expense	10.24	9.20
(Increase) or decrease due to adjustment in opening corpus consequent to audit	(3.57)	(1.01)
Actuarial (gains) / losses arising from changes in demographic assumptions	-	-
Actuarial (gains) / losses arising from changes in financial assumptions	(7.80)	39.46
Actuarial (gains) / losses arising from experience adjustments	(65.35)	76.48
Excess Return / (Shortfall) on plan assets (excluding amounts included in net interest expense)	(7.84)	(2.97)
Components of defined benefit costs recognised in Employee Benefit expenses	**26.41**	**141.68**

Post-Retirement Medical Benefits

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Service cost		
Current service cost	5.11	5.60
Past service cost and (gain)/loss from settlements	-	-
Net interest expense	2.18	1.56
Components of defined benefit costs recognised in Employee Benefit expenses	**7.29**	**7.16**
Remeasurement on the net defined benefit liability:		
Return on plan assets (excluding amounts included in net interest expense)	NA	NA
Actuarial (gains) / losses arising from changes in demographic assumptions	-	-
Actuarial (gains) / losses arising from changes in financial assumptions	(1.67)	(3.75)
Actuarial (gains) / losses arising from experience adjustments	(6.12)	6.90
Adjustments for restrictions on the defined benefit asset	-	-
Components of Remeasurement including benefit paid	**(7.79)**	**3.15**
Total	**(0.51)**	**10.31**

Terminal Benefits

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Service cost		
Current service cost	0.24	0.22
Past service cost and (gain)/loss from settlements	-	-
Net interest expense	0.08	0.08
Components of defined benefit costs recognised in Employee Benefit expenses	**0.33**	**0.30**
Remeasurement on the net defined benefit liability:		
Actuarial (gains) / losses arising from changes in demographic assumptions	-	-
Actuarial (gains) / losses arising from changes in financial assumptions	(0.03)	0.15
Actuarial (gains) / losses arising from experience adjustments	(0.08)	(0.31)
Adjustments for restrictions on the defined benefit asset	-	-
Components of Remeasurement	**(0.11)**	**(0.16)**
Total	**0.21**	**0.14**

The Components of Remeasurement of the net defined benefit obligation recognized in other comprehensive income is (₹ 22.26) million (Previous Year: (₹ 18.12) million).

40.9 Movements in the present value of the defined benefit obligation and other long term employee benefits are as follows:

Gratuity

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Opening defined benefit obligation	142.16	98.25
Current service cost	24.60	25.65
Interest cost	10.39	7.86
Remeasurement (gains)/losses:		
Actuarial (gains) / losses arising from changes in demographic assumptions	-	-
Actuarial (gains) / losses arising from changes in financial assumptions	(3.33)	13.98
Actuarial (gains) / losses arising from experience adjustments	(9.85)	2.73

(All amounts are ₹ in millions, unless otherwise stated)

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Past service cost, including losses/(gains) on curtailments	-	3.58
Benefits paid	(19.28)	(9.89)
Closing defined benefit obligation	**144.69**	**142.16**
Current obligation	**13.46**	**12.90**
Non-Current obligation	**131.23**	**129.26**

Leave

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Opening defined benefit obligation	413.33	295.28
Current service cost	100.73	20.52
Interest cost	30.21	23.62
Remeasurement (gains)/losses:		
Actuarial gains and losses arising from changes in demographic assumptions	-	-
Actuarial gains and losses arising from changes in financial assumptions	(7.80)	39.46
Actuarial gains and losses arising from experience adjustments	(65.35)	76.48
Past service cost, including losses/(gains) on curtailments	-	-
Benefits paid	(98.54)	(42.04)
Closing defined benefit obligation	**372.58**	**413.32**
Current obligation	**47.67**	**49.96**
Non-Current obligation	**324.91**	**363.36**

Post-Retirement Medical Benefits

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Opening defined benefit obligation	29.85	19.53
Current service cost	5.11	5.60
Interest cost	2.18	1.56
Remeasurement (gains)/losses:		
Actuarial gains and losses arising from changes in demographic assumptions	-	-
Actuarial gains and losses arising from changes in financial assumptions	(1.67)	(3.75)
Actuarial gains and losses arising from experience adjustments	(6.12)	6.90
Past service cost, including losses/(gains) on curtailments	-	-
Benefits paid	-	-
Closing defined benefit obligation	**29.34**	**29.84**
Current obligation	**0.10**	**0.08**
Non-Current obligation	**29.25**	**29.76**

Terminal Benefits

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Opening defined benefit obligation	1.16	1.03
Current service cost	0.24	0.22
Interest cost	0.08	0.08

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Remeasurement (gains)/losses:		
Actuarial gains and losses arising from changes in demographic assumptions	-	-
Actuarial gains and losses arising from changes in financial assumptions	(0.03)	0.15
Actuarial gains and losses arising from experience adjustments	(0.08)	(0.31)
Past service cost, including losses/(gains) on curtailments	-	-
Benefits paid	-	-
Closing defined benefit obligation	**1.37**	**1.17**
Current obligation	**0.01**	**0.01**
Non-Current obligation	**1.36**	**1.16**

40.10 The amount included in the Standalone Balance sheet arising from the entity's obligation in respect of its defined benefit plan and other long term employee benefits is as follows :

Gratuity

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Present value of funded defined benefit obligation	144.69	142.16
Fair value of plan assets	132.72	107.68
Funded status	**(11.97)**	**(34.48)**
Restrictions on asset recognised	NA	NA
Net liability arising from defined benefit obligation	**11.97**	**34.48**

The amounts included in the fair value of plan assets of gratuity fund in respect of reporting enterprise's own financial instruments and any property occupied by, or other assets used by the reporting enterprise are Nil (as at March 31, 2017 Nil)

Leave

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Present value of funded defined benefit obligation	372.58	413.32
Fair value of plan assets	352.06	269.62
Funded status	**(20.51)**	**(143.70)**
Restrictions on asset recognised	NA	NA
Net liability arising from defined benefit obligation	**20.51**	**143.70**

Post-Retirement Medical Benefits

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Present value of unfunded defined benefit obligation	29.34	29.85
Fair value of plan assets	NA	NA
Net liability arising from defined benefit obligation	**29.34**	**29.85**

(All amounts are ₹ in millions, unless otherwise stated)

Terminal Benefits

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Present value of unfunded defined benefit obligation	1.37	1.16
Fair value of plan assets	-	-
Net liability arising from defined benefit obligation	**1.37**	**1.16**

40.11 Movements in the fair value of the plan assets are as follows :

Gratuity

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Opening fair value of plan assets	107.67	108.13
Adjustment in opening corpus consequent to audit	0.01	0.34
Expected return on plan assets	7.87	8.65
Remeasurement gain (loss):		
Excess Return / (Shortfall) on plan assets (excluding amounts included in net interest expense)	1.17	0.79
Contributions from the employer	35.29	-
Benefits paid	(19.28)	(9.89)
Closing fair value of plan assets	**132.73**	**108.02**

Expected contribution in respect of gratuity for next year 2018-19 will be ₹ 26.77 million (For the year ended March 31, 2017 ₹ 29.67 million).

Leave

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Opening fair value of plan assets	273.19	180.30
Adjustment in opening corpus consequent to audit	3.57	1.01
Expected return on plan assets	19.97	14.42
Remeasurement gain (loss):		
Excess Return / (Shortfall) on plan assets (excluding amounts included in net interest expense)	7.84	2.97
Contributions from the employer	149.60	113.97
Benefits paid	(98.54)	(42.04)
Closing fair value of plan assets	**355.64**	**270.63**

40.12 Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

40.12.1 Sensitivity Analysis as on March 31, 2018

Significant actuarial assumptions	Gratuity	Leave	Post-Retirement Medical Benefits	Terminal Benefits
Discount Rate				
- Impact due to increase of 50 basis points	(4.52)	(10.58)	(0.92)	(0.04)
- Impact due to decrease of 50 basis points	4.84	11.24	0.98	0.05
Salary increase				
- Impact due to increase of 50 basis points	3.77	11.31	-	-
- Impact due to decrease of 50 basis points	(3.85)	(10.75)	-	-
Cost increase				
- Impact due to increase of 50 basis points	-	-	0.76	0.04
- Impact due to decrease of 50 basis points	-	-	(0.78)	(0.04)

40.12.2 Sensitivity Analysis as on March 31, 2017

Significant actuarial assumptions	Gratuity	Leave	Post-Retirement Medical Benefits	Terminal Benefits
Discount Rate				
- Impact due to increase of 50 basis points	(4.45)	(12.35)	3.49	(0.05)
- Impact due to decrease of 50 basis points	4.75	13.13	(2.55)	0.05
Salary increase				
- Impact due to increase of 50 basis points	3.96	13.17	-	-
- Impact due to decrease of 50 basis points	(3.89)	(12.50)	-	-
Cost increase				
- Impact due to increase of 50 basis points	-	-	3.51	0.05
- Impact due to decrease of 50 basis points	-	-	(2.54)	(0.05)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Sensitivity due to mortality & withdrawals are not material & hence impact of change not calculated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

40.13 Maturity Profile of Defined Benefit Obligation and other long term employee benefits:

Defined Benefit:	As at March 31, 2018	As at March 31, 2017
Gratuity:		
Less than One Year	13.46	12.90
One to Three Years	51.82	7.55
Three to Five Years	36.46	30.36
More than Five Years	42.95	91.34
Leave:		
Less than One Year	47.67	49.96
One to Three Years	84.93	19.47
Three to Five Years	68.71	89.29
More than Five Years	171.28	254.60

41 Segment Reporting

41.1 Products and services from which reportable segments derive their revenues

The Company has identified and reported operating segments taking into account the different risks and returns, the internal reporting systems and the basis on which operating results are regularly reviewed to make decisions about resources to be allocated to the segment and assess its performance. The Company has identified following geographical segments as reportable segments:

a. Asia Pacific
b. Russia and CIS
c. Latin America
d. Middle East and Africa

41.2 Segment revenue and results

41.2.1 The following is an analysis of the Company's revenue and results from continuing operations by reportable segment.

Particulars	Segment revenue		Segment profit/(loss)	
	Year ended March 31, 2018	Year ended March 31, 2017	Year ended March 31, 2018	Year ended March 31, 2017
Asia Pacific	18,755.18	17,985.50	9,557.41	8,946.54
Russia and CIS	58,008.24	55,339.13	14,261.31	21,187.12
Latin America	-	-	(2,543.06)	(154.06)
Middle East and Africa	-	-	(1,833.55)	(808.30)
Total	**76,763.42**	**73,324.63**	**19,442.11**	**29,171.30**
Unallocated corporate expense			(4,002.66)	(740.83)
Finance costs			(11,389.26)	(6,035.93)
Interest/Dividend income			6,522.06	4,017.83
Profit before tax			**10,572.25**	**26,412.37**

41.2.2 Segment revenue reported above represents revenue generated from external customers. There were no inter-segment sale in the current year (year ended March 31, 2017: Nil)

41.2.3 The accounting policies of the reportable segments are the same as the Company's accounting policy described in note 3.32. Segment profit represents the profit before tax earned by each segment excluding finance cost and other income like interest/dividend income. This is the measure reported to the chief operating decision maker for the purposes of resource allocation and assessment of segment performance.

41.3 Segment assets and liabilities

Particulars	As at March 31, 2018	As at March 31, 2017
Segment assets		
Asia Pacific	55,084.29	38,342.78
Russia and CIS	253,273.60	294,115.24
Latin America	8,639.66	2,783.58
Middle East and Africa	204,249.52	195,228.00

(All amounts are ₹ in millions, unless otherwise stated)

Particulars	As at March 31, 2018	As at March 31, 2017
Total segment assets	**521,247.07**	**530,469.60**
Unallocated	275,045.11	254,974.46
Total assets	**796,292.18**	**785,444.06**
Segment liabilities		
Asia Pacific	13,258.57	14,155.89
Russia and CIS	41,515.03	8,077.38
Latin America	2,292.83	1,420.72
Middle East and Africa	3,655.40	8,530.80
Total segment liabilities	**60,721.83**	**32,184.79**
Unallocated	423,828.89	442,560.05
Total liabilities	**484,550.72**	**474,744.84**

For the purpose of monitoring segment performance and allocating resources between segments:

41.3.1 All assets are allocated to reportable operating segments other than investments in subsidiaries, investments in associates, investments in joint ventures, other investments, loans and current and deferred tax assets.

41.3.2 All liabilities are allocated to reportable segment other than borrowing, current and deferred tax liabilities.

41.3.3 Segment revenue, results, assets and liabilities include the respective amounts identifiable to each of the segments and amount allocated on reasonable basis. Unallocated includes common expenditure incurred for all the segments and expenses incurred at the corporate level. Finance cost includes unwinding of decommissioning liabilities not allocated to segment.

41.4 Other segment information

Particulars	Depreciation , depletion and amortization including Exploration costs written off		Other non-cash items-impairment and write off	
	Year ended March 31, 2018	Year ended March 31, 2017	Year ended March 31, 2018	Year ended March 31, 2017
Asia Pacific	3,865.30	5,248.69	152.75	-
Russia and CIS	26,227.80	22,692.06	10,226.90	-
Latin America	1,527.03	126.62	528.04	-
Middle East and Africa	72.36	155.15	408.44	-
Unallocated	513.24	434.72	20.25	475.74
	32,205.73	**28,657.24**	**11,336.38**	**475.74**

41.5 Impairment loss

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Russia and CIS	(5,832.87)	(2,911.58)
Middle East and Africa	993.53	(4,305.91)
Unallocated	-	-
	(4,839.34)	**(7,217.49)**

(All amounts are ₹ in millions, unless otherwise stated)

41.6 Additions to non- current assets

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Asia Pacific	6,021.74	(13,389.30)
Russia and CIS	(720.74)	(14,558.87)
Latin America	594.86	43.94
Middle East and Africa	(5,106.35)	24,734.69
Unallocated	(909.78)	(316.71)
	(120.27)	**(3,486.25)**

41.7 Information about major customers

Company's significant revenues are derived from sales to Oil Marketing Companies and International Oil Companies (IOCs) which are reputed and National Oil Companies (NOCs). No single customers contributed 10% or more to the company's revenue for both 2017-18 and 2016-17.

41.8 Information about geographical areas:

The Company is domiciled in India, however, the Company is engaged in prospecting for and acquisition of oil and gas acreages outside India for exploration, development and production of crude oil and natural gas. The Company generates its entire revenue from customers located outside India.

The total of non-current assets other than financial instruments and tax assets broken down by location of assets are shown below:

Location	As at March 31, 2018	As at March 31, 2017
India	7,337.09	6,077.52
Other Countries	455,153.98	456,533.82

44.1 The Company has not advanced any money to its employees for the purposes of investment in the securities of the Company.

45 Financial instruments

45.1 Capital Management

The Company's objective when managing capital is to:

- Safeguard its ability to continue as going concern so that the Company is able to provide return to stakeholders and benefits for other stakeholders; and Maintain an optimal capital structure of debt and equity balance.

- The Company maintains its financial framework to support the pursuit of value growth for shareholders, while ensuring a secure financial base. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The capital structure of the Company consists of net debt (borrowings as detailed in note 22 offset by cash and bank balances) and total equity of the Company.

The Company's Audit Committee reviews the capital structure of the Company on a semi-annual basis. As part of this review, the committee considers the cost of capital and the risks associated with each class of capital.

45.1.1 Gearing Ratio

The gearing ratio at end of the reporting year was as follows:

Particulars	As at March 31, 2018	As at March 31, 2017
Debt (Refer note 22)	308,139.71	302,425.76
Cash and cash equivalents (Refer note 19)	7,492.69	3,732.25
Net debt	300,647.02	298,693.51
Total equity (Refer note 20 and 21)	311,741.46	310,699.22
Net debt to total equity ratio	96.44%	96.14%

45.2 Categories of financial instruments

Financial assets*

Particulars	As at March 31, 2018	As at March 31, 2017
Measured at fair value through profit or loss		
(a) Mandatorily measured:		
(i) Investment in mutual funds	20,985.64	18,332.42
(ii) Derivative assets	1,980.44	-
Measured at amortised cost		
(a) Trade receivables	9,910.56	8,525.76
(b) Cash and cash equivalents	7,492.69	3,732.25
(c) Deposit under Site Restoration Fund	727.62	555.81
(d) Loans	13,028.80	8,804.22
(e) Other financial assets	5,385.60	7,917.18
Finance lease receivables	-	-

* Investments in subsidiaries, joint ventures and associates have not been included, since these have been valued at cost less impairment.

Financial liabilities

Particulars	As at March 31, 2018	As at March 31, 2017
Measured at fair value through profit or loss		
(a) Mandatorily measured:		
(i) Derivative liabilities	1,093.78	1,425.74
Measured at amortised cost		
(a) Borrowings	307,762.02	302,048.07

(All amounts are ₹ in millions, unless otherwise stated)

Particulars	As at March 31, 2018	As at March 31, 2017
(b) Trade payables	11,930.88	13,694.92
(c) Other financial liabilities	14,254.07	8,801.33
Finance lease obligation	377.69	377.69

45.3 Financial risk management objectives

While ensuring liquidity is sufficient to meet Company's operational requirements, the Company's management also monitors and manages key financial risks relating to the operations of the Company by analysing exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest risk and price risk), credit risk and liquidity risk.

The Company's management seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the company's policies approved by the Board of Directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the internal auditors on a continuous basis. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

45.4 Market Risk

Market risk is the risk or uncertainty arising from possible market price movements and their impact on the future performance of a business. The major components of market risk are price risk, foreign currency exchange risk and interest rate risk.

The primary commodity price risks that the Company is exposed to include international crude oil prices that could adversely affect the value of the Company's financial assets or expected future cash flows. Substantial or extended decline in international prices of crude oil and natural gas may have an adverse effect on the Company's reported results.

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign currency risk and interest rate risk, including:

(a) interest rate swaps to mitigate the variable of rising interest rate

(b) forward foreign exchange contract to hedge its exposure in respect of Euro bond issued by the Company and for certain payments in Russian Ruble.

45.5 Foreign currency risk management

Functional currency of the Company is USD. The Company undertakes transactions denominated in different foreign currencies and is consequently exposed to exchange rate fluctuations due to overseas operations.

The below table summarises significant foreign currency denominated monetary liabilities at each reporting date:

Particulars	As at March 31, 2018	As at March 31, 2017
Borrowings		
Unsecured 2.75% 7 year EUR Bonds - EUR 525 million	41,775.36	36,180.78
Unsecured non-convertible redeemable bonds in the nature of Debentures- Series II of face value ₹ 1 million each (₹ 3,700 million)	3,700.00	3,700.00
Loan from holding company	-	163.45

(All amounts are ₹ in millions, unless otherwise stated)

45.5.1 Foreign currency sensitivity analysis

The Company is exposed to foreign currency risk against currency other functional currency. Sensitivity of profit or loss arises mainly against EURO and INR borrowing.

As per management's assessment of reasonable possible changes in the exchange rate of +/- 5% between USD-EURO and USD-INR currency pair, sensitivity of profit or loss only on outstanding foreign currency denominated monetary items at the year end is presented below:

USD sensitivity at year end	Year ended March 31, 2018	Year ended March 31, 2017
Borrowing		
Euro-USD appreciation by 5%	2,171.79	1,819.24
Euro-USD depreciation by 5%	(2,171.79)	(1,819.24)
USD-INR appreciation by 5%	200.80	193.17
USD-INR depreciation by 5%	(200.80)	(193.17)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting year does not reflect the exposure during the year.

45.5.2 Forward foreign exchange contracts

The Company generally enters into forward exchange contracts to cover specific foreign currency payments and receipts to reduce foreign exchange fluctuation risk. In current year, the Company has entered certain forward contracts to cover exposure towards EURO bond.

45.6 Interest rate risk management

The Company is exposed to interest rate risk because the Company borrows funds at both fixed and floating interest rates. The Company's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note.

45.6.1 Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting year. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting year was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the analysis is as under:

	Particulars	Year ended March 31, 2018	Year ended March 31, 2017
(i)	Impact on profit or loss for the year for increase in interest rate	572.18	595.62
(ii)	Impact on profit or loss for the year for decrease in interest rate	(572.18)	(595.62)

45.6.2 Interest rate swap contracts

The Company is engaged in E&P business outside India. Its revenues of crude oil and natural gas are principally denominated in USD. Further, price benchmarks wherever applicable are also principally in USD. The Company has therefore swapped the coupon and the principal amount of 8.54 % Unsecured Redeemable Debenture (face value of ₹ 3,700.00 Million) into USD.

(All amounts are ₹ in millions, unless otherwise stated)

45.7 Price risks

Price sensitivity analysis

The sensitivity of profit or loss in respect of investments in mutual funds at the end of the reporting year for +/- 5% change in price and net asset value is presented below:

Profit before tax for the year ended March 31, 2018 would increase/decrease by ₹ 1,049.28 million (For the year ended March 31, 2017 would increase/decrease by ₹ 916.62 million) as a result of the changes in net asset value of investment in mutual funds.

45.8 Credit risk management

Credit risk arises from cash and cash equivalents, investments and deposits with banks as well as customers including receivables. Credit risk management considers available reasonable and supportive forward-looking information including indicators like external credit rating (as far as available), macro-economic information (such as regulatory changes, government directives, market interest rate).

Major customers, of the Company are reputed Oil Marketing Companies (OMCs) / International Oil Companies (IOCs) / National Oil Companies (NOCs) which have highest credit ratings, carrying negligible credit risk.

Credit exposure is managed by counterparty limits for investment of surplus funds which is reviewed by the Management. Investments in short term deposits are with high rated public sector banks.

Bank balances are held with a reputed and creditworthy banking institution.

45.9 Liquidity risk management

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents including bank deposits and availability of funding through an adequate amount of committed credit facilities from bank and borrowings from parent company to meet obligations when due. Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets and liabilities and monitoring the standalone balance sheet liquidity ratios.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The information included in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

The following table details the Company's expected maturity for its non-derivative financial assets. The information included in the table has been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Company's liquidity risk management as the liquidity is managed on a net asset and liability basis.

45.10 Fair value measurement

This note provides information about how the Company determines fair values of various financial assets.

45.11 Fair value of the Company's financial assets that are measured at fair value on a recurring basis

Some of the Company's financial assets are measured at fair value at the end of each reporting year. The following table gives information about how the fair values of these financial assets are determined.

Particulars	Fair value		Fair value hierarchy	Valuation technique(s) and key input(s)
	As at March 31, 2018	As at March 31, 2017		
Investment in mutual funds	20,985.64	18,332.42	Level 1	NAV declared by respective Asset Management Companies

45.12 Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

Management considers that the carrying amounts of financial assets and financial liabilities recognized in the financial statements except as per note 45.11 approximate their fair values.

46 Contingent liabilities and Contingent assets

46.1 Contingent Liabilities

Claims against the Company/ disputed demands not acknowledged as debt:-

	Particulars	As at March 31, 2018	As at March 31, 2017
I.	Income Tax (Refer note 46.1.1 below)	14,892.84	11,758.12
II.	Service-tax (Refer note 46.1.2 below)	76,661.01	61,026.75
III.	Claims of contractors in arbitration/Court/Others (Refer note 46.1.3 below)"	7,374.39	880.69
	Total	**98,928.24**	**73,665.56**

The above claims/demands are at various stages of litigation and, in the opinion of the Company, the same are not tenable.

46.1.1 Disputed income-tax demands (excluding cases decided in favour of the Company at Income Tax Appellate Tribunal (ITAT) level and addition made by the Assessing Officer (AO) on protective basis): March 31, 2018 is ₹ 14,892.84 million (as at March 31, 2017 ₹ 11,758.12 million). Against disputed tax demands, ₹ 6,550.64

million as at March 31, 2018 (as at March 31, 2017 ₹ 5,329.07 million) has been paid by the Company or adjusted by the authorities against refunds due to the Company from time-to-time.

46.1.2 The Service Tax Department had issued a demand cum show-cause notice dated October 11, 2011 requiring the Company to show cause why service tax amounting to ₹ 28,163.14 million (including Education Cess and SHE cess), the interest on such amount and penalty should not be demanded and recovered from the Company. Service Tax Department has calculated these tax amounts based on foreign currency expenditure reported in the Company's financial statements covering the reporting periods from April 1, 2006 to December 31, 2010 and contending that these expenses represent business auxiliary services rendered by the Company foreign branches and operator of the Joint Venture/ Consortium to the Company. Subsequently, five more demand-cum-show cause notices have been issued based on similar contentions covering the period upto March 31, 2015 to show cause why service tax amounting to ₹ 32,863.61 million (including Education cess and SHE cess), the interest on such amount and penalty should not be demanded and recovered from the Company. A demand-cum-show cause notice has been issued based on similar contentions covering the period April 1, 2015 to March 31, 2017 to show cause why service tax amounting to ₹ 15,633.22 million (including Education cess and SHE cess), the interest on such amount and penalty should not be demanded and recovered from the Company. A show cause notice of ₹ 1.04 million (including cess) received for the period April 1, 2015 to June 30, 2017 for non-payment of Service Tax on "Legal Services" under reverse charge mechanism. The Company is of the view that the said service tax is not payable and contesting the same. No provision is required to be made in the financial statements at this stage.

46.1.3 This includes contingent liability in respect of Company's share of claim related to net cross flow of oil & gas upto September 2, 2017 in one of its joint operations fields from an adjacent field belonging to another party. The negotiations are on-going for settlement of the claim and the company has disclosed contingent liability based on the counterparty claim under negotiation. The parties intend to agree for settlement of cross-flow claims for subsequent periods at five-yearly installments.

46.2 Corporate Guarantees

46.2.1 Performance guarantee

(i) The Company has issued Performance Guarantee to meet the performance obligation in respect of concessionary contract for Block BC-10, Brazil on behalf of its wholly owned subsidiary ONGC Campos Ltda (OCL) which is holding 27% PI in the block. The Company is confident that OCL will be able to honor its obligations.

(ii) The company has given Performance Guarantee to meet the performance obligation in respect of Carabobo 1 project in Venezuela on behalf of subsidiary Petro Carabobo Ganga B.V. The details of outstanding amount is given below. The Company is confident that Petro Carabobo Ganga B.V. will be able to honor its obligations.

Particulars	As at March 31, 2018	As at March 31, 2017
Performance guarantee in respect of Carabobo 1 Project on behalf of Petro Carabobo Ganga B.V.	74,966.37	74,885.54
Total	**74,966.37**	**74,885.54**

46.2.2 Bank Guarantees

Particulars	As at March 31, 2018	As at March 31, 2017
Bank guarantees / standby letter of credit	6,400.12	6,323.77
Total	**6,400.12**	**6,323.77**

46.2.3 Commitments

Particulars	As at March 31, 2018	As at March 31, 2017
(a) Estimated amount of contracts remaining to be executed on capital account and not provided for	15,476.55	19,314.64
(b) Minimum work program commitment	9,473.78	12,637.91
Total	**24,950.33**	**31,952.55**

(All amounts are ₹ in millions, unless otherwise stated)

Capital Commitments based upon the details provided by the operators: ₹ 24,850.08 million (as at March 31, 2017 ₹ 31,752.05 million). Contracts remaining to be executed on capital account amounting to ₹ 100.25 million (as at March 31, 2017 ₹ 200.50 million) towards the Company share for office building at Vasant Kunj, Delhi wherein the contracts have been awarded by parent company to various agencies and the Company is to share the costs.

Contingent Assets

Particulars	As at March 31, 2018	As at March 31, 2017
Contingent Assets	364.45	566.86

Contingent assets represent interest in respect of carried finance in respect of exploratory and development assets that would be recognised on certainty of receipt.

Refer note 43 for status of projects.
* Crude oil includes Condensate.
** MMTOE denotes "Million metric Tonne Oil Equivalent" and for calculating Oil equivalent of Gas, 1000 M3 of Gas has been taken to be equal to 1 MT of Crude oil.

Variations in totals, if any, are due to internal summations and rounding off.

Reserves of the Company as at October 1, 2013 were certified by Third Party Certifying (TPC) agencies. The certified 1P reserves were lower by 45.538 MMT as compared with the estimates of Reserve Estimates Committee (REC) of the parent company i.e. Oil & Natural Gas Corporation of India Limited (ONGC) in respect of certain projects. However, the management of the Company did not agree with the assumptions of the TPC in this regard and adopted the reserves figures as approved by the REC.

(All amounts are ₹ in millions, unless otherwise stated)

48 Impairment recognized during the year

48.1 The Company carried out impairment test as at March 31, 2018 in respect of its Cash Generating Units (CGUs) based on value in use method. The Company identified write back of impairment in respect of 1 CGU and impairment in respect of 2 CGUs and recognised net write back of impairment of ₹ 4,839.34 million during the year ended March 31, 2018 (for the year ended March 31, 2017 net write back of impairment provision of ₹ 7,217.49 million was recognised). The current year provision for impairment is considered as exceptional item. Refer note 36.

The following 2P reserves of the respective CGUs have been considered for the impairment assessment:

CGU	Proved and Probable Reserves (MMTOE) as at March 31, 2018
Sakhalin-1, Russia	140.758
Block 06.1, Vietnam	8.090
Block-5A, South Sudan	6.311
Blocks A1, A3, Myanmar	17.735
ACG, Azerbaijan	11.171
Area-1,Mozambique	214.785

49 The Company has a system of physical verification of Inventory, property, plant and equipment and Capital Stores in a phased manner to cover all items over a period of three years. Adjustment differences, if any, are carried out on completion of reconciliation.

50 The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.

51 Some balances of Trade and other receivables, Trade and other payables and Loans are subject to confirmation/reconciliation. Adjustments, if any, will be accounted for on confirmation/reconciliation of the same, which are not expected to have a material impact.

52 Approval of financial statements

The Standalone financial statements were approved by the board of directors on May 23, 2018

C&AG COMMENTS CONSOLIDATED

Oduptu summer in Sakhalin, Russia

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) READ WITH SECTION 129 (4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF ONGC VIDESH LIMITED FOR THE YEAR ENDED 31 MARCH 2018 AND MANAGEMENT REPLY THERETO:

S No.	C&AG Comments	Management Reply
	The preparation of consolidated financial statements of ONGC Videsh Limited for the year ended 31 March 2018 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139(5) read with section 129(4) of the Act are responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 23 May 2018. I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under section 143(6) (a) read with section 129(4) of the Act of the consolidated financial statements of ONGC Videsh Limited for the year ended 31 March 2018. We conducted a supplementary audit of the financial statements of ONGC Videsh Limited. Further, Section 139(5) and Section 143(6) (b) of the Act are not applicable to the companies mentioned in Annexure-A being private entities/entities incorporated in foreign countries under the respective laws, for appointment of their Statutory Auditors and for conduct of supplementary audit. Accordingly, C&AG has neither appointed the Statutory Auditors nor conducted the supplementary audit of these companies. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. Based on my supplementary audit, I would like to highlight the following significant matters under section 143(6) (b) read with section 129(4) of the Act, which have come to my attention and which in my view are necessary for enabling a better understanding of the consolidated financial statements and the related Audit Report:	Statement of fact
A.	**Comments on Statement of Cash Flows**	
A.1	While calculating cash flows for the current year, the Company included following under cash flows from Investing Activities instead of adjusting the profit for the effects of cash flows from Operating Activities as required under Ind- AS 7: • Increase in other non-current trade receivables amounting to ₹ 2898.63 million (outflow); • Changes in long term provisions amounting to ₹ 67.69 million (inflow)1; and • Changes in deferred tax assets/liabilities amounting to ₹ 5827.55 million (outflow). As a result of above classifications, Cash flow from Investing Activities was understated by ₹ 8658.49 million and cash flow from Operating Activities was overstated by the same amount. 1Similar mistake was observed in previous years figures also resulting in overstatement of cash flows from investing activities and understatement of cash flows from operating activities by ₹ 1774.34 million of the previous year.	The Company has noted the observations for review / compliance in subsequent period.
A.2	While calculating cash flows from investment activities for the current year, the Company has shown a net outflow of ₹ 13465.45 million on account of investment in subsidiaries/JVs/ associates. Audit observed that the Company has adjusted non-cash item amounting to ₹ 23695.74 million (outflow) pertaining to increase/ decrease in the value of investments of the Company in its subsidiaries/JVs/associates under cash flows from Investing activities instead of from Cash flow from Operating Activities. This has resulted in understatement of cash flows from Investing activities and overstatement of cash flows from Operating activities by ₹ 23695.74 million.	
A.3	Cash flows from financing activities include cash flow on account of interest paid amounting to ₹ 18543.60 million for the year 2017-18. However, the actual cash flow from interest paid was ₹ 17940.80 million. Difference of (₹ 602.80 million) was adjusted in cash flows from operating activities- ₹ 226.29 million and in cash flows from financing activities- Increase/Decrease in Other Financial liabilities- ₹ 376.51 million which was not in compliance with para 31 of Ind-AS 7 which requires that interest paid shall be disclosed separately under cash flows from financing activities. This has resulted in overstatement of interest paid by ₹ 602.80 million. This has also resulted in overstatement of cash flows from operating activities and understatement of cash flows from financing activities by ₹ 226.29 million.A	
B.	**Comment on Disclosure**	
B.1	**Claims against the Company/disputed demands not acknowledged as debt (Note 50.1): ₹ 100,717.64 Million** Above amount includes an amount of ₹ 91,553.85 million on account of disputed liabilities of Income tax and Service tax. While reporting this contingent liability of the Company on account of Income tax and Service tax cases, amount of interest/penalty that could be levied on above claims under various Statutes, if these cases are not decided in favour of the Company, has not been disclosed.	Management has assessed and disclosed the contingent liability keeping in view the facts and circumstances on the Balance Sheet date including past decisions taken by taxation and judicial authorities. The Company has disclosed contingent liability of ₹ 14,892.84 million towards disputed income tax demands and ₹ 76,661.01 million towards disputed Service Tax demand-cum-show cause notices. Details of the related contingent liability have been disclosed in Note no. 50.1 to the Consolidated Financial Statement. As regards income-tax demands, more than 90% of the additions are covered by decisions at appellate level in favour of the Company. Therefore the chances of interest and penalty are remote. As regards the demand-cum-show cause notices for service tax, the Company has filed the replies to these notices and the same are pending for disposal by the Service Tax Department. The management is of the view that the disputed service-tax demands are not tenable in law and that the Company's position is further supported by the position clarified by the Department vide its Circular No. 35/9/2018-GST dated 5th March 2018. Considering the above, management has assessed the chances of penalty and interest as remote and correctly disclosed the contingent liability in line with disclosures made in past years and in compliance with the requirements of Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets.

AUDITOR'S REPORT CONSOLIDATED

Rovuma Area-1 Offshore Mozambique is part of the Rovuma Basin, which is one of the largest natural gas discoveries in recent times

INDEPENDENT AUDITOR'S REPORT

To the Members of ONGC Videsh Limited

Report on the Consolidated Ind AS Financial Statements

1. We have audited the accompanying consolidated Ind AS financial statements of ONGC Videsh Limited (hereinafter referred to as "the Holding Company") and its 11 subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and 1 joint venture, comprising of the Consolidated Balance Sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

2. The Holding Company's Board of Directors is responsible for preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "The Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with Companies (Indian Accounting Standard) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group, its joint venture and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

   We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

   An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

   We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 8 (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

4. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the consolidated state of affairs (financial position) of the Group and its joint venture as at 31st March, 2018, and their consolidated profit (financial performance) including other comprehensive income, its consolidated cash flows and consolidated changes in equity for the year ended on that date.

Emphasis of matter

5. We draw attention to Note No.52 regarding provision for impairment in respect of 3 Cash Generating Unit (CGUs) and write back of impairment in respect of 2 CGUs. The Company has recognised net write back of impairment of ₹ 2,740.12 million during the year. Being technical in nature, we have relied upon the results of the Impairment test conducted by the Management.

6. We draw attention in note 36 regarding provision of liability in respect of crossflow of oil and gas in one of Cash Generating Unit (CGU) were company has recognised liability of ₹ 644.73 million. Further company has also recognised contingent liability in note 50.1 based on assessment of operator, final amount shall be provided after settlement of claim.

7. We draw attention to note no 22.3 regarding restatement of comparative figures of financial year 2016-17 in respect of business combination according to the Purchase Price Allocation Report in compliance with Ind AS 103.

   Our opinion is not modified in respect of this matter.

Other Matters

8. (a) We did not audit the financial statements of 8 subsidiaries, whose financial statements reflect total assets of ₹ 555,056.95 million as at 31st March, 2018, total revenues of ₹ 52,813.09 million and net cash inflow amounting to ₹ 1,912.68 million for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors (Refer 'Annexure-1' attached).

   (b) We did not audit the financial statements of 3 subsidiaries and 1 joint venture, whose financial statements reflect total assets of ₹ 1,874.73 million as at 31st March, 2018, total revenues of ₹ 239.05 million and net cash out flow amounting to ₹ 620.23 million for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and joint venture, is based solely on such unaudited financial statements (Refer 'Annexure-1' attached). In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

(c) For the purpose of preparation of the consolidated Ind AS financial statements, the accounts prepared in respect of subsidiaries companies and joint venture incorporated outside India, under local GAAP have been restated by the management of the said entities so that they conform to the generally accepted accounting principles in India. This has been done on the basis of a reporting package prepared by the Holding Company which covers accounting and disclosure requirements applicable to the consolidated Ind AS financial statements under the generally accepted accounting principles in India. The reporting packages made for this purpose have been audited by the respective other auditors of 8 subsidiaries and the audit reports of the other auditors has been furnished to us. In case of 3 unaudited subsidiaries and 1 unaudited joint venture, reporting packages has been prepared by the Management and relied thereupon by us. Our opinion on the consolidated Ind AS financial statements, in so far as it relates to these entities, is based on the aforesaid audit reports of the other auditors.

(d) Considering the facts that actual operations are performed outside India and operator is responsible for maintaining the original books of account on behalf of all the parties as per the respective joint operating agreement, we have conducted our audit by relying on such information furnished by the operator based on the audited statements or where joint venture is not audited, relying upon the information furnished by the management.

(e) We have placed reliance on technical / commercial evaluation by the management in respect of categorization of wells as exploratory, development, producing and dry well, allocation of cost incurred on them, depletion of oil and gas assets on the basis of Proved / Proved Developed Hydrocarbon Reserves as estimated by the Reserve Estimation Committee (REC) of the parent company Oil & Natural Gas Ltd. (ONGC), provision for decommissioning, allocation of depreciation / amortization on Tangible assets / Intangible Assets and liabilities against agreed minimum work program.

Our opinion is not modified in respect of other matters.

Report on Other Legal and Regulatory Requirements

9. The Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act is not applicable for the consolidated Ind AS financial statements in view of paragraph 2 of the said order.

10. We are enclosing our report in terms of section 143(5) of the act, on the basis of such checks of the books and records of the Company as we consider appropriate and according to information and explanation given to us, the "Annexure- A" on the directions by the Comptroller and Auditor General of India.

11. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.

(b) In our opinion, proper books of account as required by law relating to preparation of the consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

(c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.

(d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.

(e) On the basis of the written representations received from the directors of the Holding Company as at 31st March, 2018, taken on record by the Board of Directors of the Holding Company incorporated in India, none of the directors of the Holding Company incorporated in India is disqualified as at 31st March, 2018, from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls in Holding Company, refer to our separate report in "Annexure B"; and

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

(i) The consolidated Ind AS financial statements have disclosed the impact of pending litigations on the consolidated financial position of the Group and its joint venture. (Refer Note no. 50 to the consolidated Ind AS financial statements)

(ii) Provision has been made in the consolidated Ind AS financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, on long-term contracts including derivative contracts.

(iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company incorporated in India. (Refer Note no. 25.1 to the consolidated Ind AS financial statements)

Annexure B to the Independent Auditors' Report

(Annexure referred to in paragraph 11(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of ONGC Videsh Ltd. on the Consolidated Ind AS Financial Statements for the year ended 31st March, 2018)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the consolidated Ind AS financial statements of the Holding Company for the year ended 31st March, 2018, we have audited the internal financial controls over financial reporting of "ONGC Videsh Limited" ("the Holding Company") as of that date.

Management's Responsibility for Internal Financial Controls

2. The Board of Directors of the Holding Company, which is the company incorporated in India, is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Holding Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Consolidated Statement of Cash Flows for the year ended March 31, 2018

Particulars	For the year ended March 31, 2018		For the year ended March 31, 2017	
A. CASH FLOWS FROM OPERATING ACTIVITIES:				
Profit for the year		**9,796.17**		**7,537.78**
Adjustments For:				
- Depreciation, depletion, amortization and impairment	48,393.56		42,904.83	
- Exceptional items	(2,740.12)		10,062.78	
- Finance costs	22,066.72		11,268.52	
- Interest income	(2,051.24)		(1,058.16)	
- Dividend income	(238.88)		(300.76)	
- Exploration well costs written off	3,042.22		24.46	
- Remeasurements of the defined benefit obligation, net of income tax	(22.26)		11.85	
- Provisions, Write off and other impairment	11,709.30		1,398.28	
- Exchange rate fluctuation gains (net)	1,205.97	**81,365.27**	882.57	**65,194.37**
Operating profit before changes in working capital		**91,161.44**		**72,732.15**
Movement in working capital:				
- (Increase)/decrease in trade payable	(1,627.90)		(890.44)	
- (Increase)/decrease in short term provisions	1,331.33		56.29	
- (Increase)/decrease in other current liabilities	1,551.82		364.60	
- (Increase)/decrease in short term financial liabilities	(3,141.68)		950.62	
- (Increase)/decrease in trade receivables	221.14		(8,428.79)	
- (Increase)/decrease in inventories	(725.95)		(393.96)	
- (Increase)/decrease in short term loans and advances	(815.56)		(28.41)	
- Increase/(decrease) in other current assets	(637.62)		721.46	
- Increase/(decrease) in short term other financial assets	(5,679.91)	**(9,524.33)**	(5,522.80)	**(13,171.43)**
Cash generated from operations		**81,637.11**		**59,560.72**
Income taxes paid (net of tax refund)		(125.72)		(5,723.32)
Net cash generated by operating activities "A"		**81,511.39**		**53,837.40**
B. CASH FLOWS FROM INVESTING ACTIVITIES:				
Payments for property, plant and equipment		(23,953.63)		(38,513.28)
Payments for/ proceeds from intangible assets		(7,564.41)		(3,355.26)
Interest received		2,051.24		1,008.82
Dividends received		238.88		300.76
Investments in subsidiaries/JV/associates		(13,465.45)		(140,055.17)
Investments in mutual funds for site restoration fund		(2,614.95)		(5,147.38)
Deposits under site restoration fund		(170.20)		(176.89)
Increase/(Decrease) in Long Term Provisions		67.69		1,774.34
(Increase)/Decrease in other non current assets		(6,692.76)		(131.38)
(Increase)/Decrease in other non current Trade Receivable		(2,898.63)		-
Changes in Deferred Tax Asset/ Liabilities		(5,827.55)		-
(Increase)/Decrease in Long Term Loans and Advances		4,142.92		3,054.19
(Increase)/Decrease in other financial assets		(2,725.20)		-
Net cash (used in)/generated by investing activities "B"		**(59,412.05)**		**(181,241.25)**

(All amounts are ₹ in millions, unless otherwise stated)

Particulars	For the year ended March 31, 2018		For the year ended March 31, 2017	
C. CASH FLOWS FROM FINANCING ACTIVITIES:				
Change in Equity		(2,282.93)		24,981.16
Increase/(Decrease) in Long Term borrowings		27,007.63		54,071.32
Increase/(Decrease) in Short Term borrowings		(25,452.59)		57,326.28
Interest Paid		(18,543.60)		(17,765.48)
Change in Finance Lease Obligations (unsecured)		(3,556.23)		-
Increase/(Decrease) in Other financial liabilities		6,721.12		-
Increase/(Decrease) in Other non current liabilities		11.60		(15.11)
Net cash used in financing activities "C"		**(16,095.00)**		**118,598.17**
Net increase in cash and cash equivalents (A+B+C)		6,004.34		(8,805.68)
Cash and cash equivalents at the beginning of the year		8,240.05		4,630.82
Effect of exchange differences		(361.90)		12,414.91
Cash and cash equivalents at the end of the year		**13,882.49**		**8,240.05**

Reconciliation of liabilities arising from financing activities:

Particulars	As at March 31, 2017	Cash flows	Non Cash Charges			As at March 31, 2018
			Acquisition/ Accrual	Foreign exchange movement	Fair value changes	
Borrowings	**449,717.69**	1,555.04	-	4,125.73	-	**455,398.46**
Other financial liabilities (Non current) - Derivative liabilities and Interest accrued	**1,425.74**	-	-	-	(331.96)	**1,093.78**
Other financial liabilities (Non current) - Interest accrued	**2,685.42**				231.31	**2,916.73**
Other financial liabilities (Current) - Interest accrued	**791.69**	(18,543.60)	18,923.41	-	-	**1,171.50**
Other financial assets (Non current) - Derivative assets	-	-	-	-	(1,980.44)	**(1,980.44)**
Net liabilities from financing activities	**454,620.54**	**(16,988.56)**	**18,923.41**	**4,125.73**	**1,879.79**	**462,560.91**

Notes to the Consolidated financial statements for the year ended March 31, 2018

1 Corporate Information

ONGC Videsh Limited ('ONGC Videsh' or 'the Company') is a public limited company domiciled and incorporated in India having its registered office at Deendayal Urja Bhawan, Tower B, Plot No. 5A-5B, Nelson Mandela Marg, Vasant Kunj, New Delhi – 110070. ONGC Videsh is a wholly owned subsidiary and overseas arm of Oil and Natural Gas Corporation Limited ('ONGC').

The Company and its subsidiaries (collectively referred as "the Group"), joint ventures and associates are mainly engaged in prospecting for and acquisition of oil and gas acreages outside India for exploration, development and production of crude oil and natural gas.

2 Application of Indian Accounting Standards ('Ind AS')

All the Indian Accounting Standards issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorized have been considered in preparing these consolidated financial statements.

2.1 Standards / amendments issued but not yet effective

The MCA has notified the Companies (Indian Accounting Standards/ Ind AS) Amendment Rules, 2018 on 28 March 2018, whereby "Ind AS-115 relating to Revenue from Contracts with Customers" and Appendix B to "Ind AS 21 relating to Foreign Currency Transactions and advance considerations" has been made applicable from financial year 2018-19 (i.e. 1 April, 2018 onwards).

Ind AS-115 relating to Revenue from Contracts with Customers

The Standard replaces the existing Ind AS 18 on "Revenue" and Ind AS 11 Construction Contracts. Ind AS 115 establishes the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer.

Ind AS 21 – Appendix B - Foreign currency transactions and advance consideration

This Appendix applies to a foreign currency transaction (or part of it) when an entity recognises a non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration before the entity recognises the related asset, expense or income (or part of it).

The Company is evaluating the requirements of the same and its effect on the Financial Statements."

3 Significant accounting policies

3.1 Statement of compliance

In accordance with the notification dated February 16, 2015, issued by the Ministry of Corporate Affairs, the Group has adopted Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) with effect from April 1, 2016.

The consolidated financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and Guidance Note on Accounting for Oil and Gas Producing Activities (Ind AS) issued by the Institute of Chartered Accountants of India.

Previous year figures have been regrouped, wherever necessary.

3.2 Basis of preparation and presentation

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

The consolidated financial statements, except for cash flow information are prepared using the accrual basis of accounting.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

(All amounts are ₹ in millions, unless otherwise stated)

As the operating cycle cannot be identified in normal course due to the special nature of industry, the same has been assumed to have duration of 12 months. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

The functional currency of the Company is United States Dollar ('USD') (Refer note 4.1(a)). The consolidated financial statements are presented in Indian Rupees ('₹') (Refer note 3.22) and all values are rounded off to the nearest two decimal million except otherwise stated.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

(a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

(b) Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.

(c) Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Group's assumptions about pricing by market participants.

3.3 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries (collectively referred as "the Group"). The Group has investments in joint ventures and associates which are accounted using equity method in these consolidated financial statements. Refer note 3.7 for the accounting policy of investment in joint ventures and associate in the consolidated financial statements.

Subsidiaries are entities controlled by the Company. The Company controls an entity when it is exposed, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are consolidated from the date of their acquisition, being the date on which the Company obtains control and continue to be consolidated until the date that such control ceases.

The consolidated financial statements include the financial statements of following subsidiaries (held directly or through Company's subsidiaries):

S. No.	Name of the Subsidiaries	Country of Incorporation	Proportion of ownership interest	
			As at March 31, 2018	As at March 31, 2017
1.1	ONGC Nile Ganga B.V.	The Netherlands	Class A : 100%	Class A : 100%
			Class B : 100%	Class B : 100%
1.1(i)	ONGC Campos Ltda.	Brazil	100%	100%

5	Carabobo One AB	Sweden	100%	100%
5 (i)	Petro Carabobo Ganga B.V.	The Netherlands	100%	100%
6	ONGC (BTC) Limited	Cayman Islands	100%	100%
7	Beas Rovuma Energy Mozambique Ltd.	Mauritius	60%	60%
8	ONGC Videsh Rovuma Ltd. (OVRL)	Mauritius	100%	100%
9	ONGC Videsh Atlantic Inc. (OVAI)	Texas	100%	100%
10	ONGC Videsh Singapore Pte Ltd.	Singapore	100%	100%
10.1	ONGC Videsh Vankorneft Pte Ltd.	Singapore	100%	100%
11	Indus East Mediterranean Exploration Ltd.	Israel	100%	N.A.

*At the 16 February 2018 other Shareholder has surrendered own shares to the company LLC Imperial Frac Service. As of 31 March 2018, Imperial Frac Services (Cyprus) Limited continues to hold 50% of the shares in LLC Imperial Frac Service.

The consolidated financial statements are prepared using uniform accounting policies consistently for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's standalone financial statements except otherwise stated. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

The consolidated financial statements have been prepared by combining the financial statements of the Company and its subsidiaries on a line by line basis by adding together the book values of like items of assets, liabilities, equity, income and expenses after eliminating in full intra group assets, liabilities, equity, income and expenses relating to intra-group transactions and unrealized profits. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in the consolidated statement of profit and loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill) and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to the consolidated statement of profit and loss or transferred to another category of equity as specified/permitted by applicable Ind AS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109, or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

3.4 Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value which is calculated as the sum of the acquisition date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange of control of the acquiree. Acquisition related costs are generally recognised in consolidated statement of profit and loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that:

- deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 'Income Taxes' and Ind AS 19 'Employee Benefits' respectively;
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 'Non-current Assets Held for Sale and Discontinued Operations' are measured in accordance with that Standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed.

In case of a bargain purchase, before recognising a gain in respect thereof, the Group determines whether there exists clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the Group reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and recognises any additional assets or liabilities that are identified in that reassessment. The Group then reviews the procedures used to measure the amounts that Ind AS requires for the purposes of calculating the bargain purchase. If the gain remains after this reassessment and review, the Group recognises it in other comprehensive income and accumulates the same in equity as capital reserve. This gain is attributed to the acquirer. If there does not exist clear evidence of the underlying reasons for classifying the business combination as a bargain purchase, the Group recognises the gain, after reassessing and reviewing (as described above), directly in equity as capital reserve.

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill or capital reserve, as the case may be. Measurement period adjustments are adjustments that arise from additional information obtained by the Group during the 'measurement period' about facts and circumstances that existed at the acquisition date. Measurement period does not exceed one year from the acquisition date.

The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at fair value at subsequent reporting dates with the corresponding gain or loss being recognised in the consolidated statement of profit and loss.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to its acquisition date fair value and the resulting gain or loss, if any, is recognised in the consolidated statement of profit and loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to the consolidated statement of profit and loss where such treatment would be appropriate if that interest were disposed of.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period recognising additional assets or liabilities (if any) to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

3.5 Non-controlling interests

Non-controlling interests represent the proportion of income, other comprehensive income and net assets in subsidiaries that is not attributable to the Company's shareholders.

Non-controlling interests are initially measured at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of the interest at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

3.6 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash generating units (or groups of cash generating units) that is expected to benefit from the synergies of the combination.

A cash generating unit (CGU) to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the CGU may be impaired. If the recoverable amount of the CGU is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the CGU and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in the consolidated statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant CGU, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

3.7 Investments in joint ventures and associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates or joint ventures are incorporated in the consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105 'Non-current Assets Held for Sale and Discontinued Operations'. Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. Distributions received from an associate or a joint venture reduces the carrying amount of the investment. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

If an associate or a joint venture uses accounting policies other than those of the Group accounting policies for like transactions and events in similar circumstances, adjustments are made to make the associate's or joint venture's financial statements confirm to the Group's accounting policies before applying the equity method, unless, in case of an associate where it is impracticable do so.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

After application of the equity method of accounting, the Group determines whether there is any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate or a joint venture and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then Group recognise impairment loss with respect to the Group's investment in an associate or a joint venture. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 'Impairment of Assets' as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount, Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is classified as held for sale. When the Group retains an interest in the former associate or joint venture and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with Ind AS 109 'Financial Instruments'. The difference between the carrying amount of the associate or joint venture at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest in the associate or joint venture is included in the determination of the gain or loss on disposal of the associate or joint venture. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate or joint venture on the same basis as would be required if that associate or joint venture had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associate or joint venture would be reclassified to the consolidated statement of profit and loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to the consolidated statement of profit and loss (as a reclassification adjustment) when the equity method is discontinued.

The Group continues to use the equity method when an investment in an associate becomes an investment in a joint venture or an investment in a joint venture becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

When the Group reduces its ownership interest in an associate or a joint venture but the Group continues to use the equity method, the Group reclassifies to the consolidated statement of profit and loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to the consolidated statement of profit and loss on the disposal of the related assets or liabilities.

When a group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognised in the Group's consolidated financial statements only to the extent of interests in the associate or joint venture that are not related to the Group.

3.8 Interests in joint operations

A joint operation is a joint arrangement whereby the parties that have the joint control of the arrangement have rights to the assets, and obligations for the liabilities relating to the arrangement.

The Group has overseas Joint Operations with various body corporates and/or host country government for exploration, development and production activities.

The Group's share in the assets and liabilities along with attributable income and expenditure of the Joint Operations is merged on line by line basis with the similar items in the consolidated financial statements of the Group as per the arrangement, along with the Group's income from sale of its share of output and any liabilities and expenses that the Group has incurred in relation to the joint operations except in case of leases, depreciation, overlift/underlift, depletion, survey, dry wells, decommissioning liability, impairment and sidetracking in accordance with the accounting policies of the Group.

The hydrocarbon reserves in such areas are taken in proportion to the participating interest of the Group.

Gain or loss on sale of interest in a joint operation, is recognized in the consolidated statement of profit and loss, except that no gain is recognized at the time of such sale if substantial uncertainty exists about the recovery of the costs applicable to the retained interest or if the Group has substantial obligation for future performance.

3.9 Non-current assets held for sale

Non-current assets or disposal groups classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Non-current assets or disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification as held for sale, and actions required to complete the plan of sale should indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale.

(All amounts are ₹ in millions, unless otherwise stated)

3.10 Property, plant and equipment (other than Oil and gas assets)

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the consolidated balance sheet at cost less accumulated depreciation and impairment losses, if any. Freehold land and land under perpetual lease are not depreciated.

Property, plant and equipment (PPE) in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. The cost of an asset comprises its purchase price or its construction cost (net of applicable tax credits), any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management and decommissioning cost as per note 3.17. It includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Such properties are classified to the appropriate categories of PPE when completed and ready for intended use. Parts of an item of PPE having different useful lives and significant value and subsequent expenditure on Property, plant and equipment arising on account of capital improvement or other factors are accounted for as separate components.

Depreciation of these PPE commences when the assets are ready for their intended use.

Depreciation is provided on the cost of PPE (other than freehold land, oil and gas assets and properties under construction) less their residual values, using the written down value method over the useful life of PPE as stated in the Schedule II to the Companies Act, 2013 or based on technical assessment by the Group. Estimated useful lives of these assets are as under:

Description	Years
Building	3 to 60
Plant and equipment	3 to 40
Furniture and Fixtures	3 to 10
Vehicles	5 to 20
Office Equipment	3 to 15

The estimated useful lives, residual values and depreciation method are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively.

Depreciation on additions/deletions to PPE (other than of oil and gas assets) during the year is provided for on a pro-rata basis with reference to the date of additions/deletions except low value items not exceeding USD 100* which are fully depreciated at the time of addition.

*USD 100 = ₹6,492.00 as on March 31, 2018.

Depreciation on subsequent expenditure on PPE (other than of oil and gas assets) arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Depreciation on refurbished/revamped PPE (other than of oil and gas assets) which are capitalized separately is provided for over the reassessed useful life.

Depreciation on PPE (other than oil and gas assets) including support equipment and facilities used for exploratory/ development drilling is initially capitalised as part of drilling cost and expensed / depleted as per note 3.13. Depreciation on equipment/ assets deployed for survey activities is charged to the statement of profit and loss.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets.

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the net sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

3.11 Intangible assets

(i) Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised on a straight-line basis over their estimated useful lives not exceeding five years from the date of capitalisation. The estimated useful life is reviewed at the end of each reporting period and the effect of any changes in estimate being accounted for prospectively

Intangible assets is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised in the statement of profit and loss when the asset is derecognised.

(ii) Intangible assets under development - Exploratory wells in progress

All exploration and evaluation costs incurred in drilling and equipping exploratory and appraisal wells are initially capitalized as Intangible assets under development - Exploratory wells in progress till the time these are either transferred to oil and gas assets as per note 3.13 on completion or expensed as and when determined to be dry or of no further use, as the case may be.

Cost of drilling exploratory type stratigraphic test wells are initially capitalized as Intangible assets under development - Exploratory wells in progress till the time these are either transferred to oil and gas assets as per note 3.13 or expensed when determined to be dry or the field / project is surrendered.

Costs of exploratory wells are not carried over unless it could be reasonably demonstrated that there are indications of sufficient quantity of reserves and sufficient progress has been made in assessing the reserves and the economic and operating viability of the project. All such carried over costs are subject to review for impairment as per the policy of the Group.

3.12 Impairment of tangible and intangible assets other than goodwill

The Group reviews the carrying amount of its tangible (Oil and gas assets, Development wells in progress (DWIP), and Property, plant and equipment (including Capital Works in Progress) and intangible assets of a 'Cash Generating Unit' (CGU) at the end of each reporting period to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit and loss.

An assessment is made at the end of each financial year to see if there are any indications that impairment losses recognized earlier may no longer exist or may have come down. The impairment loss is reversed, if there has been a change in the estimates used to determine the asset's recoverable amount since the previous impairment loss was recognized. If it is so, the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. After a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life. Reversals of Impairment loss are recognized in the statement of profit and loss.

Impairment testing during exploratory phase is carried out at field / project level when further exploration activities are not planned in near future or when sufficient data exists to indicate that although a development in the specific field/project is likely to proceed, the carrying amount of the exploration asset is unlikely to be recovered in full from successful development or by sale. Impairment loss is reversed subsequently, to the extent that conditions for impairment are no longer present.

3.13 Exploration and Evaluation, Development and Production costs

(i) Pre-acquisition cost

Expenditure incurred before obtaining the right(s) to explore, develop and produce oil and gas are expensed as and when incurred.

(ii) Acquisition cost

Acquisition costs cover all costs incurred to purchase, lease or otherwise acquire a property or mineral right proved or unproved in case of acquiring participating interest in an oil and gas assets and are accounted as follows:-

Exploration and development stage

Acquisition cost relating to projects under exploration or development are initially accounted as Intangible Assets under development or Capital work in progress - Oil and gas assets respectively. Such costs are capitalized by transferring to oil and gas assets when a well in field / project is ready to commence commercial production. In case of abandonment / relinquishment, such costs are written off.

Production stage

Acquisition costs of producing oil and gas assets are capitalized under oil and gas assets and amortized using the unit of production method over proved reserves of underlying assets

(iii) Survey cost

Cost of Survey and prospecting activities conducted in the search of oil and gas are expensed as exploration cost in the year in which these are incurred.

(iv) Oil and gas asset under development - Development wells in progress

All costs relating to development wells are initially capitalized as development wells in progress and transferred to oil and gas assets on completion.

(v) Production costs

Production costs include pre-well head and post-well head expenses including depreciation and applicable operating costs of support equipment and facilities.

3.14 Impairment of acquisition costs relating to participating rights

For the purposes of impairment testing, acquisition cost is allocated to each of the Company's CGUs (or groups of CGUs) that is expected to benefit from the synergies of the combination.

A CGU to which acquisition cost has been allocated is tested for impairment annually when there is an indication that the CGU may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any acquisition cost allocated to the unit and then to the other assets of the CGU pro rata based on the carrying amount of each asset in the unit. An impairment loss recognized for acquisition cost is not reversed in subsequent periods.

On disposal of the relevant CGU, the attributable carrying amount of acquisition cost is included in the determination of the profit or loss on disposal.

3.15 Oil and gas assets

Oil and gas assets are stated at historical cost less accumulated depletion and impairment losses. These are created in respect of field / project having proved developed oil and gas reserves, when the well in the field / project is ready to commence commercial production.

Cost of temporary occupation of land, successful exploratory wells, all development wells (including service wells), allied facilities, depreciation on support equipment used for drilling and estimated future decommissioning costs are capitalised and classified as oil and gas assets.

Oil and gas assets are depleted using the 'Unit of Production Method'. The rate of depletion is computed with reference to an field / project /amortization base by considering the related proved developed reserves and related capital costs incurred including estimated future decommissioning costs net of salvage value (except acquisition cost). Acquisition cost of oil and gas assets is depleted by considering the proved reserves. These reserves are estimated annually by the Reserve Estimates Committee ('REC') formed by the parent company ONGC, which follows the International Reservoir Engineering Procedures.

3.16 Side tracking

In the case of an exploratory well, cost of side-tracking is treated in the same manner as the cost incurred on a new exploratory well. The cost of abandoned portion of side tracked exploratory wells is expensed as 'Exploration cost written off.'

In the case of development wells, the entire cost of abandoned portion and side tracking is capitalized.

In the case of producing wells and service wells, if the side-tracking results in additional proved developed oil and gas reserves or increases the future economic benefits therefrom beyond previously assessed standard of performance, the cost incurred on side tracking is capitalised, whereas the cost of abandoned portion of the well is depleted in accordance with the accounting policy mentioned in note 3.15. Otherwise, the cost of side tracking is expensed as 'Work over expenditure'.

3.17 Decommissioning costs

Decommissioning cost includes cost of restoration. Provision for decommissioning costs are recognized when the Company has a contractual, legal or constructive obligation to plug and abandon a well, dismantle and remove a facility or an item of Property, plant and equipment and to restore the site on which it is located.

The amount recognized is the present value of the estimated future expenditure determined using existing technology at current prices and escalated using appropriate inflation rate till the expected date of decommissioning and discounted up to the reporting date using the appropriate risk free discount rate.

An amount equivalent to the decommissioning provision is recognized along with the cost of the respective assets. The decommissioning cost in respect of dry exploratory well is expensed as exploratory well cost.

Any change in the present value of the estimated decommissioning expenditure other than the periodic unwinding of discount is adjusted to the decommissioning provision and the carrying value of the corresponding asset. In case reversal of provision exceeds the carrying amount of the related asset, the excess amount is recognized in the consolidated statement of profit and loss. The unwinding of discount on provision is charged in the statement of profit and loss as finance cost.

Provision for decommissioning cost in respect of assets under joint operations is considered as per participating interest of the Group.

3.18 Inventories

Crude oil and condensate including inventories in pipelines / tanks are valued at cost or net realisable value whichever is lower. Cost of finished goods is determined on absorption costing method. The value of inventories includes royalty (wherever applicable).

Crude oil in semi-finished condition at Group Gathering Stations (GGS) is valued at cost on absorption costing method or net realisable value whichever is lower.

Crude oil in unfinished condition in flow lines up to GGS / platform is not valued as the same is not measurable. Natural Gas is not valued as it is not stored.

Inventory of stores and spare parts is valued at weighted average cost or net realisable value, whichever is lower. Provisions are made for obsolete and non-moving inventories.

Unserviceable and scrap items, when determined, are valued at estimated net realisable value.

3.19 Revenue recognition

Revenue arising from sale of products is recognized when the significant risks and rewards of ownership have passed to the customers, which is at the point of transfer of custody to customers, and the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the Group.

Revenue from services is recognized when the outcome of services can be estimated reliably and it is probable that the economic benefits associated with rendering of services will flow to the Company, and the amount of revenue can be measured reliably.

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, service tax and VAT etc.

Sales are inclusive of all related expenses of the Company that may be paid by the host government based on the provisions under agreements governing Company's activities in the respective field / project.

Any difference as of the reporting date between the entitlement quantity minus the quantities sold in respect of crude oil (including condensate), if positive (i.e. under lift quantity) the proportionate production expenditure is treated as prepaid expenses and, if negative (i.e. over lift quantity), a liability for the best estimate of the Company's proportionate share of production expenses as per the Joint Operating Agreement (JOA) / Production Sharing Agreement (PSA) is created in respect of the quantity of crude oil to be foregone in future period towards settlement of the over lift quantity of crude oil with corresponding charge to the statement of profit and loss.

Any payment received in respect of short lifted gas quantity for which an obligation exists to supply such gas in subsequent periods is recognized as Deferred Revenue in the year of receipt. The same is recognized as revenue in the year in which such gas is actually supplied for the quantity supplied or in the year in which the obligation to supply such gas ceases, whichever is earlier.

Finance income in respect of assets given on finance lease is recognized based on a pattern reflecting a constant periodic rate of return on the net investment outstanding in respect of the finance lease.

Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment is established.

Interest income from financial assets is recognised at the effective interest rate applicable on initial recognition. Revenue in respect of interest on delayed realization is recognized when there is reasonable certainty regarding ultimate collection.

3.20 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to the ownership of an asset to the Company. All other leases are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the consolidated balance sheet as a finance lease obligation.

Land under perpetual lease are accounted as finance leases which are recognized at upfront premium paid for the lease and the present value of the lease rent obligation. Such leasehold lands are presented under property, plant and equipment and not depreciated. The corresponding liability is recognised as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately in profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Group's general policy on borrowing costs.

Leasehold lands where the ownership of the land will not be transferred to the Group at the end of lease period are classified as operating leases. Upfront operating lease payments are recognized as prepayments and amortised on a straight-line basis over the term of the lease.

Operating lease payments for land are recognized as prepayments and amortised on a straight-line basis over the term of the lease. Contingent rentals, if any, arising under operating leases are recognised as an expense in the period in which they are incurred.

3.21 Foreign exchange transactions

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The functional currency of the Company is United States Dollars ('USD') which represents the currency of the primary economic environment in which it operates. The consolidated financial statements are presented in Indian Rupees (₹) by applying the translation principles mentioned in note 3.22.

Transactions in currencies other than the respective entities' functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated using mean exchange rate prevailing on the last day of the reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the date of transaction.

Exchange differences on monetary items are recognised in the consolidated statement of profit and loss in the period in which they arise except for exchange differences on monetary item that forms part of a Group's net investment in a foreign operation are recognised initially in other comprehensive income and reclassified from equity to the consolidated statement of profit and loss on repayment of the monetary items.

Exchange difference arising in respect of long term foreign currency monetary items (including assets under finance leases) is recognised in the statement of profit and loss except for the exchange differences in relation to long term foreign currency monetary items recognized as at March 31, 2016, in so far as, these related to the acquisition of depreciable assets, are adjusted against the cost of such assets and depreciated over the balance life of asset and in other cases amortised over the balance period of the long term foreign currency monetary assets or liabilities.

3.22 Translation to presentation currency

The Group has presented these financial statements in Indian Rupees ('₹'). The Group has applied the following principles for translating results and financial position of Group's foreign operations from functional currency to presentation currency ('₹'):

- Assets and liabilities (excluding equity share capital and other reserves) for each balance sheet presented has been translated at the closing rate (as at 31 March, 2018: 1 USD = ₹ 64.92*; as at 31 March, 2017: 1 USD = ₹ 64.85*) at the date of that balance sheet;
- Equity share capital including deemed capital contribution from holding company have been translated at exchange rates at the dates of transaction. Capital reserve has been translated at exchange rate at the dates of transaction. Other reserves have been translated using average exchange rates of the period to which it relates;
- Income and expenses for each consolidated statement of profit and loss presented have been translated at exchange rates at the dates of transaction except for certain items average rate for the period (year ended March 31, 2018: 1 USD = ₹ 64.4712*; year ended March 31, 2017: 1 USD = ₹ 67.0748*) is used;
- All resulting exchange differences have been recognised in other comprehensive income as 'Exchange differences in translating the financials statements of foreign operations' which will be subsequently reclassified to the consolidated statement of profit and loss upon disposal of foreign operations.

**determined on the basis of average of State Bank of India 's telegraphic transfer buying and selling rates.*

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to the consolidated statement of profit and loss.

In addition, in relation to a partial disposal of a subsidiary that includes a foreign operation that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in the consolidated statement of profit and loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to the consolidated statement of profit and loss.

Goodwill and fair value adjustments to identifiable assets acquired and liabilities assumed through acquisition of a foreign operation are treated as assets and liabilities of foreign operation and translated at rate of exchange prevailing at the end of each reporting period. Exchange differences arising are recognised in other comprehensive income.

3.23 Employee benefits

Employee benefits include provident fund, gratuity, compensated absences and post-retirement medical benefits.

Defined contribution plans

Employee benefit under defined contribution plans comprising of Contributory Provident Fund, Employee Pension Scheme 1995, Composite Social Security Scheme are recognized based on the amount of obligation of the Group to contribute to the plan through the parent company ONGC. The same are paid to a fund administered through a separate trust, which are expensed during the year.

Defined benefit plans

Defined retirement benefit plans comprising of gratuity, post-retirement medical benefits and post-retirement transfer benefits, are recognized based on the present value of defined benefit obligation which is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted either as current employee cost or included in cost of assets as permitted.

Net interest on the net defined liability is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset and is recognised in the consolidated statement of profit and loss except those included in cost of assets as permitted.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest as defined above), are recognised in other comprehensive income.

The Group contributes all ascertained liabilities with respect to gratuity to the ONGC's Gratuity Fund Trust. Other defined benefit schemes are unfunded.

The retirement benefit obligation recognised in the consolidated financial statements represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of reductions in future contributions to the plans.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

- In case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- In case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

3.24 Voluntary retirement scheme

Expenditure on voluntary retirement scheme (VRS) is charged to the consolidated statement of profit and loss when incurred.

3.25 Insurance claims

The Company accounts for insurance claims as under:-

In case of total loss of asset, by transferring either the carrying cost of the relevant asset or insurance value (subject to deductibles), whichever is lower under the head 'Claims Recoverable – Insurance' on intimation to insurer. In case insurance claim is less than carrying cost, the difference is charged to the consolidated statement of profit and loss.

In case of partial or other losses, expenditure incurred/payments made to put such assets back into use, to meet third party or other liabilities (less policy deductibles) if any, are accounted for as 'Claims Recoverable-Insurance'. Insurance Policy deductibles are expensed in the year the corresponding expenditure is incurred.

As and when claims are finally received from the insurer, the difference, if any, between Claims Recoverable-Insurance and claims received is recognised in the consolidated statement of profit and loss.

3.26 Income taxes

Income tax expense represents the sum of the current tax and deferred tax.

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the consolidated statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are presented separately in the consolidated balance sheet except where there is a right of set-off within fiscal jurisdiction and an intention is there to settle such balance on a net basis.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the consolidated balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with asset will be realised.

(iii) Current and deferred tax expense for the year

Current and deferred tax expense is recognised in the consolidated statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

3.27 Borrowing costs

Borrowing costs specifically identified to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the consolidated statement of profit and loss.

3.28 Abnormal Rig days costs

Abnormal Rig days' costs are considered as un-allocable and charged to the consolidated statement of profit and loss.

3.29 Provisions, Contingent liabilities and Contingent assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent assets are disclosed along with an estimate of their financial effect, where practicable, in the consolidated financial statements by way of notes when an inflow of economic benefits is probable.

Contingent liabilities are disclosed along with an estimate of their financial effect, where practicable, in the consolidated financial statements by way of notes, unless possibility of an outflow of resources embodying economic benefit is remote.

3.30 Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the consolidated statement of profit and loss.

3.31 Financial assets

(i) Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

(ii) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iv) Financial assets at fair value through profit or loss

Financial assets are subsequently measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition.

(v) Impairment of financial assets

The Group assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 'Financial Instruments' requires expected credit losses to be measured through a loss allowance. The Group recognises lifetime expected credit losses for trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

(vi) Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety (except for equity instruments designated as fair value through other comprehensive income (FVTOCI)), the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the consolidated statement of profit and loss.

3.32 Financial liabilities and equity instruments

(a) Classification as debt or equity instruments

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(b) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received. Incremental costs directly attributable to the issuance of new ordinary equity shares are recognized as a deduction from equity, net of tax effects.

(c) Compound financial instruments

The component parts of compound financial instruments issued by the Group are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Group's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date. The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to retained earnings. No gain or loss is recognised in the consolidated statement of profit and loss upon conversion or expiration of the conversion option.

Transaction costs that relate to the issue of the convertible notes are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible notes using the effective interest method.

(d) Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Interest free loans provided by ONGC are recognized at fair value on the date of disbursement and the difference on fair valuation is recognized as deemed capital contribution from holding company. The deemed capital contribution from holding company is presented in the statement of changes in equity.

Liability component is accounted at amortized cost method using effective interest rate. If there is an early repayment of loan, the proportionate amount of deemed capital contribution from holding company recognized earlier is adjusted.

(e) Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the consolidated statement of profit and loss.

3.33 Derivative financial instruments

The Group enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts and interest rate swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the consolidated statement of profit and loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in the consolidated statement of profit and loss depends on the nature of the hedging relationship and the nature of the hedged item.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

3.34 Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

3.35 Cash flow statement

Cash flows are reported using the indirect method, whereby profit/(loss) for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

3.36 Segment reporting

Operating segments are identified and reported taking into account the different risks and returns, the internal reporting systems and the basis on which operating results are regularly reviewed to make decisions about resources to be allocated to the segment and assess its performance.

4 Critical accounting judgments, assumptions and key sources of estimation uncertainty

Inherent in the application of many of the accounting policies used in preparing the consolidated financial statements is the need for Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses. Actual outcomes could differ from the estimates and assumptions used.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key source of judgments, assumptions and estimation uncertainty in the preparation of the consolidated financial statements which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of oil and gas reserves, impairment, useful lives of property, plant and equipment, depletion of oil and gas assets, decommissioning provision, employee benefit obligations, provisions, provision for income tax, measurement of deferred tax assets and contingent assets and liabilities.

4.1 Critical judgments in applying accounting policies

The following are the critical judgements, apart from those involving estimations (Refer note 4.2), that the Management have made in the process of applying the Group's accounting policies and that have the significant effect on the amounts recognized in the consolidated financial statements.

(a) Determination of functional currency

Currency of the primary economic environment in which the Company operates ('the functional currency') is United States Dollars (USD) in which the Company primarily generates and expends cash. Accordingly, the Management has assessed its functional currency to be USD.

(b) Evaluation of indicators for impairment of oil and gas assets

The evaluation of applicability of indicators of impairment of assets requires assessment of external factors (significant decline in asset's value, significant changes in the technological, market, economic or legal environment, market interest rates etc.) and internal factors (obsolescence or physical damage of an asset, poor economic performance of the asset etc.) which could result in significant change in recoverable amount of the Oil and gas assets.

(c) Exploratory wells

The determination of whether potentially economic oil and natural gas reserves have been discovered by an exploration well is usually made within one year of well completion, but can take longer, depending on the complexity of the geological structure. Exploration wells that discover potentially economic quantities of oil and natural gas and are in areas where major capital expenditure (e.g. an offshore platform or a pipeline) would be required before production could begin, and where the economic viability of that major capital expenditure depends on the successful completion of further exploration work in the area, remain capitalized on the consolidated balance sheet as long as additional exploration or appraisal work is under way or firmly planned.

It is not unusual to have exploration wells and exploratory type stratigraphic test wells remaining suspended on the consolidated balance sheet for several years while additional appraisal drilling and seismic work on the potential oil and natural gas field is performed or while the optimum development plans and timing are established. All such carried costs are subject to regular technical, commercial and management review on at least an annual basis to confirm the continued intent to develop, or otherwise extract value from, the discovery. Where this is no longer the case, the costs are immediately expensed.

(d) Deferred tax liability / deferred tax asset in respect of undistributed profits/losses of subsidiaries, branches, investments in associates and joint ventures

The management exercises judgement in accounting for deferred tax liability / deferred tax asset in respect of Group's investments in respect of undistributed profits/losses of subsidiaries, branches, investments in associates and joint ventures. In the judgement of the management, in respect of undistributed profits/losses of subsidiaries, branches, investments in joint ventures, the management is able to control the timing of the reversal of the temporary differences and the temporary differences will not be reversed in the foreseeable future.

Accordingly, the Group does not recognise a deferred tax liability for all taxable temporary differences associated with investments in subsidiaries, branches and interests in joint ventures.

(e) Classification of investment in as associates despite participating share being less than 20%

Considering the power to participate in the financial and operating policy decisions of the investees exercised by the Group in accordance with the applicable agreements and /or otherwise, the following entities are considered associates of the Group despite the participating interest / shareholding percentage / right percentage being less than 20 %:

- South East Asia Gas Pipeline (shareholding of the Group 8.347%)
- Petro Carabobo S.A., Venezuela (shareholding of the Group 11%)

4.2 Assumptions and key sources of estimation uncertainty

Information about estimates and assumptions that have the significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may differ from these estimates.

a) Estimation of provision for decommissioning

The Group estimates provision for decommissioning as per the principles of Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets' for the future decommissioning of oil and gas assets at the end of their economic lives. Most of these decommissioning activities would be in the future, the exact requirements that may have to be met when the removal events occur involve uncertainty. Technologies and costs for decommissioning are constantly changing. The timing and amounts of future cash flows are subject to significant uncertainty.

The timing and amount of future expenditures are reviewed at the end of each reporting period, together with rate of inflation for escalation of current cost estimates and the interest rate used in discounting the cash flows. The economic life of the oil and gas assets is estimated on the basis of long term production profile of the relevant oil and gas asset.

b) Impairment of assets

Determination as to whether, and by how much, a CGU is impaired involves Management estimates on uncertain matters such as future prices, the effects of inflation on operating expenses, discount rates, production profiles for crude oil and natural gas. For oil and gas assets, the expected future cash flows are estimated using Management's best estimate of future crude oil and natural gas prices, production and reserves volumes.

The present values of cash flows are determined by applying pre-tax discount rates that reflects current market assessments of time value of money and the risks specific to the liability in respect of each of the CGUs. Future cash inflows from sale of crude oil are computed using the future prices, on the basis of market-based forward prices of the Dated Brent crude oil as per assessment by Bloomberg or Brent crude oil forward/ forecast prices by independent reputed third parties and its co-relations with benchmark crudes and other petroleum products. Future cash flows from sale of natural gas are also computed based on the expected future prices on the basis of the prices determined in accordance with the respective agreements and / or market forecast.

The discount rate used is based upon the cost of capital from an established model.

The Value in use of the producing/ developing CGUs is determined considering future cash flows estimated based on Proved and Probable Reserves. Full estimate of the expected cost of evaluation/development is also considered while determining the value in use.

The discount rates applied in the assessment of impairment calculation are re-assessed each year.

c) Estimation of reserves

The year-end reserves of the Group are estimated by the Reserves Estimation Committee (REC) of the holding company Oil and Natural Gas Corporation Limited (ONGC), which follows international reservoir engineering procedures consistently.

The Group estimates its reserves annually and the reserves are disclosed at the end of the financial year i.e. as at 1st of April. The Group is having partnership with global majors in various producing and discovered assets across the world having participating interest as non-operator, joint operator and operator. The Operator / Joint operating company of each asset evaluate reserves of the respective asset on an annual basis, and the Group's representatives interact dynamically through Technical/Operating committee meetings, wherein estimates of reserves are discussed and finalized. On receipt of the approved reserves for each asset, the Group discusses the same with reserves estimate experts from E&D Directorate of the parent company ONGC and put up the same for deliberation and approval by Reserves Estimate Committee (REC) under the Chairmanship of Director (Exploration) of the parent company ONGC.

(All amounts are ₹ in millions, unless otherwise stated)

Volumetric estimation is the main process of estimation which uses reservoir rock and fluid properties to calculate hydrocarbons in-place and then estimate that portion which will be recovered from it from a given date forward, under existing economic conditions, by established operating practices and under existing government regulations. As the field gets matured with reasonably good production history, performance methods such as material balance, simulation, decline curve analysis are applied to get more accurate assessments of reserves. For many of the producing and discovered assets in which the Group has stake, the concerned Operators and Joint operating companies uses the services of third party agencies for due diligence and audit. Additionally, the Group gets the reserves of its assets audited by third party periodically by internationally reputed consultants who adopt latest industry practices for their evaluation.

The annual revision of estimates is based on the yearly exploratory and development activities and results thereof. New Inplace Volume and Ultimate Reserves are estimated for new field discoveries or new pool discoveries in already discovered fields. Also, appraisal activities lead to revision in estimates due to new subsurface data. Similarly, reinterpretation exercise is also carried out for old fields due to necessity of revision in petro physical parameters, updating of static & dynamic models and performance analysis leading to change in reserves. Intervention of new technology, change in classifications and contractual provisions also necessitates revision in estimation of reserves.

d) Determination of cash generating unit (CGU)

The Group is engaged mainly in the business of oil and gas exploration and production in Onshore and Offshore. In case where the fields are using common production/transportation facilities and are sufficiently economically interdependent the same are considered to constitute a single cash generating unit (CGU).

e) Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

5 Oil and Gas Assets

Particulars	As at March 31, 2018		As at March 31, 2017	
Cost				
Opening balance	635,260.73		618,379.90	
Transfer from Intangible assets under development - Exploratory wells in progress	16.37		268.01	
Transfer from Development wells in progress	13,568.21		13,281.80	
Increase/(decrease) in decommissioning costs	66.81		956.18	
Additions during the year	19,211.64		35,847.67	
Deletion/Retirement during the year	(233.95)		(12,124.22)	
Effect of exchange differences (Refer note 5.1)	(4,429.55)		(10,169.60)	
Other adjustments	(440.60)	**663,019.66**	(11,179.01)	**635,260.73**
Less: Accumulated depletion and impairment				
Accumulated depletion				
Opening balance	277,837.05		258,029.76	
Depletion for the year (Refer note 34)	46,050.08		40,006.37	
Effect of exchange differences (Refer note 5.1)	(2,956.64)	**320,930.49**	(20,199.08)	**277,837.05**
Accumulated impairment				
Opening balance	18,506.09		18,221.77	
Provided during the year (Refer note 5.2 and 52)	5,059.51		720.15	
Write back of impairment	(8,128.60)		-	
Effect of exchange differences (Refer note 5.1)	(1.39)	**15,435.61**	(435.83)	**18,506.09**
Carrying amount of oil and gas assets		**326,653.56**		**338,917.59**

5.1 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.22 and 4.1(a).

5.2 The Company has 60% participating interest in Block XXIV, Syria. In view of deteriorating law and order situation in Syria, operations of the project are temporarily suspended since April 29, 2012. In view of the same, impairment had been made in respect of Oil and Gas Assets amounting to ₹ 68.53 million (year ended March 31, 2017 ₹ Nil).

5.3 BC-10, Brazil (an un-incorporated joint operation of the Group) has long-term finance lease agreement with Tamba BV. Netherlands (a joint venture company of the group), wherein the later is providing major oil field equipments like floating production storage and offloading vessel (FPSO) and other sub-sea assets to the former. The foreign exchange gain/loss arising on account of revaluation of non-current finance lease liability is capitalized to Oil and gas assets and depleted using unit of production method. The details of Oil and gas assets remaining to be amortised in respect of the long-term finance lease agreement is as below:

Exchange differences arising on reporting of long-term foreign currency monetary items relating to depreciable assets:

Particulars	For the year ended March 31, 2018	For the year ended March 31, 2017
Amount remaining to be amortised at the beginning of the year	2,800.64	5,843.84
Add: Exchange loss/(gain) arising during the year	950.62	(3,036.38)
Less: Depletion charged to the statement of profit and loss for the year	1,155.02	555.97
Add: Effect of exchange differences	(122.82)	549.15
Amount remaining to be amortised at the end of the year	**2,473.42**	**2,800.64**

6 Other property, plant and equipment

Carrying amount of	As at March 31, 2018	As at March 31, 2017
Freehold land	4.04	4.04

6.1 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.22 and 4.1(a).

6.2 The Company carries on its business in respect of exploration, development and production of hydrocarbons under agreements with host governments directly or in consortium with other partners (Consortium). Several of these agreements, governing Company's activities in the fields/projects, provide that the title to the property, plant and equipment and other ancillary installations shall pass to host Government or its nominated entities either upon acquisition/first use of such assets or upon 100% recovery of such costs through allocation of "Cost Oil" and "Cost Gas" or upon relinquishment of the relevant contract areas or termination of the relevant agreement. However, as per the terms of the agreements, the Consortium and/or operator have custody of all such assets and is entitled to use, free of charge all such assets for petroleum operations throughout the term of the respective agreements. The Consortium also has the custody and maintenance of such assets and bears all risks of accidental loss and damage and all costs necessary to maintain such assets and to replace or repair such damage or loss. Under the circumstances, such assets are kept in the records of the Company during the currency of the respective agreements.

(All amounts are ₹ in millions, unless otherwise stated)

7 Capital Work-in-Progress

Particulars	As at March 31, 2018		As at March 31, 2017	
A) Oil and gas assets				
(i) Development Wells-In-Progress				
Opening balance	8,038.30		8,183.22	
Expenditure during the year	9,737.25		13,149.27	
Transfer to Oil and gas assets	(13,568.21)		(13,281.80)	
Effect of exchange differences (Refer note 7.3)	(32.09)	**4,175.25**	(12.38)	**8,038.31**
Less: Accumulated Impairment (Refer note 7.1)				
Opening balance	**107.87**		**110.37**	
Effect of exchange differences (Refer note 7.3)	0.12	**107.99**	(2.50)	**107.87**
Carrying amount of development wells-in-progress		**4,067.26**		**7,930.44**
(i) Oil and gas facilities in progress				
Oil and gas facilities (Refer note 7.2)		27,561.29		27,708.98
Less: Accumulated Impairment				
Opening balance	-		-	
Provided during the year (Refer note 7.4)	36.23		-	
Effect of exchange differences (Refer note 7.3)	0.25	36.48	-	-
Carrying amount of oil and gas facilities in progress		**27,524.81**		**27,708.98**
B) Others				
Buildings		15.38		23.40
Plant and equipments		-		40.28
Carrying amount of other capital works-in-progress		**15.38**		**63.68**

7.1 The Company has 60% participating interest in Block XXIV, Syria. In view of deteriorating law and order situation in Syria, operations of the project are temporarily suspended since April 29, 2012. In view of the same, impairment had been made in respect of development wells in progress amounting to ₹ Nil (year ended March 31, 2017 ₹ Nil). The cumulative impairment as at March 31, 2018 is ₹ 107.99 million (as at March 31, 2017 ₹ 107.87 million) in respect of the project.

7.2 Borrowing cost amounting to ₹ 121.86 million has been capitalised under the Oil and Gas facilities in progress during the year ended March 31, 2018 (for the year ended March 31, 2017 ₹ 101.79 million). The weighted average capitalization rate on funds borrowed is 2.66% per annum (during the year ended March 31, 2017: 2.23% per annum).

7.3 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.22 and 4.1(a).

7.4 Represents provision for Fula pipeline in Block 5A, South Sudan currently under temporary shutdown due to security situation.

(All amounts are ₹ in millions, unless otherwise stated)

8 Goodwill

Particulars	As at March 31, 2018		As at March 31, 2017	
Opening balance	196,174.09		200,811.83	
Effect of exchange differences (Refer note 8.2)	190.34	**196,364.43**	(4,637.74)	**196,174.09**
Less: Accumulated impairment				
Opening balance	63,496.23		56,570.12	
Additions during the period	-		8,486.50	
Effect of exchange differences (Refer note 8.2)	68.54	**63,564.77**	(1,560.39)	**63,496.23**
Carrying amount of goodwill		**132,799.66**		**132,677.86**

8.1 Goodwill represents goodwill arising on consolidation. Allocation of goodwill to cash generating units is carried out in accordance with the accounting policy mentioned at note 3.6.

8.2 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.22 and 4.1(a).

9 Other Intangible Assets

Particulars	As at March 31, 2018		As at March 31, 2017	
Application software				
Cost				
Opening balance	1,169.41		869.51	
Additions during the year	40.68		330.84	
Disposals/ adjustments / transfer	(0.41)		(0.32)	
Effect of exchange differences (Refer note 9.1)	1.54	**1,211.22**	(30.62)	**1,169.41**
Less: Accumulated amortisation				
Opening balance	617.22		525.85	
Additions during the year (Refer note 34)	126.99		106.97	
Disposal / adjustment / transfer	(0.12)		(0.17)	
Effect of exchange differences (Refer note 9.1)	1.55	**745.64**	(15.43)	**617.22**
Carrying amount of intangible assets		**465.58**		**552.19**

9.1 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.22 and 4.1(a).

10 Intangible assets under development

Particulars	As at March 31, 2018		As at March 31, 2017	
A. Exploratory wells in progress				
Gross cost				
Opening balance	39,668.69		39,886.88	
Expenditure during the year (Refer note 10.4)	5,156.10		974.58	
Transfer to Oil and Gas Assets	(16.37)		(268.01)	
Wells written off during the year	(3,042.22)		(24.46)	
Effect of exchange differences (Refer note 10.6)	70.67	**41,836.87**	(900.30)	**39,668.69**

Carrying amount of acquisition cost		**145,747.60**		**149,437.22**

10.1 The Company has 60% Participating Interest in Block XXIV, Syria. In view of deteriorating law and order situation in Syria, operations of the project are temporarily suspended since April 29, 2012. In view of the same provision had been made in respect of exploratory wells in progress. The impairment as at March 31, 2018 is ₹ 2,666.27 million (as at March 31, 2017 ₹ 2,663.39 million) in respect of the project.

10.2 In respect of Block Farsi, Iran, the Company in consortium with other partners entered into an Exploration Service Contract (ESC) with National Iranian Oil Company (NIOC) on December 25, 2002. After exploratory drilling, FB area of the block proved to be a gas discovery and was later rechristened as Farzad-B. NIOC announced the Date of Commerciality for Farzad-B as August 18, 2008. However, the contractual arrangement with respect to development has not been finalized, so far. Impairment has been made in respect of the Company's investment in exploration in the Farsi Block. The impairment as at March 31, 2018 is ₹ 2,213.30 million (as at March 31, 2017 ₹ 2,210.92 million).

(All amounts are ₹ in millions, unless otherwise stated)

10.3 Acquisition cost relates to the cost for acquiring property or mineral rights of proved or unproved oil and gas properties which are currently under Exploration / Development stage; such cost will be transferred to Oil and gas assets on commencement of commercial production from the project or written off in case of relinquishment of exploration project.

10.4 Borrowing cost amounting to ₹ 288.73 million has been capitalised during the year ended March 31, 2018 (for the year ended March 31, 2017 ₹ 241.18 million) in Exploratory wells in progress. The weighted average capitalization rate on funds borrowed is 2.66% per annum (during the year ended March 31, 2017: 2.23% per annum).

10.5 Borrowing cost amounting to ₹ 3,698.88 million has been capitalised during the year ended March 31, 2018 (for the year ended March 31, 2017 ₹ 3,089.69 million) in Acquisition cost. The weighted average capitalization rate on funds borrowed is 2.66% per annum (during the year ended March 31, 2017: 2.23% per annum).

10.6 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.22 and 4.1(a).

Refer note 3.7 for method followed for accounting of investment in joint ventures and associates.

a) The Company acquired 15% share in JSC Vankorneft on May 31, 2016 through wholly owned step down subsidiary ONGC Videsh Vankorneft Pte Ltd (OVVL) held through another wholly owned subsidiary ONGC Videsh Singapore Pte Ltd (OVSL). Further 11% share in JSC Vankorneft has been acquired on October 28, 2016. The Company has significant influence in the investee and therefore classified the investment as associate. The investment has been recognised at cost on initial recognition. The component OVVL had one year measurement period from the date of acquisition to finalise the PPA and accordingly adjustments in the financial statements for the year ended March 31, 2017 have been restated and been incorporated in these financial statements as comparative figures. The restatement involves derecognition of Capital reserve ₹ 2,897.24 million (USD 43.16 million), recognition of goodwill ₹ 8,300.80 million (USD 128 million) and recognition of deferred tax liability ₹ 15,034.82 million (USD 231.84 million) as on March 31, 2017. The value of goodwill and deferred tax liability is subsumed under the value of investment as per the principle of Ind AS. The restatement also involves recognition of additional amortisation of intangible asset ₹ 275.01 million (USD 4.10 million) and deferred tax gain ₹ 831.73 million (USD 12.40 million) in the statement of profit and loss. Further, additional OCI of ₹ 803.56 million (USD 11.98 million) has also been recognised in the statement of profit and loss for the year ended March 31, 2017.

b) Summarised financial information of material joint ventures and associates.

Summarised financial information in respect of each of the Group's material joint venture is set out below. The summarized financial information below represents amounts shown in the joint venture's financial statements prepared in accordance with Ind ASs adjusted by the Group for equity accounting purpose.

(i) Mansarovar Energy Colombia Limited

Particulars	As at March 31, 2018	As at March 31, 2017

11.2 The investments for site restoration in respect of Sakhalin-1, Russia are invested by J P Morgan Chase Bank N.A., the Foreign Party Administrator (FPA) in accordance with the portfolio investment guidelines provided under the Sakhalin-1 Decommissioning funding agreement entered into between the FPA and the foreign parties to the Consortium in accordance with the related production sharing agreement (PSA). The proceeds from the investment will be utilized for decommissioning liability to the Russian State as per the PSA. Refer note 26.

12 Trade receivables

Particulars	As at March 31, 2018		As at March 31, 2017	
	Non- current	Current	Non- current	Current
a) Unsecured, Considered Good	-	10,258.59	-	8,422.23
b) Unsecured, Considered Doubtful	18,437.41	5,233.33	15,359.70	7,218.40
Less: Impairment for doubtful trade receivables	1,873.28	143.82	1,729.62	87.09
Trade receivables	**16,564.13**	**15,348.10**	**13,630.08**	**15,553.54**

12.1 Generally, the Company enters into crude oil sales contracts with reputed Oil Marketing Companies (OMCs) / International Oil Companies (IOCs) / National Oil Companies (NOCs) on the basis of tendering for each of its cargo's. However, the Company has also entered into some long-term sales arrangement with International Oil Companies (IOCs) / National Oil Companies (NOCs) for crude oil sales and supply of natural gas.

12.2 The Company generally sells its products on an average credit period of around 30 days. In respect of gas sales in some of the projects, the Company receives payments in advance in accordance with the respective sales contract. In respect of a long term gas sales contract with one of the national oil companies, a credit period of 40 days is allowed. Interest is not charged on trade receivables for the applicable credit period from the date of invoice. For delayed period of payments, interest is charged as per respective arrangements, which is generally determined as one month ICE LIBOR + 2% per annum over the applicable Bank Rate on the outstanding balance.

12.3 Trade Receivables Breakup

Particulars	As at March 31, 2018	As at March 31, 2017
Customers with outstanding balance of more than 5% of Trade receivables	33,297.77	30,132.91
Other customers	631.56	867.42
Trade receivables	**33,929.33**	**31,000.33**

12.4 The Company assesses impairment loss on trade receivables on the basis of facts and circumstances relevant to each customer. Usually, Company collects all its receivables within the contractually allowed credit periods.

(All amounts are ₹ in millions, unless otherwise stated)

The Company has concentration of credit risk due to the fact that the Company has significant receivables from Oil Marketing Companies and International Oil Companies (IOCs). However these are reputed National Oil Companies (NOCs).

12.5 Age of trade receivable

Particulars	As at March 31, 2018	As at March 31, 2017
Within the credit period	11,360.85	6,103.56
1-30 days past due	1,504.85	4,537.66
31-90 days past due	638.22	171.43
More than 90 days past due	20,425.41	20,187.68
Total	**33,929.33**	**31,000.33**

12.6 Movement of impairment for doubtful receivables

Particulars	For the year ended March 31, 2018	For the year ended March 31, 2017
Balance at beginning of the year	1,816.71	1,206.39
Addition in expected credit loss allowance on trade receivables calculated at lifetime expected credit loss allowance	200.27	643.65
Write back during the year	-	-
Effect of exchange differences (Refer note 12.6.1)	0.12	(33.33)
Balance at end of the year	**2,017.10**	**1,816.71**

12.6.1 Represents exchange difference on account of translation of the financial statements from functional currency to presentation currency. Refer note 3.22 and 4.1(a).

22.1 The Company obtains loans as well as financial guarantees from the parent company ONGC. The amount of ₹ 5,074.24 million (as at March 31, 2017 ₹ 4,820.69 million) shown as deemed capital contribution from holding company includes:

(i) ₹ 2,745.51 million (as at March 31, 2017 ₹ 2,745.51 million) towards the fair value of financial guarantee given without any consideration and

(ii) ₹ 1,600.36 million (as at March 31, 2017 ₹ 1,581.18 million) towards fair value of interest free loan.

(iii) The Deemed capital contribution of ₹ 728.37 million (as at March 31, 2017 ₹ 494.00 million) has been recognized in subsidiary Beas Rovuma Energy Mozambique Ltd.

22.2 Capital reserve is recognized by the Company in respect of gains on the sale of a part of the participating interest in respect of Block 06.1, Vietnam where the consideration received for partial farm out in unproved property was not higher than the total cost.

22.3 The Company acquired 15% share in JSC Vankorneft on May 31, 2016 through wholly owned step down subsidiary ONGC Videsh Vankorneft Pte Ltd (OVVL) held through another wholly owned subsidiary ONGC Videsh Singapore Pte Ltd (OVSL). Further 11% share in JSC Vankorneft has been acquired on October 28, 2016. The Company has significant influence in the investee and therefore classified the investment as associate. The investment has been recognised at cost on initial recognition. The component OVVL had one year measurement period from the date of acquisition to finalise the PPA and accordingly adjustments in the financial statements for the year ended March 31, 2017 have been restated and been incorporated in these financial statements as comparative figures. The restatement involves derecognition of Capital reserve ₹ 2,897.24 million (USD 43.16 million), recognition of goodwill ₹ 8,300.80 million (USD 128 million) and recognition of deferred tax liability ₹ 15,034.82 million (USD 231.84 million) as on March 31, 2017. The value of goodwill and deferred tax liability is subsumed under the value of investment as per the principle of Ind AS. The restatement also involves recognition of additional amortisation of intangible asset ₹ 275.01 million (USD 4.10 million) and deferred tax gain ₹ 831.73 million (USD 12.40 million) in the statement of profit and loss. Further, additional OCI of ₹ 803.56 million (USD 11.98 million) has also been recognised in the statement of profit and loss for the year ended March 31, 2017.

22.4 The Debenture redemption reserve position is as under

Particulars	As at March 31, 2018	As at March 31, 2017
(i) Unsecured 8.54 % 10 Years Non-Convertible Redeemable Bonds in the nature of Debentures- Series II	2,585.55	2,585.55
(ii) Unsecured 4.625% 10 year USD Bonds - USD 750 million	12,299.86	12,299.86
(iii) Unsecured 3.75% 10 year USD Bonds - USD 500 million	12,153.02	12,153.02
(iv) Unsecured 2.75% 7 year EUR Bonds - EUR 525 million	12,946.68	12,946.68
(v) Unsecured 3.25% 5 year USD Bonds - USD 750 million	24,606.46	24,606.46
(vi) Unsecured 2.50% 5 year USD Bonds - USD 300 million	14,583.63	14,583.63
Total	**79,175.20**	**79,175.20**

22.5 Debenture redemption reserve is created by the Company out of the Retained earnings for the purpose of redemption of Debentures / Bonds when they are due for redemption. This reserve remains invested in the business activities of the Company.

22.6 The general reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to the statement of profit and loss.

22.7 The amount that can be distributed by the Company as dividends to its equity shareholders is determined considering the requirements of the Companies Act, 2013.

In respect of the year ended March 31, 2017, the Company has declared a final dividend of ₹ 1.40 per share of fully paid equity shares of par value of ₹ 100 each (previous year: Nil) in its Annual General Meeting held on September 28, 2017. The same is subsequently been paid.

The Board of Directors has recommended dividend of ₹ 2 per share for the year ended March 31, 2018 (previous year ₹ 1.40 per share) excluding dividend distribution tax.

22.8 Exchange differences in translating the financial statements from functional currency USD ($) to presentation currency INR (₹) is recognised as an item of Other Comprehensive Income that will be reclassified to profit or loss. Refer note 3.22 and 4.1(a).

(All amounts are ₹ in millions, unless otherwise stated)

24.2 Non-Convertible Redeemable Debenture (Rupee Bonds)

The term of Non-Convertible Redeemable Debenture (Rupee Bonds) is given below:

Particulars	Date of Issue	Date of redemption	Coupon
Unsecured non-convertible redeemable bonds in the nature of Debentures- Series II of face value ` 1 million each (` 3,700 million)	6-Jan-10	6-Jan-20	8.54%, payable annually in arrears

The above bonds are listed in National Stock Exchange of India Ltd. (NSE). The bonds are guaranteed by Oil and Natural Gas Corporation Limited, the parent company. Further the Company is required to maintain 100% asset cover as per Listing Agreement for Debt Securities. There is no periodical put/ call option. The bonds are repayable in full (bullet repayment) on maturity date.

24.3 Term loan from banks

24.3.1 The term of term loan are given below:

Particulars	As at March 31, 2018	As at March 31, 2017	Date of Issue	Term of Repayment	Coupon
USD 1,775 million Term loans (Refer note 24.3.2)	113,776.68	113,654.00	27-Nov-15	Bullet repayment on November 27, 2020	Libor + 0.95% payable quarterly
USD 500 million Term loans (Refer note 24.4)	27,475.50	-	26-Apr-17	In 5 equal instalments falling 15, 27, 39, 51 and 60 months from the drawdown date	Libor + 0.76% payable quarterly
JPY 38 billion Term loans (Refer note 24.4)	23,014.68	-	26-Apr-17	In 3 equal instalments falling due at the end of Years 5, 6 and 7 from the drawdown date.	Libor + 0.47% payable quarterly

24.3.2 The above Term loan had been obtained from a syndicate of commercial banks to refinance the term loan taken to part finance acquisition of 10% stake in Area 1, Mozambique from Anadarko.

24.4 ONGC Videsh incorporated a wholly owned subsidiary ONGC Videsh Singapore Pte Ltd ("OVSL"). OVSL has in turn incorporated a wholly-owned subsidiary ONGC Videsh Vankorneft Pte Ltd ("OVVL"). OVVL acquired 26% shares of JSC Vankorneft (15% in May 2016 and 11% in October 2016) and raised two separate syndicated bridge loans from international banks to meet the purchase consideration requirements. The first bridge loan facility was USD 1,155.00 million (₹74,901.75 million) facility dated May 19, 2016 out of which USD 1,086.00 million (₹70,427.10 million) was drawn on May 31, 2016 comprising of USD 1,085.00 million (₹70,362.25 million) towards closing payment and balance towards the arrangement fee and out of pocket expenditure. On July 27, 2016, OVVL issued notes for face value of USD 600.00 Million (₹ 38,910.00 million), 3.75% Notes due July 27, 2026 and USD 400.00 Million (₹ 25,940.00 million), 2.875% Notes due January 27, 2022. The bond issuance proceeds of USD 998.49 million (₹ 64,752.08 million) were utilized to prepay the bridge loan on July 29, 2016. Balance amount of USD 87.58 million (₹5,679.56 million) has been refinanced by a short term facility maturing on 28 June 2017. Further a short term facility of USD 17.00 million was taken to meet the temporary cash flow requirements. The second bridge loan facility was USD 875.00 Million

(All amounts are ₹ in millions, unless otherwise stated)

(₹ 56,743.75 million) facility dated 14 October 2016 out of which USD 828.00 million (₹ 56,695.80 million) was drawn as on March 31, 2017. Subsequently, two separate facility loans from SBI of USD 500 million (availed to the extent of USD 491.74 million) and SMBC of JPY 38 billion were availed on April 26, 2017 to repay the outstanding balance of second bridge loan facility i.e. USD 828.00 million. As on March 31, 2018, outstanding amounts were USD 426.74 million & JPY 38 billion respectively against USD 500 million facility and JPY 38 billion facility. Also, during 2017-18, short term facility of USD 17 million and USD 87.58 million were repaid in full. All these loans are guaranteed by ONGC, the parent company.

24.5 Long term maturities of finance lease obligation

Under the lease agreement, the Company is required to pay annual lease rental of ₹ 31.65 million till perpetuity. The finance lease obligation represents the perpetuity value of annualized lease payment, which is ₹ 377.69 million. (Refer Note 42 and Note 35)

24.6 Loan from holding company

The Company takes loans from Oil and Natural Gas Corporation Limited (parent company) for funding its overseas projects. The loans are normally repayable out of the cash flows of the projects for which the respective funds were borrowed. However, ONGC had the right to demand repayment with a notice period of minimum 15 months. No interest on loan has been paid for the period up to January 31, 2018. The Company recognized deemed capital contribution from holding company in Other equity in respect of such interest free loans. Further, ONGC has charged interest of ₹ 3.98 million on the loan outstanding for the period February 1, 2018 to March 31, 2018, based on its cost of borrowings during the period. The outstanding balance of such loans as at March 31, 2018 was ₹ Nil (as at March 31, 2017 ₹ 163.45 million).

24.7 ONGC Nile Ganga B.V. along with joint venture partners acquired 10% participating interest in the ADNOC Group owned offshore Lower Zakum Concession. To fund USD 240 million for the acquisition, the Company has availed short-term TDR loan against long term deposits with the Company's bankers of USD 205.11 (₹ 13,315.42 million) in March 2018.

Diluted earnings per equity share (₹)	6.54	5.05
Face Value per equity share (₹)	100.00	100.00

42 Lease

42.1 Finance lease

42.1.1 Obligations under finance leases for Vasant Kunj land

Leasing arrangements

The Company leased land located at Vasant Kunj which has been classified as finance leases. The lease term is till perpetuity. Interest rates underlying obligations under finance leases is 8.38% per annum.

Finance lease liabilities

Particulars	Present value of minimum lease payments			
	Minimum Lease Payments		Present Value of minimum lease payments	
	As at March 31, 2018	As at March 31, 2017	As at March 31, 2018	As at March 31, 2017
Not later than one year	31.65	31.65	31.65	31.65
Later than one year and not later than five years	126.60	126.60	102.21	102.21
Later than five years (Refer note 42.1.1.1)	377.69	377.69	377.69	377.69
Present value of minimum lease payments	**377.69**	**377.69**	**377.69**	**377.69**

(All amounts are ₹ in millions, unless otherwise stated)

42.1.1.1 Under the lease agreement, the Company is required to pay annual lease rental of ₹ 31.65 million till perpetuity. The financials lease obligations represents the perpetuity value of annualized lease payment, which is ₹ 377.69 million and will remain same till perpetuity. The finance charge will be ₹ 31.65 million on annual basis till perpetuity.

42.1.2 Obligations under finance leases for BC-10, Brazil

Leasing arrangements

BC-10, Brazil has a concession to exploit, develop and produce at the BC-10 block. In order to be able to perform its development activities, Shell requires certain equipment, more specifically, a Floating Production, Storage and Offloading Vessels (FPSO) and subsea equipment. Tamba BV (related party) leased these assets from a third party called Brazilian Deepwater and re-leased these finance leases to the BC-10, Brazil.

The future estimated minimum lease payments for the various periods and their present values are herein scheduled:

Present value of minimum lease payments

Particulars	Minimum Lease Payments		Present Value of minimum lease payments	
	As at March 31, 2018	As at March 31, 2017	As at March 31, 2018	As at March 31, 2017
Not later than one year	8,342.39	10,474.80	3,887.46	5,229.14
Later than one year and not later than five years	21,401.99	24,932.90	7,887.21	9,769.37
Later than five years	25,878.12	30,357.62	10,510.31	12,153.46
Present value of minimum lease payments	**55,622.50**	**65,765.32**	**22,284.98**	**27,151.97**

42.1.2.1 The table above reflects ONGC share of 27% of the aggregate future payments from Shell Brazil Ltda. as operator of the BC10 joint venture for the lease of the FPSO "Espírito Santo" as well as the lease for the Subsea equipment.

The initial term of the FPSO lease contract is 15 years with priced extension options for more years according to the production lifetime. The Consolidated Rental Agreement for the Subsea equipment is a fixed term contract until December 31, 2039 with priced termination options for every year during the life of the contract. The interest rate implicit in the lease for the FPSO and Subsea equipment amounts to 13.74% and 28.32% per year, respectively.

** At the 16 February 2018 other Shareholder has surrendered own shares to the company LLC Imperial Frac Service. As of 31 March 2018, Imperial Frac Services (Cyprus) Limited continues to hold 50% of the shares in LLC Imperial Frac Service.

Significant judgement and assumptions made by the Company in respect of following

a) that it has control of another entity, ie an investee as described in paragraphs 5 and 6 of Ind AS 110 'Consolidated Ind AS financial statements';

b) that it has joint control of an arrangement or significant influence over another entity; and

c) the type of joint arrangement (ie joint operation or joint venture) when the arrangement has been structured through a separate vehicle.

44 Employee benefit plans

44.1 Defined contribution plans

44.1.1 Provident Fund

The Company pays fixed contribution to provident fund at predetermined rates to a separate trust, which invests the funds in permitted securities. The obligation of the Company is to make such fixed contribution and to ensure a minimum rate of return to the members as specified by Government of India (GoI). As per report of the actuary, overall interest earnings and cumulative surplus is more than the statutory interest payment requirement. Hence, no further provision is considered necessary.

Provident Fund is governed through a separate trust. The board of trustees of the Trust functions in accordance with any applicable guidelines or directions that may be issued in this behalf from time to time by the Central Government or the Central Provident Fund Commissioner, the board of trustees have the following responsibilities:

(i) Investments of the surplus as per the pattern notified by the Government in this regard so as to meet the requirements of the fund from time to time.

(ii) Raising of moneys as may be required for the purposes of the fund by sale, hypothecation or pledge of the investment wholly or partially.

(iii) Fixation of rate of interest to be credited to members' accounts.

(All amounts are ₹ in millions, unless otherwise stated)

44.1.2 Post Retirement Benefit Scheme

The defined contribution pension scheme of the Company for its employees is administered through a separate trust. The obligation of the Company is to contribute to the trust to the extent of amount not exceeding 30% of basic pay and dearness allowance as reduced by the employer's contribution towards provident fund, gratuity, post-retirement medical Benefit (PRMB) or any other retirement benefits.

The board of trustees of the Trust functions in accordance with any applicable guidelines or directions that may be issued in this behalf from time to time by the Central Government, the board of trustees have the following responsibilities:

(i) Investments of the surplus as per the pattern notified by the Government in this regard so as to meet the requirements of the fund from time to time.

(ii) Fixation of rate of contribution and interest thereon.

(iii) Purchase of annuities for the members.

44.2 Employee Pension Scheme 1995

The Employee Pension Scheme -1995 is administered by Employees Provident Fund Organization of India, wherein the Company has to contribute 8.33% of salary (subject to maximum of ₹15,000 per month) out of the employer's contribution to Provident Fund.

44.3 Composite Social Security Scheme (CSSS)

The Composite Social Security Scheme is formulated by the Company for the welfare of its regular employees and it is administered through a separate Trust, named as Composite Social Security Scheme Trust. The obligation of the Company is to provide matching contribution to the Trust to the extent of contribution of the regular employees of the company. The Trust provides an assured lump sum support amount in the event of death or permanent total disablement of an employee while in service. In case of Separation other than Death/Permanent total disability, employees own contribution along with interest is refunded.

The Board of trustees of the Trust functions in accordance with Trust deed, Rule, Scheme and applicable guidelines or directions that may be issued by Management from time to time.

The Board of trustees have the following responsibilities:

(i) Investments of the surplus as per the pattern notified by the Government in this regard so as to meet the requirements of the fund from time to time.

(ii) Fixation of rate of interest to be credited to members' accounts.

(iii) To provide cash benefits to the nominees in the event of death of an employee or Permanent Total Disablement leading to the cessation from service and refund of own contribution along with interest in case of separation other than death.

44.4 The amounts recognized in the financial statements before allocation for the defined contribution plans are as under:

Defined Contribution Plans	Amount recognized during		Contribution for key management personnel	
	2017-18	2016-17	2017-18	2016-17
Provident Fund	66.33	53.85	1.01	1.12
Post Retirement Benefit Scheme	86.73	71.73	1.74	1.43
Employee Pension Scheme-1995 (EPS)	3.69	3.82	0.06	0.06
Composite Social Security Scheme (CSSS)	6.81	6.99	0.11	0.11

44.5 Defined benefit plans

44.5.1 Brief Description: A general description of the type of Employee Benefits Plans is as follows:

44.5.2 The employees of the Company are deputed from the parent company ONGC and governed as per the parent company policy for employee benefit. All the scheme relating to employee benefits are administered by the parent company and accordingly the year end provision of employee benefits are settled by transfer to the parent company.

44.5.3 Gratuity

15 days salary for each completed year of service and the payment is restricted to ₹2 million on superannuation, resignation, termination, disablement or on death.

Scheme is funded through Parent Company's (ONGC) Gratuity Trust. The liability for gratuity as above is recognized on the basis of actuarial valuation.

44.5.4 Post-Retirement Medical Benefits

The Company has Post-Retirement Medical benefit (PRMB), under which the retired employees and their spouses and dependent parents are provided medical facilities in the Company hospitals/empanelled hospitals up on payment of one time prescribed contribution by the employees. They can also avail treatment as out-patient. The liability for the same is recognized annually on the basis of actuarial valuation. Full medical benefits on superannuation and on voluntary retirement are available subject to the completion of minimum 20 years of service and 50 years of age.

An employee should have put in a minimum of 15 years of service rendered in continuity in ONGC at the time of superannuation to be eligible for availing post-retirement medical facilities.

44.5.5 Terminal Benefits

At the time of superannuation, employees are entitled to settle at a place of their choice and they are eligible for Settlement Allowance.

44.5.6 These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. When there is a deep market for such bonds; if the return on plan asset is below this rate, it will create a plan deficit. Currently, for these plans, investments are made in government securities, debt instruments, Short term debt instruments, Equity instruments and Asset Backed, Trust Structured securities as per notification of Ministry of Finance.
Interest risk	A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

No other post - retirement benefits are provided to these employees.

In respect of the above plans, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2018 by a member firm of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

(All amounts are ₹ in millions, unless otherwise stated)

44.6 Other long term employee benefits

44.6.1 Brief Description: A general description of the type of Other long term employee benefits is as follows:

44.6.2 The employees of the Company are deputed from the parent company ONGC and governed as per the parent company policy for employee benefit. All the scheme relating to employee benefits are administered by the parent company and accordingly the year end provision of employee benefits are settled by transfer to the parent company.

44.6.3 Earned Leave (EL) Benefit

Accrual – 30 days per year

Encashment while in service – 75% of Earned Leave balance subject to a maximum of 90 days per calendar year

Encashment on retirement – maximum 300 days

Scheme is funded through Life Insurance Corporation of India (LIC).

44.6.4 Good Health Reward (Half pay leave)

Accrual - 20 days per year

Encashment while in service - Nil

Encashment on retirement - 50% of Half Pay Leave balance.

Scheme is funded through Life Insurance Corporation of India. (LIC).

The liability for the same is recognized annually on the basis of actuarial valuation.

44.7 The principal assumptions used for the purposes of the actuarial valuations were as follows.

Assumptions as at March 31, 2018

S. No.	Particulars	31-Mar-18	31-Mar-17
	Gratuity		
I.	Discount rate	7.66%	7.31%
II.	Expected return on plan assets	7.66%	7.31%
III.	Annual increase in salary	6.50%	6.50%
	Leave		
IV.	Discount rate	7.66%	7.31%
V.	Expected return on plan assets	7.66%	7.31%
VI.	Annual increase in salary	6.50%	6.50%
	Post-Retirement Medical Benefits		
VII.	Discount rate	7.66%	7.31%
VIII.	Expected return on plan assets	NA	NA
IX.	Annual increase in costs	6.50%	6.50%
	Terminal Benefits		
X.	Discount rate	7.66%	7.31%
XI.	Expected return on plan assets	NA	NA
XII.	Annual increase in costs	6.50%	6.50%
XIII.	Annual increase in salary	6.50%	6.50%

(All amounts are ₹ in millions, unless otherwise stated)

S. No.	Particulars	31-Mar-18	31-Mar-17
	Employee Turnover (%)		
XIV.	Up to 30 Years	3.00	3.00
XV.	From 31 to 44 years	2.00	2.00
XVI.	Above 44 years	1.00	1.00
	Mortality Rate		
XVII.	Before retirement	As per Indian Assured Lives Mortality Table (2006-08)	
XVIII.	After retirement	As per Indian Assured Lives Mortality Table (2006-08)	

The discount rate is based upon the market yield available on Government bonds at the Accounting date with a term that matches. The salary growth takes account inflation, seniority, promotion and other relevant factors on long term basis. Expected rate of return on plan assets is based on market expectation, at the beginning of the year, for return over the entire life of the related obligation.

44.8 Amounts recognized in the Financial Statements before allocation in respect of these defined benefit plans and other long term employee benefits are as follows:

Gratuity

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Service Cost :

Present value of unfunded defined benefit obligation	1.37	1.16
Fair value of plan assets	-	-
Net liability arising from defined benefit obligation	**1.37**	**1.16**

44.11 Movements in the fair value of the plan assets are as follows :

Gratuity

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Opening fair value of plan assets	107.67	108.13
Adjustment in opening corpus consequent to audit	0.01	0.34
Expected return on plan assets	7.87	8.65
Remeasurement gain (loss):		
Excess Return / (Shortfall) on plan assets (excluding amounts included in net interest expense)	1.17	0.79
Contributions from the employer	35.29	-
Benefits paid	(19.28)	(9.89)
Closing fair value of plan assets	**132.73**	**108.02**

Expected contribution in respect of gratuity for next year 2018-19 will be ₹ 26.77 million (For the year ended March 31, 2017 ₹ 29.67 million).

Leave

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Opening fair value of plan assets	273.19	180.30
Adjustment in opening corpus consequent to audit	3.57	1.01
Expected return on plan assets	19.97	14.42
Remeasurement gain (loss):		
Excess Return / (Shortfall) on plan assets (excluding amounts included in net interest expense)	7.84	2.97
Contributions from the employer	149.60	113.97
Benefits paid	(98.54)	(42.04)
Closing fair value of plan assets	**355.64**	**270.63**

44.12 Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

(All amounts are ₹ in millions, unless otherwise stated)

44.12.1 Sensitivity Analysis as on March 31, 2018

Significant actuarial assumptions	Gratuity	Leave	Post-Retirement Medical Benefits	Terminal Benefits
Discount Rate				
- Impact due to increase of 50 basis points	(4.52)	(10.58)	(0.92)	(0.04)
- Impact due to decrease of 50 basis points	4.84	11.24	0.98	0.05
Salary increase				
- Impact due to increase of 50 basis points	3.77	11.31	-	-
- Impact due to decrease of 50 basis points	(3.85)	(10.75)	-	-
Cost increase				
- Impact due to increase of 50 basis points	-	-	0.76	0.04
- Impact due to decrease of 50 basis points	-	-	(0.78)	(0.04)

44.12.2 Sensitivity Analysis as on March 31, 2017

Significant actuarial assumptions	Gratuity	Leave	Post-Retirement Medical Benefits	Terminal Benefits
Discount Rate				
- Impact due to increase of 50 basis points	(4.45)	(12.35)	3.49	(0.05)
- Impact due to decrease of 50 basis points	4.75	13.13	(2.55)	0.05
Salary increase				
- Impact due to increase of 50 basis points	3.96	13.17	-	-
- Impact due to decrease of 50 basis points	(3.89)	(12.50)	-	-
Cost increase				
- Impact due to increase of 50 basis points	-	-	3.51	0.05
- Impact due to decrease of 50 basis points	-	-	(2.54)	(0.05)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Sensitivity due to mortality & withdrawals are not material & hence impact of change not calculated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

44.13 Maturity Profile of Defined Benefit Obligation and other long term employee benefits:

Defined Benefit:	As at March 31, 2018	As at March 31, 2017
Gratuity:		
Less than One Year	13.46	12.90
One to Three Years	51.82	7.55
Three to Five Years	36.46	30.36
More than Five Years	42.95	91.34
Leave:		
Less than One Year	47.67	49.96

(All amounts are ₹ in millions, unless otherwise stated)

Defined Benefit:	As at March 31, 2018	As at March 31, 2017
One to Three Years	84.93	19.47
Three to Five Years	68.71	89.29
More than Five Years	171.28	254.60

45 Segment Reporting

45.1 Products and services from which reportable segments derive their revenues

The Company has identified and reported operating segments taking into account the different risks and returns, the internal reporting systems and the basis on which operating results are regularly reviewed to make decisions about resources to be allocated to the segment and assess its performance. The Company has identified following geographical segments as reportable segments:

a. Asia Pacific
b. Russia and CIS
c. Latin America
d. Middle East and Africa

45.2 Segment revenue and results

45.2.1 The following is an analysis of the Company's revenue and results from continuing operations by reportable segment.

Particulars	Segment revenue		Segment profit/(loss)	
	As at March 31, 2018	As at March 31, 2017	As at March 31, 2018	As at March 31, 2017
Asia Pacific	18,755.18	17,985.50	9,486.00	9,277.63
Russia and CIS	64,273.62	61,249.76	24,966.11	25,817.35
Latin America	13,964.28	11,415.90	1,892.52	3,422.16
Middle East and Africa	7,182.66	10,148.63	(2,880.58)	(870.76)
Total	**104,175.74**	**100,799.79**	**33,464.05**	**37,646.38**
Unallocated corporate expense			(4,002.66)	(15,940.72)
Finance costs			(22,066.72)	(11,268.52)
Interest/Dividend income			3,635.92	3,201.91
Profit before tax			**11,030.59**	**13,639.05**

45.2.2 Segment revenue reported above represents revenue generated from external customers. There were no inter-segment sale in FY'18 (FY'17: Nil)

45.2.3 The accounting policies of the reportable segments are the same as the Company's accounting policy described in note 3.36. Segment profit represents the profit before tax earned by each segment excluding finance cost and other income like interest/dividend income. This is the measure reported to the chief operating decision maker for the purposes of resource allocation and assessment of segment performance.

45.3 Segment assets and liabilities

Particulars	As at March 31, 2018	As at March 31, 2017
Segment assets		
Asia Pacific	52,992.12	46,005.35
Russia and CIS	396,249.05	374,512.59
Latin America	122,652.02	107,491.14
Middle East and Africa	259,531.65	298,006.25
Total segment assets	**831,424.84**	**826,015.33**
Unallocated	272,852.22	263,253.61
Total assets	**1,104,277.06**	**1,089,268.94**
Segment liabilities		
Asia Pacific	13,700.18	14,155.89
Russia and CIS	120,446.69	67,921.05
Latin America	38,521.75	77,376.77
Middle East and Africa	31,191.78	19,576.68
Total segment liabilities	**203,860.40**	**179,030.39**
Unallocated	421,601.94	438,499.35
Total liabilities	**625,462.34**	**617,529.74**

For the purpose of monitoring segment performance and allocating resources between segments:

45.3.1 All assets are allocated to reportable operating segments other than investments in subsidiaries, investments in associates, investments in joint ventures, other investments, loans and current and deferred tax assets.

45.3.2 All liabilities are allocated to reportable segment other than borrowing, current and deferred tax liabilities.

45.3.3 Segment revenue, results, assets and liabilities include the respective amounts identifiable to each of the segments and amount allocated on reasonable basis. Unallocated includes common expenditure incurred for all the segments and expenses incurred at the corporate level. Finance cost includes unwinding of decommissioning liabilities not allocated to segment.

45.4 Other segment information

Particulars	Depreciation , depletion and amortization including exploration costs written off		Other non-cash items- impairment and write off	
	As at March 31, 2018	As at March 31, 2017	As at March 31, 2018	As at March 31, 2017

47.7 In respect of BC-10, Brazil joint operations of the Company, agreement for unitization of reservoir ME-1 of Massa field with adjacent open acreage area has taken place during the year. As per the agreement, the Govt nominee (PPSA) of Brazil shall bear the associated cost in kind as per its participating interest, and there is no material financial /technical impact on the BC-10 consortium is expected.

48 Financial instruments

48.1 Capital Management

The Company's objective when managing capital is to:

- Safeguard its ability to continue as going concern so that the Company is able to provide return to stakeholders and benefits for other stakeholders; and
- Maintain an optimal capital structure of debt and equity balance

The Company maintains its financial framework to support the pursuit of value growth for shareholders, while ensuring a secure financial base. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The capital structure of the Company consists of net debt (borrowings as detailed in note 24 offset by cash and bank balances) and total equity of the Company.

The Company's Audit Committee reviews the capital structure of the Company on a semi-annual basis. As part of this review, the committee considers the cost of capital and the risks associated with each class of capital.

(All amounts are ₹ in millions, unless otherwise stated)

48.1.1 Gearing Ratio

The gearing ratio at end of the reporting year was as follows:

Particulars	As at March 31, 2018	As at March 31, 2017
Debt (Refer note 24)	455,398.46	449,717.69
Cash and cash equivalents (Refer note 20)	13,882.49	8,240.05
Net debt	441,515.97	441,477.64
Total equity (Refer note 21, 22 and 23)	478,814.72	471,739.20
Net debt to total equity ratio	92.21%	93.59%

48.2 Categories of financial instruments

Financial assets*

Particulars	As at March 31, 2018	As at March 31, 2017
Measured at fair value through profit or loss		
(a) Mandatorily measured:		
(i) Investment in mutual funds	20,985.64	18,332.42
(ii) Derivative assets	1,980.44	-
Measured at amortised cost		
(a) Trade receivables	31,912.23	29,183.62
(b) Cash and cash equivalents	13,882.49	8,240.05
(c) Deposit under Site Restoration Fund	727.62	555.81
(d) Loans	5,979.89	9,319.19
(e) Other financial assets	65,941.45	60,190.55
Finance lease receivables	-	-

** Investments in subsidiaries, joint ventures and associates have not been included, since these have been valued at cost less impairment.*

Financial liabilities

Particulars	As at March 31, 2018	As at March 31, 2017
Measured at fair value through profit or loss		
(a) Mandatorily measured:		
(i) Derivative liabilities	1,093.78	1,425.74
Measured at amortised cost		
(a) Borrowings	436,623.26	427,417.17
(b) Trade payables	21,610.30	23,224.60
(c) Other financial liabilities	14,914.16	11,415.19
Finance lease obligation	**22,662.66**	**27,529.66**

48.3 Financial risk management objectives

While ensuring liquidity is sufficient to meet Company's operational requirements, the Company's management also monitors and manages key financial risks relating to the operations of the Company by analysing exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest risk and price risk), credit risk and liquidity risk.

The Company's management seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the company's policies approved by the Board of Directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the internal auditors on a continuous basis. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

48.4 Market Risk

Market risk is the risk or uncertainty arising from possible market price movements and their impact on the future performance of a business. The major components of market risk are price risk, foreign currency exchange risk and interest rate risk.

The primary commodity price risks that the Company is exposed to include international crude oil prices that could adversely affect the value of the Company's financial assets or expected future cash flows. Substantial or extended decline in international prices of crude oil and natural gas may have an adverse effect on the Company's reported results.

The Company enters into a variety of derivative financial instruments to manage its exposure to foreign currency risk and interest rate risk, including:

(a) interest rate swaps to mitigate the variable of rising interest rate

(b) forward foreign exchange contract to hedge its exposure in respect of Euro bond issued by the Company and for certain payments in Russian Rouble.

48.5 Foreign currency risk management

Functional currency of the Company is USD. The Company undertakes transactions denominated in different foreign currencies and is consequently exposed to exchange rate fluctuations due to overseas operations.

The below table summarises significant foreign currency denominated monetary liabilities at each reporting date:

	Liabilities	
Particulars	As at March 31, 2018	As at March 31, 2017
Borrowings		
Unsecured 2.75% 7 year EUR Bonds - EUR 525 million	41,775.36	36,180.78
Unsecured non-convertible redeemable bonds in the nature of Debentures- Series II of face value ₹ 1 million each (₹ 3,700 million)	3,700.00	3,700.00
JPY 38 Billion Term Loan	23,014.68	-
Loan from holding company	-	163.45

48.5.1 Foreign currency sensitivity analysis

The Company is exposed to foreign currency risk against currency other than functional currency. Sensitivity of profit or loss arises mainly against EURO, JPY and INR borrowing.

As per management's assessment of reasonable possible changes in the exchange rate of +/- 5% between EURO-USD , JPY-USD and USD-INR currency pair, sensitivity of profit or loss only on outstanding foreign currency denominated monetary items at the year end is presented below:

USD sensitivity at year end	For the year ended March 31, 2018	For the year ended March 31, 2017
Borrowing		
Euro-USD appreciation by 5%	2,171.79	1,819.24
Euro-USD depreciation by 5%	(2,171.79)	(1,819.24)
JPY-USD appreciation by 5%	1,174.74	-
JPY-USD depreciation by 5%	(1,174.74)	-

USD sensitivity at year end	For the year ended March 31, 2018	For the year ended March 31, 2017
USD-INR appreciation by 5%	200.80	193.17
USD-INR depreciation by 5%	(200.80)	(193.17)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting year does not reflect the exposure during the year.

48.5.2 Forward foreign exchange contracts

The Company generally enters into forward exchange contracts to cover specific foreign currency payments and receipts to reduce foreign exchange fluctuation risk. In current year, the Company has entered certain forward contracts to cover exposure towards EURO bond.

48.6 Interest rate risk management

The Company is exposed to interest rate risk because the Company borrows funds at both fixed and floating interest rates. The Company's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note.

48.6.1 Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting year. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting year was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the analysis is as under:

Particulars	For the year ended March 31, 2018			For the year ended March 31, 2017		
	USD 1,775 million Term loan	USD 500 million Term loan	JPY 38 billion Term loan	USD 1,775 million Term loan	USD 500 million Term loan	JPY 38 billion Term loan
i. Impact on profit or loss for the year for increase in interest rate	572.18	137.56	110.60	595.62	-	-
ii. Impact on profit or loss for the year for decrease in interest rate	(572.18)	(137.56)	(110.60)	(595.62)	-	-

48.6.2 Interest rate swap contracts

The Company is engaged in E&P business outside India. Its revenues of crude oil and natural gas are principally denominated in USD. Further, price benchmarks wherever applicable are also principally in USD. The Company has therefore swapped the coupon and the principal amount of 8.54 % Unsecured Redeemable Debenture (face value of Rs.3700 Million) into USD.

48.7 Price risks

Price sensitivity analysis

The sensitivity of profit or loss in respect of investments in mutual funds at the end of the reporting year for +/-5% change in price and net asset value is presented below:

Profit before tax for the year ended March 31, 2018 would increase/decrease by ₹ 1,049.28 million (For the year ended March 31, 2017 would increase/decrease by ₹ 916.62 million) as a result of the changes in net asset value of investment in mutual funds.

(All amounts are ₹ in millions, unless otherwise stated)

48.8 Credit risk management

Credit risk arises from cash and cash equivalents, investments and deposits with banks as well as customers including receivables. Credit risk management considers available reasonable and supportive forward-looking information including indicators like external credit rating (as far as available), macro-economic information (such as regulatory changes, government directives, market interest rate).

Major customers, of the Company are reputed Oil Marketing Companies (OMCs) / International Oil Companies (IOCs) / National Oil Companies (NOCs) which have highest credit ratings, carrying negligible credit risk.

Credit exposure is managed by counterparty limits for investment of surplus funds which is reviewed by the Management. Investments in short term deposits are with high rated public sector banks.

Bank balances are held with a reputed and creditworthy banking institution.

48.9 Liquidity risk management

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents including bank deposits and availability of funding through an adequate amount of committed credit facilities from bank and borrowings from parent company to meet obligations when due. Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets and liabilities and monitoring the consolidated balance sheet liquidity ratios.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The information included in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

48.10 Fair value measurement

This note provides information about how the Company determines fair values of various financial assets.

48.11 Fair value of the Company's financial assets that are measured at fair value on a recurring basis

Some of the Company's financial assets are measured at fair value at the end of each reporting year. The following table gives information about how the fair values of these financial assets are determined.

Particulars	Fair value		Fair value hierarchy	Valuation technique and key input(s)
	As at March 31, 2018	As at March 31, 2017		
Investment in mutual funds	20,985.64	18,332.42	Level 1	NAV declared by respective Asset Management Companies

(All amounts are ₹ in millions, unless otherwise stated)

49 Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

Management considers that the carrying amounts of financial assets and financial liabilities recognized in the financial statements except as per note 48.11 approximate their fair values.

50 Contingent liabilities and Contingent assets

Contingent Liabilities

50.1 Claims against the Company/ disputed demands not acknowledged as debt:-

Particulars	As at March 31, 2018	As at March 31, 2017
I. Income Tax (Refer note 50.1.1 below)	14,892.84	11,758.12
II. Service-tax (Refer note 50.1.2 below)	76,661.01	61,026.75
III. Claims of contractors in arbitration/Court (Refer note 50.1.3 below)	7,374.39	880.69
IV. Other contingent liabilities in respect of subsidiaries	1,789.40	1,437.67
Total	**100,717.64**	**75,103.23**

The above claims demands are at various stages of litigation and is in the opinion of the Company that the same are not tenable.

50.1.1 Disputed income-tax demands (excluding cases decided in favour of the Company at Income Tax Appellate Tribunal (ITAT) level and addition made by the Assessing Officer (AO) on protective basis): March 31, 2018 is ₹ 14,892.84 million (as at March 31, 2017 ₹ 11,758.12 million). Against disputed tax demands, ₹ 6,550.64 million as at March 31, 2018 (as at March 31, 2017 ₹ 5,329.07 million) has been paid by the Company or adjusted by the authorities against refunds due to the Company from time-to-time.

50.1.2 The Service Tax Department had issued a demand cum show-cause notice dated October 11, 2011 requiring the Company to show cause why service tax amounting to ₹ 28,163.14 million (including Education Cess and SHE cess), the interest on such amount and penalty should not be demanded and recovered from the Company. Service Tax Department has calculated these tax amounts based on foreign currency expenditure reported in the Company's financial statements covering the reporting periods from April 1, 2006 to December 31, 2010 and contending that these expenses represent business auxiliary services rendered by the Company foreign branches and operator of the Joint Venture/ Consortium to the Company. Subsequently, five more demand-cum-show cause notices have been issued based on similar contentions covering the period upto March 31, 2015 to show cause why service tax amounting to ₹ 32,863.61 million (including Education cess and SHE cess), the interest on such amount and penalty should not be demanded and recovered from the Company. A demand-cum-show cause notice has been issued based on similar contentions covering the period April 1, 2015 to March 31, 2017 to show cause why service tax amounting to ₹ 15,633.22 million (including Education cess and SHE cess), the interest on such amount and penalty should not be demanded and recovered from the Company. A show cause notice of ₹ 1.04 million (including cess) received for the period April 1, 2015 to June 30, 2017 for non-payment of Service Tax on "Legal Services" under reverse charge mechanism. The Company is of the view that the said service tax is not payable and contesting the same. No provision is required to be made in the financial statements at this stage.

50.1.3 This includes contingent liability in respect of Company's share of claim related to net cross flow of oil & gas upto September 2, 2017 in one of its joint operations fields from an adjacent field belonging to another party. The negotiations are on-going for settlement of the claim and the company has disclosed contingent liability based on the counterparty claim under negotiation. The parties intend to agree for settlement of cross-flow claims for subsequent periods at five-yearly installments.

(All amounts are ₹ in millions, unless otherwise stated)

50.2 Contingent Assets

Particulars	As at March 31, 2018	As at March 31, 2017
Contingent Assets	364.45	566.86

Contingent assets represent interest in respect of carried finance in respect of exploratory and development assets that would be recognised on certainty of receipt.

50.3 Corporate Guarantees

50.3.1 Performance guarantee

(i) The Company has issued Performance Guarantee to meet the performance obligation in respect of concessionary contract for Block BC-10, Brazil on behalf of its wholly owned subsidiary ONGC Campos Ltda (OCL) which is holding 27% PI in the block. The Company is confident that OCL will be able to honor its obligations.

(ii) The company has given Performance Guarantee to meet the performance obligation in respect of Carabobo 1 project in Venezuela on behalf of subsidairy Petro Carabobo Ganga B.V. The details of outstanding amount is given below. The Company is confident that Petro Carabobo Ganga B.V. will be able to honor its obligations.

Particulars	As at March 31, 2018	As at March 31, 2017
Performance guarantee in respect of Carabobo 1 Project on behalf of Petro Carabobo Ganga B.V.	74,966.37	74,885.54
Total	**74,966.37**	**74,885.54**

50.3.2 Bank Guarantees

Particulars	As at March 31, 2018	As at March 31, 2017
Bank guarantees / standby letter of credit	6,400.12	6,323.77
Total	**6,400.12**	**6,323.77**

50.3.3 Commitments

Particulars	As at March 31, 2018	As at March 31, 2017
(a) Estimated amount of contracts remaining to be executed on capital account and not provided for	15,476.55	19,314.64
(b) Minimum work program commitment	9,473.78	12,637.91
(c) Capital commitment in respect of subsidiaries	7,277.12	8,969.19
Total	**32,227.45**	**40,921.74**

Capital Commitments based upon the details provided by the operators: ₹ 24,850.08 million (as at March 31, 2017 ₹ 31,752.05 million). Contracts remaining to be executed on capital account amounting to ₹ 100.25 million (as at March 31, 2017 ₹ 200.50 million) towards the Company share for office building at Vasant Kunj, Delhi wherein the contracts have been awarded by parent company to various agencies and the Company is to share the costs.

Refer Note no.47 for status of projects.

* Crude oil includes Condensate.

** MMTOE denotes "Million metric Tonne Oil Equivalent" and for calculating Oil equivalent of Gas, 1000 M3 of Gas has been taken to be equal to 1 MT of Crude oil.

Variations in totals, if any, are due to internal summations and rounding off.

Reserves of the Company as at October 1, 2013 were certified by Third Party Certifying (TPC) agencies. The certified 1P reserves were lower by 45.538 MMT as compared with the estimates of Reserve Estimates Committee (REC) of the parent company i.e. Oil & Natural Gas Corporation of India Limited (ONGC) in respect of certain projects. However, the management of the Company did not agree with the assumptions of the TPC in this regard and adopted the reserves figures as approved by the REC.

52 Impairment recognized during the year

52.1 The Company carried out impairment test as at March 31, 2018 in respect of its Cash Generating Units (CGUs) based on value in use method. The Company identified write back of impairment in respect of two CGUs and impairment in respect of three CGUs and recognised net write back of impairment of ₹ 2,740.12 million during the year ended March 31, 2018 (for the year ended March 31, 2017 net impairment provision of ₹ 10,062.78 million was recognised including write back of impairment in respect of two CGUs and impairment in respect of three CGUs). The current year provision for impairment is considered as exceptional item. Refer note 38.

(All amounts are ₹ in millions, unless otherwise stated)

The following 2P reserves of the respective CGUs have been considered for the impairment assessment:

CGU	Proved and Probable Reserves (MMTOE) as at March 31, 2018
Imperial, Russia	95.411
Sakhalin-1, Russia	140.758
Vankor, Russia	113.106
Block 06.1, Vietnam	8.090
GNPOC, Sudan	9.088
GPOC, South Sudan	6.473
Block-5A, South Sudan	6.311
MECL, Colombia	2.121
Block BC-10, Brazil	4.199
PIVSA, Venezuela	8.194
Carabobo-1, Venezuela	52.499
Blocks A1, A3, Myanmar	17.735
ACG, Azerbaijan	11.171
Area-1,Mozambique	214.785

53 The Company has a system of physical verification of Inventory, property, plant and equipment and Capital Stores in a phased manner to cover all items over a period of three years. Adjustment differences, if any, are carried out on completion of reconciliation.

54 The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.

55 Some balances of Trade and other receivables, Trade and other payables and Loans are subject to confirmation/reconciliation. Adjustments, if any, will be accounted for on confirmation/reconciliation of the same, which are not expected to have a material impact.

56 Approval of financial statements

The consolidated financial statements were approved by the board of directors on May 23, 2018.
